## **Covering the Story**

Imagine you are a journalist in 1853. Your job is writing articles for the newspaper, *Kawaraban*, in classic Japanese. To gather information, you are going to visit two pages of the City of Yokohama website (<a href="http://www.city.yokohama.jp/me/keiei/kaikou/kids/trip/">http://www.city.yokohama.jp/me/keiei/kaikou/kids/trip/</a>): *Kurofune ga yatte kita* and *Enerugisshu na machi, Yokohama*.

Visit each site and explore short descriptions following the "Susumu" sign. Pay attention to everything you see. In English, jot down the when, where, who, what, why, and how of the event. List what you see in each image and think about what information you can infer from this image.
