PSCI 4024: Senior Seminar

Ethics and the Use of Force

Prof. David Mapel

MWF 10:00 – 10:50

This will be a small, discussion-based seminar dealing with issues about the use of military force in international relations. Some representative topics include: preventive war; humanitarian intervention; economic sanctions; terrorism; guerilla warfare; drones; cyber warfare. The main books will be Helen Frowe's *The Ethics of War: An Introduction* and Michael Walzer's *Just and Unjust Wars*, plus articles from a number of other authors. Of interest to students across disciplines, but especially those majoring in Political Science, IA, and Philosophy.
