

CAREER CARD SORT

Student Activity Sheet

Investigation Question: What is a STEM Job?

1. Based on how you sorted the career cards, what do STEM careers have in common, and how are they different from other careers?

2. Explain how you determined where the point is on the line that careers switch from being non-STEM to STEM careers.

3. With your group, come up with a definition for a STEM career. Write it below.

- A STEM career is...

4. Explain your definition.
