

# 2020 New Student Survey

## About

The New Student Survey is administered annually to incoming students. All new undergraduate students that have confirmed their acceptance at CU Boulder complete this survey prior to arriving on campus as part of their online New Student Welcome Experience. This survey has students reflect on their application experience and decision to attend CU Boulder as well as report their expectations regarding college life after arriving at CU Boulder. In 2020, additional questions relating to the COVID-19 pandemic have been incorporated into the New Student Survey.

University of Colorado **Boulder**

## Intro and Student Type

We're very excited that you have decided to attend CU Boulder and we look forward to seeing you this fall! We're interested in what you think about CU Boulder, why you decided to come here, and your expectations about your first semester. Your response will help us better understand the incoming class, and will also enable us to provide relevant resources to you and improve your first-year experience at CU Boulder.

We encourage you to take the New Student Survey in one sitting, if possible, and to take it on a laptop or computer rather than a smart phone. If you can't take it in one sitting, you can return to where you left off (if you use the same device and browser).

Data used in formal reports will only be reported in the aggregate. All responses are confidential, but they are not anonymous; as stated above, we may use your responses to provide relevant resources to you and improve your first-year experience at CU Boulder.

### *Technical support and other questions:*

If you have any technical problems or questions about the survey, please email [cathy.kerry@colorado.edu](mailto:cathy.kerry@colorado.edu) in the Office of Data Analytics.
