A. GRANTING AUTHORITY—COLORADO REVISED STATUTE 23-5-107

"23-5-107. Authority of governing boards—parking. (1) The governing board of any state
institution of higher education is authorized to promulgate rules and regulations providing for the
operation and parking of vehicles upon the grounds, driveways, or roadways within the property
under the control of the governing board. Such rules and regulations may include, but not be
limited to, regulation and control of the following:
1. Assignment of parking spaces, designation of areas for parking, and regulation of the use
   of such spaces and areas, including the assessment of charges thereof;
2. Prohibition or limitation of parking in the manner deemed necessary;
3. Removal of vehicles parked in violation of institutional rules and regulations, ordinances, or
   law at the expense of the violator;
4. Assessment of charges for violation of rules and regulations.

B. DELEGATION OF AUTHORITY

Pursuant to Laws of the Regents – or unless otherwise expressed by the Board of Regents, the
President of the University of Colorado, or the Chancellor of its Boulder Campus – responsibility
for the promulgation and enforcement of campus parking and traffic regulations has been
delegated to Parking & Transportation Services (PTS) and CU Police Department (CUPD).

C. DEFINITIONS

The following words and phrases used in these regulations have the following meanings unless
the context clearly indicates otherwise:

1. “ACCESSIBLE” or “ACCESSIBILITY PARKING” means parking reserved for use by
   persons with disabilities that possess a state-issued disability license plate, placard, decal, or
   permit.
2. “AUTOMOBILES” includes all motor vehicles (e.g., cars, pickup trucks, vans, recreational
   vehicles, buses, etc.) excluding motorcycles.
3. “BICYCLE” means any vehicle propelled primarily by human power, either through a chain,
   belt, or gears, or without such devices, that has at least one wheel more than 14 inches in
diameter. This includes tricycles, recumbent bicycles, “electric assisted bicycles” (or, “e-
bikes”), unicycles, and tandems. E-bikes are defined as: "a vehicle having two tandem
wheels or two parallel wheels with one forward wheel, fully operable pedals, an electric motor
not exceeding seven hundred-fifty watts of power rating, and a top motor-assisted speed of
twenty miles per hour." Unless otherwise indicated, e-bikes are treated the same as bicycles
under these regulations.
4. “CARPOOL” is an arrangement whereby several commuters travel together in one car.

---

1 All “redlined” changes referencing electric-assist bicycles (e-bikes) are being done concurrently with, and as a
result of, the City of Boulder’s pilot ordinance regarding these vehicles. Changes throughout this document related
to this ordinance are temporary for calendar year 2014, after which the City’s pilot ordinance sunsets. These redlined
rules and regulations related to e-bikes may expire and revert on January 1, 2015, unless CU Boulder chooses to
make them permanent.
5. “CLASS CHANGE” typically means the 10-minute time period between scheduled classes on Mondays, Wednesdays and Fridays, and the 15-minute time period between scheduled classes on Tuesdays and Thursdays.

6. “DEPARTMENT ALLOCATION” is the number of parking permits assigned to each responsible CU-Boulder department for issue to its employees.

7. “PERMANENTLY DISABLED” refers to a person who has a permanent physical impairment which has been verified in writing by a licensed physician to be of such a nature as to substantially restrict the person’s ability to move from place to place.

8. “TEMPORARILY DISABLED” refers to a person who temporarily meets the definition of “permanently disabled” above.

9. “EMERGENCY VEHICLES” are vehicles operated by fire departments, law enforcement agencies, or ambulance services for the protection and preservation of life and property, and that are equipped and operated as emergency vehicles pursuant to state law.

10. “ELECTRIC PERSONAL ASSISTIVE MOBILITY DEVICES” are a self-balancing vehicle that is powered solely by an electric motor not exceeding 750 watts, designed to transport one person, with a top speed of 12.5 mph. A common example of an EPAMD is a Segway scooter.

11. “HANGING PERMIT” is a parking permit designed to be hung from the support post of the rearview mirror.

12. “LICENSED PHYSICIAN” is any doctor of medicine (M.D.) or doctor of osteopathy (D.O.) licensed to practice medicine within the United States.

13. “MOTORCYCLE” means any motor vehicle designed to travel on not more than three wheels in contact with the ground. This includes mopeds, motor scooters, and motorized bicycles (other than e-bikes as defined in 3, above).

