Are you looking for sustainability experience and learning about regenerative economies? Are you ready to put theory into a real-world application? Are you passionate about making a difference that positively impacts the lives of others? If so, join the Natural Capitalism Solutions (NCS) team, a non-profit 501c3 that works with local communities, companies, countries, and governments to advance sustainability and regenerative (non-extractive) activities. Hunter Lovins and the NCS team create tools and programs to implement sustainable and regenerative practices inside businesses, communities, and organizations.

At Natural Capitalism Solutions, interns have the opportunity to:

- Conduct research, compose and prepare background materials for project work.
- Participate in staff meetings, involving critical thinking and strategy development.
- Work with the NCS team and sustainability pioneer, Hunter Lovins.
- Receive recognition if working on published reports.
- Participate in local conferences, industry & networking events as they emerge.
- Hear world-class thinkers in meetings pertaining to sustainability and the drive for building regenerative local economies.

Preferred Qualifications:

- Writing and critical thinking skills
- Past research experience
- Experience working in teams
- Proficiency with Microsoft Office, particularly PowerPoint and MSWord.
- Familiarity with of the principles in the book, “Natural Capitalism”, and Hunter Lovins’ just-published book, “A Finer Future, creating an economy in service to life.”

The internship is *unpaid* and requires 15-25 hours per week (flexible). Interns are required to work at the Longmont, Boulder County Colorado office for the majority of the internship, not remotely or off-site.

How to Apply:

To apply, please send a cover letter, resume and writing sample to swilton@natcapsolutions.org, with the subject line “[internship type, season, year] Internship Application.”

Past Interns:

Past interns have gained employment at the following organizations: Standard Renewable Energy, GreenOrder, Weecycle Environmental Consulting, ATC Associates Environmental Consulting, Clean Energy Action, Department of Health, and NCS, to name a few.
