

## STUDENT CREDIT HOURS TAKEN AND "INSTRUCTIONAL EFFORT" BY COURSE DISCIPLINE AND LEVEL

University of Colorado Boulder  
FY 2014-15

- Student credit hours (SCH) are shown divided by 30 because the State of Colorado defines a student FTE as 30 SCH
- "Faculty FTE" is the sum of total FTE of individuals responsible for any instruction (e.g., 100% for a full-time professor, regardless of the number of sections taught in the year). It is allocated over course level and course discipline based on contact hours.
- This information is reported to The Colorado Department of Higher Education annually in Format 40 of the budget data book.