14. “MOTOR VEHICLES” includes all motor-driven vehicles (including, but not limited to, automobiles and motorcycles).

15. “OVERSIZED VEHICLES” are any vehicles over 18 feet in length or over 8 feet 6 inches in width. This includes any vehicle with trailer in tow that will occupy more than one standard parking space.

16. “PARK” means the stopping of a vehicle other than very briefly for the purpose of and while actually engaged in loading or unloading passengers or equipment.

17. “PARKING LIAISON” is the employee designated by individual departments with authority to approve issuance of parking permits from the department’s faculty/staff permit allocation.

18. “PARKING FACILITY” means parking lot, garage, loading dock, service space and area immediately adjacent to the facility.

19. “PEDESTRIAN” means any person afoot or any person using a wheelchair.

20. “PERSONAL TRANSPORTATION DEVICE” means any self-propelled vehicle other than an automobile, bicycle, motorcycle, skateboard, or wheelchair (as defined in these regulations) which is generally and commonly used to transport persons and is not eligible for operation on the public highways.
21. “PRIMARY PARKING PERMIT” refers to the faculty/staff, student, or temporary permit
issued by CU-Boulder PTS to an individual as authorization for parking a personal vehicle.

22. “PUBLIC AUTHORITY” means the University of Colorado at Boulder, the City of Boulder,
the State of Colorado, the United States government, and any of their agencies or
instrumentalities, and any body or official thereof possessing power or authority delegated by
the public authority.

23. “SCOFFLAW BEHAVIOR” is the demonstration of disregard for these regulations by failing
to pay or appeal one or more parking and traffic citations within the time limits set forth in
these regulations, such that more than $50 in citation fines remains outstanding.

24. “SERVICE AGENCY” is any company, organization, or person thereof who conducts
campus business or provides goods or services for the University of Colorado at Boulder.

25. “SERVICE DRIVE” means those campus roadways designated by signage indicating
“service vehicles only”.

26. “SERVICE VEHICLE” is any vehicle owned by a company or service agency dedicated to
the delivery of service, material, and/or equipment, the exterior of which is visibly marked with
a company or organizational logo.

27. “SPECIAL EVENTS” includes all events on the Boulder campus that would necessitate a
change in the normal parking and traffic patterns and regulations, e.g., sporting events,
cultural events.

28. “STAFF MEMBERS” includes faculty, professional research assistants and associates, full-
or part-time staff, temporary and hourly employees, and other persons working in service to
the university, who are provided compensation for such services by the university in the form
of wages or salary, academic course credits, scholarships, lodging, or waiver of debts owed
to the university.

29. “STANDARD PARKING SPACE” means a parking space 18 feet long by 8.5 feet wide.

30. “STUDENTS” means persons enrolled in graduate, undergraduate, or continuing education
coursework on CU campuses.

31. “UNIVERSAL ACCESSIBILITY SYMBOL” is the symbol commonly used to mark
accessible parking spaces.

32. “UNIVERSITY HOLIDAYS” means days when the university’s business offices are closed.
This does not include Saturdays and Sundays. University holidays may be different from
local, state, or federal holidays. Academic recess is not synonymous with university holiday.

33. “WHEELCHAIR” means a motorized or non-motorized wheeled device designed for use by
a person with a physical disability.

34. “WINDOW PERMIT” is a parking permit attached to the front windshield of a vehicle.

35. “WORK SITE” means any area where construction or maintenance to university buildings,
grounds, or property is under way.

D. FINANCES
The construction, improvement, and maintenance of all university parking facilities are financed
solely through permit sales, fines, gate receipts, and meters. In addition, all money expended for
the administration of PTS comes from these same funds. No state funds may be used for any of
these purposes. Fees described herein are subject to change subsequent to appropriate administrative review.

E. SCOPE OF REGULATIONS
1. University Parking and Traffic Regulations are issued supplemental to all applicable state laws and city ordinances. Users of the CU-Boulder campus are warned that City of Boulder ordinances regulating private conduct including, but not limited to, traffic regulation will be enforced on the CU-Boulder campus in addition to these regulations.

2. These regulations apply to all persons while on the university campus in the manner described in the detailed regulations below and to all persons driving any motor vehicle, including state and federal government-owned vehicles. Violation of any section of these CU-Boulder Parking and Traffic Regulations shall subject the offending person or vehicle to citation and/or tow.

