G. Annual Expenses: Common Data Set 2011-12

G0. Please provide the URL of your institution's net price calculator:

<http://www.collegeportraits.org/CO/CU-Boulder/estimator/agree>

Provide 2011-2012 academic year costs for the following categories that are applicable to your institution.

NOTE: Expenses shown are for the 2011-12 academic year.

Check here if your institution's 2011-2012 academic year costs are not available at this time and provide an approximate date (i.e., month/day) when your institution's final 2011-2012 academic year costs will be available:

G1. Undergraduate full-time tuition, required fees, room and board

List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2011-2012 academic year (30 semester hours or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. **Required fees** include only charges that all full-time students must pay that are **not** included in tuition (e.g., registration, health, or activity fees.) Do **not** include optional fees (e.g., parking, laboratory use).

	First-year	Undergraduates
Private Institutions:		
Public Institutions In-district:	N/A	N/A
In-state (out-of-district) Tuition:	\$7,672	\$7,672
Out-of-state Tuition:	\$28,850	\$28,000*

Room and Board: (on-campus)	\$11,278	\$11,278
Room Only: (on-campus)		
Board Only: (on-campus meal plan)		

*CU-Boulder has a four-year tuition guarantee program for non-resident undergraduates. With this

guarantee, rates are held constant through the fourth summer from entry for all students enrolled as degree-seeking non-resident undergraduates. For details, see <http://www.colorado.edu/pba/budget/tuitionfees/guarantee.html>. The amount listed is for non-resident undergraduates entering in fall **2010**.

Comprehensive tuition and room and board fee (if your college cannot provide separate tuition and room and board/fees): **N/A**

Other: **N/A**

G2. Number of credits per term a student can take for the stated full-time tuition:

For in-state residents	Minimum = 12	Maximum = 18
For out of state	Minimum = 1	Maximum = n/a

G3. Do tuition and fees vary by year of study (e.g., sophomore, junior, senior)?

Yes No

G4. Do tuition and fees vary by undergraduate instructional program?

Yes No

If yes, what percentage of full-time undergraduates pay more than the tuition and fees reported in G1?

28.2%

G5. Provide the estimated expenses for a typical full-time undergraduate student:

	Residents	Commuters (living at home)	Commuters (not living at home)
Books and supplies:	\$1,992	\$1,992	\$1,992
Room only:			
Board only:			
Room and board total (if your college cannot provide separate room and board figures for commuters not living at home):	\$11,278	\$4,184	\$8,712
Transportation:	\$1,296	\$1,296	\$2,052
Other expenses: (medical + personal)	\$3,518	\$3,374	\$3,518

G6. Undergraduate per-credit-hour charges:

Not Applicable

Undergraduate Cost of Attendance (Information not requested by CDS)

Cost of attendance (COA) is an estimate of the amount it will cost a student to attend CU-Boulder for one academic year. COA includes: (1) direct education expenses (tuition, fees, books, and supplies) and (2) indirect education expenses (room, board, personal, medical, and transportation). COA is used in determining the amount of financial aid for which a student is eligible. Eligibility is a direct function of financial need, calculated as the difference between total COA and the expected family contribution.

COA for first-year students living on campus:

For in-state residents	\$27,236
For out of state	\$49,170

H15. If your institution has recently implemented any major financial aid policy, program, or initiative to make your institution more affordable to incoming students such as replacing loans with grants, or waiving costs for families below a certain income level, please provide details below.

Colorado resident undergraduates

To maintain accessibility, CU-Boulder has several financial aid programs for resident undergraduates. These programs are for Boulder campus degree-seeking and teacher licensure students. They are based on credits taken on the main campus only; continuing education hours are not included.

Programs include the UCB Tuition Grant and the CU Promise, part of CU's performance contract with the Colorado Commission on Higher Education. The CU Promise covers Colorado undergraduates from families at or below the federal poverty line who enter CU-Boulder as new freshmen or transfer students. For these students, grants plus a work-study award will cover the cost of tuition, required fees, and estimated books. More than 100 new students are covered by the CU Promise each year.

Out-of-state undergraduates

Tuition rates for undergraduates not classified as Colorado residents for tuition purposes have been covered by the non-resident undergraduate tuition guarantee program since 2005-06. Rates for students entering summer 2011 through spring 2012 are 5% higher than those for students entering the prior year.

[Click here](#) for details of the non-resident undergraduate tuition guarantee.

Beginning 2011-12, the [Chancellor's Achievement Scholarship](#) (introduced in 2005-06) now offers \$20,000 over four years to the top 25% of out-of-state admitted new freshmen.

Presidential Scholars are a select group drawn from Chancellor's Achievement Scholars. Presidential Scholars receive \$55,000 over four years. These select students are awarded \$15,000 per year during their freshman and sophomore years and \$12,500 per year during their junior and senior years. The Presidential Scholars program began in 2006-07.

I. Instructional Faculty and Class Size: Common Data Set 2011-12

I1. Please report the number of instructional faculty members in each category for Fall 2011. Include faculty who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

The following definition of full-time instructional faculty is used by the American Association of University Professors (AAUP) in its annual Faculty Compensation Survey (the part-time definitions are not used by AAUP). Instructional Faculty is defined as those members of the instructional-research staff whose major regular assignment is instruction, including those with released time for research. Use the chart below to determine inclusions and exclusions:

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released time for research).

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction. Also includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses may be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. Also includes terminal degrees formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal master's degree: a master's degree that is considered the highest degree in a field: e.g., M. Arch (architecture) and MFA (master of fine arts in art or theatre).

Student to Faculty Ratio

I2. Report the Fall 2011 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate level students. Do not count undergraduate or graduate student teaching assistants as faculty.

Fall 2011 Student to Faculty ratio: 19.6 to 1 (based on 28,116 student FTE and 1,435 faculty FTE [31,850 undergraduate students and 1,920 faculty]).

Undergraduate Class Size

13. In the table below, please use the following definitions to report information about the size of classes and class sections offered in the Fall 2011 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and number, meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a laboratory or discussion session. Undergraduate class sections are defined as any sections in which at least one degree-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped tutor sessions, practicums, and all students in one-on-one classes. Each class section should be counted only once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of **class sections** and **class subsections** offered in Fall 2010. For example, a lecture class with 800 students who met at another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class section column and 40 times under the "20-29" column of the class subsections table.

NOT CDS, but asked on several college guide questionnaires, including US News

- Of the 3,109 undergraduate class **sections** shown above, **373** officially list a graduate teaching assistant as the primary instructor.
- Of the 1,486 undergraduate class **subsections** shown above, **520** officially list a graduate teaching assistant as the primary instructor.

J. Degrees Conferred: Common Data Set 2011-12

Degrees conferred between July 1, 2010 and June 30, 2011

For each of the following discipline areas, provide the percentage of diplomas/certificates, associate, and bachelor's degrees awarded. To determine the percentage, use major, not headcount (e.g., students with one degree but a double major will be represented twice). Calculate the percentage from your institution's IPEDS Completions by using the sum of 1st and 2nd majors for each CIP code as the numerator and the sum of the Grand Total by 1st Majors and the Grand Total by 2nd major as the denominator. If you prefer, you can compute the percentages using 1st majors only.
