

AGeS Geochronology Cohort Workshop - Day 1

Friday October 7, 2022, 1-5 pm

Location: Benson Earth Sciences Building, Room 380, University of Colorado Boulder

Instructors:

Becky Flowers, University of Colorado Boulder

Ramon Arrowsmith, Arizona State University

Jim Metcalf, University of Colorado Boulder

Attendees: AGeS awardees and team

AGeS Team Members in attendance:

Jacky Baughman (Cal Poly Humboldt), Amy Myrbo (Amiable Consulting), Tammy Rittenour (USU), Blair Schoene (Princeton), Kathy Surpless (Trinity)

Session 1: AGeS Science Updates

1:00 - 1:15 PM: Welcome and Overview of the Afternoon (Becky), AGeS team introductions, some logistics (Ramon).

1:15 - 2:30: Science and project updates, 19 attendees, 4 min each. 1 slide. ***(Jim moderates)***

Please describe:

- What you did: Lab, technique, project goal.
- What has been successful and efficient about your project.
- What has not gone to plan.

2:30 - 3:00: Break and Coffee

Session 2: AGeS Experience Focus Groups (Ramon moderates)

3:00-3:20: AGeS alumnus talk, Barbara Ratschbacher (UC Davis)

3:20 -3:30 Overview of the focus group goals and allowing people to find their groups

3:30 - 4:05 Topics concurrent set 1 (topics 1 and 2)

4:10 - 4:45 Topics concurrent set 2 (topics 3 and 4)

4:45 - 5:00 Group final summary and end meeting

Focus Group Topics

Topic 1: Advice for developing AGeS proposals: What do you need to do to build and submit a successful proposal? (facilitated by Kathy Surpless)

Topic 2: Advice for visiting and working in Labs: What advice would you provide for future awardees? (facilitated by Jim Metcalf)

Topic 3: Advice for interpreting and writing products with your host lab and home institution mentor: How can you get the most from your experience to produce impactful results? (facilitated by Blair Schoene)

Topic 4: Advice for broadening the community and making it more inclusive. What are strategies AGeS might pursue to increase access to geochronology? (facilitated by Tammy Rittenour)