3. These regulations are in effect at all times, including vacation and recess periods.

F. DUTY TO ENFORCE
Unless otherwise provided herein, it shall be the duty and responsibility of parking enforcement officers of PTS and the CUPD to enforce these regulations.

G. APPROVAL OF AND/OR REVISIONS TO REGULATIONS
These regulations are approved by the Parking Management Advisory Committee (PMAC) of the university. This committee is a joint organization of students, faculty, and staff. The university reserves the right to change these regulations as necessary. University administration or the Board of Regents may change the parking permit fees at their discretion.

H. MOTOR VEHICLE EMISSIONS TESTING REQUIRED
Motor vehicle emissions testing is part of the state of Colorado’s overall strategy to improve air quality in the Denver-Boulder region. The University of Colorado at Boulder is located within the emissions control area. Vehicles operated by residents of the program area are required to undergo emissions testing. Nonresidents are held to this requirement when they commute into the area 90 days or more per year for employment or school. Penalty fines may be imposed for noncompliance with Colorado’s emissions control law.

I. UNIVERSITY HOLIDAYS
There is no charge to park on campus on official university holidays. See http://www.colorado.edu/humres/holidays/ for a complete listing of official CU-Boulder holidays.

J. RECIPROCAL PARKING
1. Faculty, staff and student affiliates visiting CU-Boulder from the other CU campuses may park vehicles bearing valid parking permits from those campuses in lots 308 and 436 on CU-Boulder’s Main Campus and in lot 560 on East Campus. Parking in other lots requires a fee.

2. CU-Boulder faculty, staff, and student affiliates visiting the other CU campuses may park vehicles bearing valid UCB parking permits in designated lots on those campuses.

II. PARKING AREAS

A. TYPES AND DESCRIPTIONS
All official parking areas are designated with signs. If an area is not designated for parking, you may not park there. The sign regulates the type of parking authorized. Types of parking at CU-Boulder include:

1. Bicycle parking. Bicycles are restricted to bicycle racks provided at many locations on campus. Bicycles parked in these racks must bear a current CU-Boulder bicycle registration.
Any bicycle parked without a current CU-Boulder bicycle registration and/or parked in any location other than a bicycle rack is subject to citation and impoundment.

2. **Accessibility Parking Meters.** Blue parking meter spaces reserved for vehicles transporting disabled persons, marked by signs and ground markings bearing the Universal Access Symbol.

3. **Accessibility Parking Spaces.** Parking spaces (including adjacent areas with blue or white ground markings for loading and unloading) reserved for vehicles transporting disabled persons, marked by signs bearing the Universal Access Symbol.

4. **Loading Zones (building docks).** Areas designated for use by any vehicle delivering or picking up cumbersome materials and equipment on campus. Parking in loading zones is restricted to the time period necessary for loading or off-loading material onto or from delivery vehicles. Vehicles parked in loading zones for more than 15 minutes or the posted time period without associated loading activity are subject to citation or tow.

5. **Motorcycle Parking.** Areas within which parking is restricted to motorcycles bearing valid CU-Boulder motorcycle lot permits. Motorcycles may also park in metered vehicular parking spaces. Motorcycles are not allowed to park in permit-controlled vehicular parking spaces.

6. **Overflow Lots.** Parking lots designated for use by permit holders when their assigned parking lot is full. If no secondary lot appears on permit, there is no overflow lot associated with that permit.

7. **Pay and Display.** Computer-based devices used in various parking lots. These lots require permits during business hours and convert to visitor/permit use weeknights (M–F, 5 p.m. to 7:30 a.m.) and all day Saturday and Sunday. Drivers must display on the dashboard of their vehicle a valid receipt for parking.

8. **Permit-Only Lots.** Areas within which parking is restricted to vehicles bearing permits authorized by the CU-Boulder PTS office; specific lot designation and restrictions are posted within each lot.

9. **Permit Zones.** Areas of campus wherein specified permits may be used interchangeably in several lots.
   a. Kittredge (Kitt) Zone—parking lots 406, 412, 414, 416, 418
   b. Williams Village (WV) Zone—parking lots 612, 622, 623
   c. East Campus (EC) Zone—parking lots 560, 562, 563, 566, 567

10. **Reserved parking.** Spaces posted for the use of specific vehicles only.

