

2023 AGeS-Grad Award Application

Please be sure to read the [How to Apply](#) page before you begin, and review them again before submitting.

Proposals must include all of the following and fit within the stated character limits (character limits include spaces). Incomplete proposals will not be considered. Following submission of your proposal, requests for support letters will be sent to your project supervisor at your home institution and to the collaborating AGeS lab(s).

 The question mark symbol appears throughout this form. Click on it to get more details regarding the specific question that you're on.

Personal Information

*** First Name:**

*** Last Name:**

*** E-Mail Address:**

*** Address (Line 1):**

Address (Line 2):

Address (Line 3):

*** City:**

*** State:**

*** Postal Code:**

SELECT

▼

*** Country:**

USA

▼

Race/Ethnicity:

SELECT

▼

*** Citizenship:**

SELECT

▼

*** Gender to which you most identify?:**

SELECT

▼

Birthdate:

mm/dd/yyyy

GSA Member ID (Not required to apply):

Academic Information

*** University:**

*** Department:**

*** Current degree program:**

SELECT

▼

Please use the full official name of your university.

*** Project Title:**

*** Have you previously received an AGeS award? (Graduate students are eligible for one AGeS grant during each graduate degree.):**

- ☒ Yes, during my current graduate degree program.
- ☐ Yes, but during a previous graduate degree program.
- ☐ No.

Intellectual Merit

*** Indicate the primary geochronology method you will use:**

If you intend to work with two AGeS labs, indicate the secondary geochronology method you will use:

*** Indicate the primary broad research area you will focus on:**

Indicate the secondary broad research area you will focus on:

*** State the geoscience question or hypothesis that this project will address:**

1200 characters left

*** Discuss the importance of the proposed study:**

2500 characters left

*** Briefly explain the relevance of your project to NSF-EAR science goals, which are aimed at "improving the understanding of the structure, composition, and evolution of the Earth, the life it supports, and the processes that govern the formulation and behavior of the Earth's materials"; [NSF-GEO Website](#):**

Budget Table

List in order of priority. Each column will be automatically totaled after you submit and when you view your application. If you intend to work with two AGeS labs, each budget item listed should indicate which lab it relates to.

	Budget Item	Total Amount Budgeted	Amount Requested AGeS Program (maximum of \$10,000)
* 1.	<div></div>	\$ <div></div> .00	\$ <div></div> .00
* 2.	<div></div>	\$ <div></div> .00	\$ <div></div> .00
* 3.			

	<input type="text"/>	\$ <input type="text"/> .00	\$ <input type="text"/> .00
*4.	<input type="text"/>	\$ <input type="text"/> .00	\$ <input type="text"/> .00
*5.	<input type="text"/>	\$ <input type="text"/> .00	\$ <input type="text"/> .00
*6.	<input type="text"/>	\$ <input type="text"/> .00	\$ <input type="text"/> .00
*7.	<input type="text"/>	\$ <input type="text"/> .00	\$ <input type="text"/> .00
*8.	<input type="text"/>	\$ <input type="text"/> .00	\$ <input type="text"/> .00

*** Budget justification for funds requested from the AGeS program:**
Budgets may include funds for travel to and from the AGeS lab where you propose to work, food and lodging while visiting the lab, analytical and training fees, equipment or consumables required for analysis, and sample preparation fees (including mineral separation accomplished at another facility if necessary). Requested budgets may not exceed \$10,000 per proposal.

***Geochronology Opportunities:**

Explain what geochronology opportunities that you already have through your existing thesis research. Do you have local access to geochronology facilities and expertise? Does your advisor direct a geochronology lab? Does your advisor’s research group regularly use the technique you propose to use in this project?

500

characters left

***New Collaborations.**

Explain the extent to which this project represents a new collaboration with the host geochronology lab. Has your advisor's research group previously interacted or collaborated with this lab? If so, is this a new or existing research topic of investigation? Are there ways in which your project and your experience address and support BAJEDI (belonging, accessibility, justice, equity, diversity, and inclusivity) values? Be specific.
