## Overview

The Office of Institutional Equity and Compliance (OIEC) addresses all protected-class discrimination and harassment, sexual misconduct, and related retaliation complaints against University of Colorado Boulder (CU Boulder) employees and affiliates pursuant to university policy. The Discrimination and Harassment Policy prohibits protected-class discrimination, harassment, and/or related retaliation. The Sexual Misconduct, Intimate Partner Violence, and Stalking Policy prohibits sexual misconduct and/or related retaliation including non-consensual sexual intercourse, non-consensual sexual contact, sexual exploitation, sexual harassment, as well as intimate partner abuse (including dating and domestic violence), and stalking. The Conflict of Interest in Amorous Relationships Policy requires that persons who are involved in a consensual romantic or sexual relationship in which one party maintains a direct supervisory or evaluative role over the other party must bring that relationship to the timely attention of their supervisor so that the evaluative relationship can be removed.

In response to a report of allegations falling under these policies, the OIEC Support and Safety Measures (SSM) unit offers a variety of measures to ensure a safe and nondiscriminatory environment and to reduce disruptions to daily life. This includes providing resources for individuals who have experienced behavior prohibited under applicable policies (complainant) and those accused of prohibited conduct (respondent). SSM considers the various needs to all involved parties and coordinates with offices across campus to help implement these supportive and safety measures to help individuals continue their education or employment.

This report presents data on OIEC cases that received support or safety measures related to sexual misconduct, protected-class discrimination and harassment, and/or conflict of interest in amorous relationships complaints received by OIEC between July 1, 2023, and June 30, 2024.<sup>1</sup>

During the 2023-2024 fiscal year, SSM received 632 referrals and outreached to each individual who may have experienced impact.

Of these 632 cases, SSM assisted with 104 support measures and 7 safety measures. Also included within these 632 cases were 76 outside inquiries regarding OIEC specific disciplinary history and 14 conduct review committee cases. Additionally, SSM consulted with departments on 8 requests for religious accommodations.

<sup>1</sup> All complainants are provided information about options for assistance and campus support and were referred to Office of Victim Assistance (OVA) or other confidential support services.

## Outside Inquiries Regarding OIEC discipline and Conduct Review Committee Cases

SSM oversees all outside inquiries regarding OIEC specific disciplinary history and policy findings for current or past students or employees. SSM also works in conjunction with the Conduct Review Committee (CRC) on cases where OIEC and CRC policies may overlap. During the 2023-2024 fiscal year, SSM assisted with **76** outside inquiries and **14** conduct review committee cases.

- **Outside inquiries** include reviewing, completing, and submitting sexual harassment/misconduct disclosure forms and other related sexual misconduct inquiries. These can include current or former employees and students.
- **Conduct Review Committee** cases are reports received regarding incoming or current CU Boulder students with allegations that need to be reviewed to determine if they occurred before or after the student was affiliated with the university, in which the student may be in violation of the policies enforced by the OIEC. CRC reviews the allegations and conducts appropriate follow up to ensure compliance with policies and campus safety.