11. **Service and Delivery Parking Meters.** Red service and delivery parking meters provide short term parking in areas where parking demand is high and access might not otherwise be available. Red service and delivery parking meters accept payment by coin and by debit cards issued by PTS. Service and delivery parking meters are enforced 24 hours per day, seven days per week. Work Site and Business Permits are not valid at red service and delivery parking meters. Any vehicle may park at a red meter with payment of hourly rate.

12. **Service Vehicle Parking Zones.** Areas designated for parking by marked service vehicles. University parking regulations define a service vehicle as “any vehicle owned by a company or service agency that is dedicated to the delivery of service, material, and/or equipment, the exterior of which is visibly marked with a company or organizational logo.”
13. **Visitor Parking Areas.** Campus areas or lots that are intended to accommodate the short term parking needs of campus visitors and affiliates and controlled by attendant (e.g., the Euclid AutoPark), gray parking meters, pay station, pay-and-display machines, or signs indicating limited time zones. Students, staff members, and service agency representatives are not prohibited from using visitor parking areas for short-term parking needs; they must pay applicable fees. Visitor parking within Family Housing areas is governed by Family Housing regulations. Time limitations and fees that apply are posted on all equipment and in all parking areas.
## B. TIME RESTRICTIONS AND OVERFLOW LOTS

C. **SPECIAL EVENTS PARKING**

1. **General Information**
   a. University events may interrupt routine parking and traffic patterns and may temporarily displace patrons from their normal parking locations. Traffic control and street closures may be necessary. During any special event or campus activity PTS may control parking meters and parking lots. Meter(s) may be bagged or signage may be present when a temporary restricted use of the meters is necessary.
   b. Accessibility parking is available for all campus events.
   c. Continuing Education students attending class in the immediate area of a special event shall present registration receipts to park at no charge on a space available basis.
   d. Failure to heed instructions of parking and traffic officials may result in a summons and/or impoundment of the vehicle.
   e. Patrons not possessing valid permits may be assessed a parking fee.
   f. Campus Department Business Permits, Vendor Permits, Contractor Permits, Worksite Permits, and Emergency Permits are not authorized for personal parking at campus events.
   g. During any special event or campus activity, control of parking is managed by PTS.
   h. During campus basketball games and other Coors Events/Conference Center functions, all lots near the Events Center may be used for event purposes. Resident students who return to campus when parking lots are full, including the lot/zone for which they hold a permit, may be directed to an alternate area.
2. **Football Games.** When football games are played in Folsom Stadium:
   a. All valid PTS parking permits will be honored in the following lots on a space-available basis at no additional charge: Lots 136, 140, 169, 204, 208, 254, 256, 258, 265, 269, 281, 282, 306, 308, 319, 324, 380, 384, 402, 406, 414, 416, 418, 419, 430, 434, 436 and Regent Drive meters.
   b. When football parking plans are in effect, valid Parking and Transportation parking permits issued specifically for lots 243, 260, 325, 408, 410, 420 are the only permits honored in these specific lots, on a space available basis.
   c. Valid Parking and Transportation parking permits for the following lots are not honored from approximately six hours prior to event to two hours following event: 346, 355, 360, 365, 378, 386, 390, 391, 394, 396 and “X” permits. Lot closures may be extended beyond the hours listed above when necessary.
   d. Only valid Family Housing parking permits are honored in the Family Housing parking areas unless special events parking arrangements are made by private agreement with the Family Housing office.

3. **Basketball Games.** When basketball games are played in Coors Events/Conference Center:
   a. All valid PTS parking permits are honored in the following lots on a space-available basis at no charge: Lots 306, 308, 327, 402, 406, 414, 415, 416, 418, 419, 430, 434, and 436.
   b. Regent Drive, Broadway, 28th St., Colorado Avenue, campus streets and roadways may be subject to traffic control and/or street closures.
   c. All other lots not mentioned above are subject to day and time restrictions on posted signs.

4. **Stadium Concerts and Special Events, excluding Football Games.** When concerts are held in Folsom Stadium:
   a. All valid PTS parking permits are honored in the following lots on a space-available basis at no charge: Lots 136, 140, 169, 204, 205, 254, 256, 258, 269, 282, 306, 308, 310, 319, 324, 327, 402, 406, 414, 416, 418, 419, 430, 434, 436, 440, and 448.
   b. Valid PTS parking permits are honored in the following lots on a space-available basis and only for the prescribed lot on the permit: Lots 208, 265, 325, 335, 346, 358, 380, 384, 408, 410, and 444.
   c. Valid PTS permits for the following lots are not honored at times designated by PTS: 365, 378, 386, 390, 391, 394, 396, and 420. These permits are honored in lots listed in III-D-4-a above.

