

INTERN WITH NEW ERA COLORADO!

Skill training on issue organizing
Student debt, reproductive justice, climate + other issues
Personal + professional development

**Ready to dig in on issues that matter to young people? READ ON!
(No experience necessary!)**

ABOUT US

New Era Colorado is a nonprofit, nonpartisan organization working to build a more accessible democracy that more accurately reflects and engages Colorado's younger generation. We bring young people into our democracy through civic engagement, leadership development, and issue advocacy. We're working to change our state for the better, and we need you to help us make that happen.

ABOUT THE PROGRAM

You will learn to be an effective and inclusive community leader through weekly classroom sessions and on-the-ground fieldwork. Through building, advancing, and leading grassroots campaigns you'll make a positive change in your community by influencing target groups & individuals on issues that matter to young people.

WHAT TO EXPECT

- Gain valuable leadership skills through a mix of classroom sessions and hands-on field work.
- Learn how to track, lobby for, and testify on legislation at the Colorado Capitol to enact progressive change on the state level.
- Organize to make an impact on issues such as student debt reform & college affordability.
- Build a strong community of friends and allies that you'll work with in the future.
- Grow personally and professionally as a leader through intentional feedback from your supervisor, fellow interns, classroom trainings and self-reflection.

TO APPLY TO OUR BOULDER PROGRAM:

VISIT neweracolorado.org/intern2019 to submit an application

START DATE January 28, 2019

QUESTIONS? Email Anna@NewEraColorado.Org

We welcome applications from all, and strongly encourage women, people of color, people with disabilities, immigrants, refugees and members of the LGBTQ community to apply.
