

NEW ERA COLORADO

<https://neweracolorado.org/>

This fall, we will be across the state (in Denver, Boulder, Fort Collins, and Durango) organizing on campuses and in our communities to educate, engage, and mobilize young people on the Youth Agenda issues that are most critical this election. **We are hiring full time organizers, and we are also launching our paid part-time Fellowship** where folks will learn the ins and outs of organizing, while getting hands-on experience working on a team toward 2022 victory!