5. **Coors Events/Conference Center Functions.** When special functions are held in the Coors Events/Conference Center:
   a. All valid PTS parking permits are honored in the following lots on a space-available basis at no charge: Lots 306, 308, 327, 402, 406, 414, 415, 416, 418, 419, 430, 434, 436, 437, and 448.
   b. Campus residents displaced from their permit lots during Coors Events/Conference Center functions may be directed to an alternate area. Residents should move permitted vehicles to their assigned lots as soon as possible after an event ends.

III. PERMITS TO PARK

A. **GENERAL INFORMATION**

1. Students, staff and faculty who wish to park a motor vehicle in a permit-controlled CU-Boulder parking lot must have a valid CU-Boulder campus parking permit affixed to or displayed in their vehicle(s) as stated in these Parking and Traffic Regulations.

2. A permit does not guarantee the availability of a parking space, but it grants the privilege of parking in a specified area when space is available.
3. It is the responsibility of the permit holder to ensure that the permit is properly displayed within the vehicle(s) to which it is registered with PTS.

4. Hanging permits are to be displayed on the inside rearview mirror with lot number facing toward the front of the vehicle.

5. Hanging permits may be transferred only between vehicles registered under the same permit. Hanging permits are not transferable between individuals unless such persons are co-owners of permitted vehicle(s) or registered members of a carpool.

6. Only one hanging permit is issued to each permit holder or carpool group. It is the responsibility of the carpool driver to display the permit as required in these regulations.

7. If the permit is lost or stolen, the permit holder must file a Permit Replacement Form to obtain a replacement permit. A small replacement charge is assessed by PTS. Alleged false reporting will be investigated as a criminal matter.

8. Window permits are to be placed in the extreme lower right front windshield.

9. Permits are valid only in parking areas specified on the face of the permit.

10. When the primary lot is full, permit holders may park in their designated overflow lot. See Section II-B-1.

11. Permits are valid through the expiration date printed on the front of the permit.

12. Temporary parking permits may be purchased for certain permit-only lots. Temporary parking in areas not controlled by PTS must be arranged through the appropriate department.

13. All permits must be removed upon date of expiration. All permits must be removed and returned to PTS upon cancellation if date on permit is not expired.

14. Permit holders must return the permit and gate card to cancel a permit. Refunds of permit fees are made on a prorated basis. To cancel a permit, the permit holder must notify PTS before the first day of the month of effective cancellation and return the permit (and gate card, if any). Upon receipt of notification, payroll deduction is canceled. In the case of prior cash payment, the unused balance of the permit fee will be refunded. If using payroll deduction, failure to renew a permit will not be considered cancellation.

B. STUDENT PARKING PERMITS

1. Parking permits for student automobile or motorcycle lots on the campus are sold to students on a space-available basis in the following priority order:
   a. Permanently disabled students as verified by a licensed physician.
   b. Temporarily disabled students as verified by a licensed physician.
   c. Boulder campus residence halls students.
   d. All students on a first-come basis.

2. Student permits are sold for the academic year (August–May) or by the semester on a first-come basis. Fall and spring semesters are considered 16 weeks each; summer semester is considered 10 weeks.

3. For academic year and for fall and spring semester, permit fees are attached to the student’s university bill.
C. FACULTY/STAFF PARKING PERMITS
1. Faculty/staff parking permits may be purchased when authorized by the appropriate department Parking Liaison.

2. Department Allocation System. PTS retains responsibility for the overall administration and allocation of parking assignments at the CU-Boulder campus but has delegated department-specific parking assignments to university departments to include reassignments within departments. Each CU-Boulder department is allocated a number of permits for use by its employees. Permits are issued when:
   a. A permit is available in the appropriate department’s allocation.
   b. The employee requesting a permit presents a written authorization from the appropriate department’s parking liaison. Department parking liaisons must notify PTS in writing of any requested changes in departmental allocations.

3. University Business Permits. Departments that require their employees to use personal vehicles to commute across campus to conduct departmental business may obtain University Business Permits (see III-F below).

4. Payment for faculty/staff permits can be made as follows:
   a. Payroll deduction. This method is available only to employees paid through the university payroll system; the applicant must authorize a payroll deduction on the permit application form. Deductions will be made a month in advance until the permit is canceled.
   b. Cash payment. Cash payments must be made in advance for the duration of the permit.

5. Retirees. A standard retiree parking permit is available at no charge upon application to persons classified as retired employees of CU-Boulder by the university’s Human Resources department.

6. Volunteers. Persons providing services for the benefit of the university at no charge when such services are otherwise compensable may apply for no charge parking permits useable in specific permit parking lots. Students, student interns, staff members, and employees of non-university agencies located on the Boulder campus are not eligible for this exemption.

D. FAMILY HOUSING RESIDENT PERMITS
Parking regulations affecting Family Housing residents are taken from the University of Colorado Family Housing Handbook Information and are as follows:

1. Parking Rules. Only one tenant-owned vehicle may be parked in the principal area adjacent to the tenant living area. Other tenant-owned vehicles must be parked in a prescribed alternate location. Trailers or non-motorized vehicles also must be parked in the alternate areas. Motorcycles may be parked only in the designated areas of the parking lots. Motorized vehicles are not to be taken into units or parked at entrances—use only established lots. Vehicles parked in the lots should be headed in, within the white lines and parked so that bumpers and fenders do not project over the sidewalk. Observe the “no parking” restrictions in all areas identified with yellow paint.

2. Vehicle Identification. Parking permits are issued by the Family Housing office at the time the lease is signed and remain in effect to the end of that year. New permits are distributed to residents prior to the start of each spring semester. Each vehicle, trailer, or motorcycle owned by a resident of Family Housing and parked on university property must display a prescribed and current parking permit. Transfer of parking permits from one vehicle to another is prohibited. Parking privileges automatically cease upon termination of occupancy. All parking permits must be returned to the Family Housing office. The parking permit for motorized vehicles, excluding motorcycles, identifies the living area of the owner. All window permits must be totally attached with the supplied adhesive. Such permits should be placed on the extreme lower right front windshield (passenger’s side). Hang all hanging permits on the...
inside rearview mirror with lot number facing toward the front of the vehicle. Place permits for motorcycles and trailers on the rear fender and rear of the body, respectively. All additional vehicles owned by the same family must bear a permit that indicates the specific lot number for that particular vehicle.

3. **Parking Fees.** Payment of any monthly parking fee parallels the system prescribed for payment of rent. Parking fees are as follows:
   a. Principal vehicle (motorized or non-motorized), trailers, camper cabs—only one per family—no fee.
   b. Motorized or non-motorized vehicles in excess of one per family—$3 each per month.
   c. Bicycles—registration is required for main campus usage. Registration is strongly recommended for all bicycles in order to provide ownership records and theft prevention.

4. **Vehicle Requirements.** Each vehicle/trailer/motorcycle must be currently licensed and operational at all times in addition to being registered with the university. The vehicle must have a current parking permit for the area in which it is parked. Violators will be ticketed by the University of Colorado Police Department and the vehicle may be towed under these regulations and/or the university Parking and Traffic Regulations.

5. **Visitor Parking.** Guests of tenants may park in designated two-hour visitor spaces. For longer visits a visitor permit should be obtained from any student manager or from the Family Housing office. Since visits are limited to one week (see the lease), visitor permits are issued for a maximum one-week period. Contact the manager of Family Housing for approval of any visit of more than one week. Visitors driving motorcycles should park in visitor spaces rather than permit-controlled motorcycle spaces. Family Housing residents with parking permits issued by Family Housing may not park in visitor spaces within their principal parking areas. They may park in visitor spaces away from their principal area. A Newton Court resident, for example, may park in visitor parking in Smiley Court but not in Newton Court.

6. **Traffic and Safety.** Since there are children living in all housing areas, exercise extreme caution around parking lots and playgrounds.
   a. No driving is permitted on sidewalks or grass areas for any purpose including moving or avoidance of speed bumps.
   b. Speed limits are strictly enforced.
   c. Family Housing parking lots are not to be used for storage of private property or inoperable vehicles. Mechanical work such as changing oil, engine work, etc., is also prohibited.
   d. Posted “one-way” traffic on Grandview (moving east) and on 21st Street (moving north) must be strictly adhered to by Athens Court and Marine Court tenants and visitors.

7. **Violations.** A vehicle improperly operated, identified, or parked constitutes a violation and is subject to these regulations and the university Parking and Traffic Regulations.
   a.Repeated violations may result in vehicles being towed and/or in lease cancellation.
   b. Tenants are encouraged to report incidents of reckless driving or other unsafe conditions to the university police immediately.

8. **Non Family Housing Parking Areas.** Residents of university Family Housing areas are eligible for parking privileges within main campus lots controlled by PTS only as parking space is available. Priority is given to commuting and residence hall students. A permit fee is required of Family Housing residents.

**E. VISITOR PARKING**

1. Visitors to the CU-Boulder campus may park for a fee in meter spaces, in lots with payment mechanisms, in the Euclid AutoPark or by temporary permit.
F. BUSINESS PERMITS

1. Business Permits may be purchased by university departments and nonaffiliated agencies whose employees require regular parking access on campus away from the employee's assigned workplace(s) to conduct official departmental or company business with university departments.

2. Business Permits authorize parking in CU-Boulder certain permit lots, meters, and service vehicle zones. A University Business Permit can be used in combination with a disability permit, placard or license plate to allow parking in accessible spaces. Conditions for use of both Business and Accessible Permits must be met to use the permits in combination. A parker using both permits to park at a blue meter is not required to pay the meter but must adhere to the time limits of that meter.

3. Types
   a. Campus Department Business Permit. Departments that require their employees to use personal vehicles to commute on campus while conducting departmental business away from the primary workplace may purchase Campus Department Business Permits from PTS. For the purposes of this section only, the definition of primary permit is expanded to include valid parking permits issued by the other CU campuses. Business permits are not authorized for use:
      i. As a replacement for primary parking permits
      ii. At red service meters
      iii. At grey meters with signs prohibiting their use
      iv. For any parking in violation of these regulations
      v. For personal parking
      vi. Beyond posted time limits
   
   b. Vendor Business Permit. Companies or agencies not affiliated with the university whose employees require campus parking in order to conduct business with CU-Boulder departments may purchase Vendor Business Permits from PTS. Vendor Business Permits authorize temporary parking on campus for the purpose of conducting business with university departments. Vehicles displaying Vendor Business Permits are restricted to parking within time limits and in areas specified on the permit. No other parking permit is required with the Vendor Business Permit.

   c. Work Site Permit. Non-affiliated companies and agencies conducting official business with CU-Boulder and departments on campus may purchase worksite permits to carry out work on campus sidewalks. Worksites permits allow:
      i. Parking in all permit parking areas except Euclid AutoPark and where prohibited by sign.
      ii. Parking, without charge, at most gray campus meters for the time period listed on the meter.
      iii. Parking on sidewalks, in areas not otherwise assigned for parking or at yellow curbs only when necessary to actively load or unload heavy or unwieldy items at a worksite. While parked in such a manner the vehicle must be parked to:
         a. Leave at least three feet of the available width of the walkway for pedestrian passage
         b. Not be obscured from the view of vehicles, cyclists or pedestrians, who traveling at a reasonable speed, cannot see it or stop safely
         c. Not impede access of emergency or public transportation vehicles or park in a fire lane or otherwise present a safety hazard
         d. Not cause damage to campus landscaping or other property
         e. Not block access to accessibility curb cuts or parking spaces
      While parked in such a manner the vehicle must be parked to:
      Work site permits do not allow driving on sidewalks during class change or driving or parking in areas prohibited by sign.
G. CU-BOULDER OWNED VEHICLES
Vehicles within this category are authorized to park free of charge in CU-Boulder permit parking zones, service vehicle spaces, red service metered spaces and at loading docks up to 15 minutes. Vehicles in this category must pay at all parking payment machines and may not park at curb cuts or parking access points adjacent to spaces marked with the universal accessibility symbol or where signs prohibit parking.

H. MOTORCYCLE PERMITS
1. Motorcycle parking is restricted to motorcycle lots. Parking in automobile spaces is prohibited in all areas except time zones and metered spaces.
   a. Motorcycles may park in time zones and metered spaces for the authorized time period of the zone or meter by paying the required fee.
   b. When parking in time zones and metered spaces, the motorcycle shall park so as to be centered in the space.
   c. Motorcycles shall not occupy a space where another motor vehicle is already parked.

2. Any commuter student vehicle permit holder may be issued a Circle M lot permit. Any employee vehicle permit holder may be issued a permit into any motorcycle lot for no additional fee, provided that both vehicles are not parked on campus at the same time.

3. Motorcycle permits must be in a readily visible location as close to the vehicle’s license plate as practical.

4. A specifically designated permit is required for motorcycle lots 232, 233, 326, 398, and 399. General motorcycle parking is available in parking areas designated as “M” lots.

I. MULTIPLE VEHICLE PERMITS
1. Carpool. Each vehicle in a carpool is allowed to park as designated by PTS. It is the responsibility of carpoolers using a hanging permit to transfer that permit only between vehicles registered under that permit with PTS. There is one permit number, one permit fee, and one gate card (if necessary), and only one car may be parked on campus at a time. All members of the carpool must register their vehicles with PTS.

2. Additional motor vehicles
   a. Hanging Permits: Only one hanging permit is issued per permit holder or carpool. Hanging permits may be displayed only on those vehicles registered under the permit with PTS. Permit holders are responsible for registering their additional personally owned vehicles that may be parked on campus under the permit. The permit holder is responsible for transferring the permit between registered vehicles.
   b. Window Permits: Only one window permit is issued per permit holder. Duplicate or “second car” permits are not issued to window permit users.

J. ACCESSIBILITY PERMITS
1. Vehicles parked in accessible parking spaces must display a state-issued disability license plate, permit, decal, or placard at all times. Violators are subject to immediate tow. Accessible parking in “permit only” lots requires display of a CU-Boulder parking permit and state issued disability license plate, permit, decal, or placard. Time limits and other conditions required by posted sign must be observed.

2. Proximate parking may be made available to faculty, staff, or students with a disability. Eligibility is contingent upon the following:
   a. Written verification from a licensed physician stating the type of disability, the expected duration, and the distance the person is able to walk shall be submitted upon application for, or renewal of, Accessibility Permits.
   b. PTS reserves the right to request a second physician’s opinion regarding an applicant’s medical condition and/or mobility before permit issuance.
c. Permits will be issued for parking areas as close to the applicant’s preference as possible based on space availability.

3. Fees for Accessibility Permits
   a. Fees for permits issued to persons with permanent disabilities are assessed at one-half the maximum rate of regular permits for access in up to two lots.
   b. The maximum faculty/staff parking permit rate applies for access to more than two parking lots.
   c. Fees for permits issued to persons with temporary disabilities are assessed at regular permit rates.

K. PM (EVENING) PERMITS
   1. “Off peak” PM permits may be issued for lots in which “all times” parking restrictions apply. PM permits allow for parking outside the normal business day.
   2. Fees are related to the starting and ending times for the specific PM permit.
   3. Applicants must provide valid vehicle registration information at the time the PM parking permit application is made.
   4. PM permits are not counted against departmental faculty/staff allocations.

L. OTHER PERMITS
   1. Parking permits may be sold to employees of agencies located on the Boulder campus with cash payments in accordance with these regulations unless such agencies provide parking for their employees as part of existing space-lease agreements.
   2. Under the Reciprocal Parking agreement, students and staff of the other CU campuses may park vehicles bearing valid parking permits from those campuses in lots 308 and 436 on Main Campus and lot 560 on East Campus. Parking in other lots requires a fee.
   3. Members of the van pools may park their personal vehicle on an occasional one-day basis by purchasing a temporary parking permit through PTS.

M. GATE CARDS
   1. Only one gate card for the operation of parking gates is issued per primary permit.
   2. A deposit is charged for the issuance of a gate card to any person or organization with the exception of staff members requiring the gate card for use with their primary permit. The deposit is refunded when the gate card is returned; a fee is charged for the loss of any gate card.
   3. Gate cards issued by PTS may not be loaned, given, or made available to any other person.

N. X PERMITS
   1. “X” permits authorize parking in all CU-Boulder permit-controlled lots.
   2. Notwithstanding the “X” permit’s authorization for parking in all CU-Boulder permit parking lots, “X” permit holders are expected to park in their assigned primary parking lots except when conducting university business away from their workplace.
   3. “X” permits do NOT authorize parking at CU-Boulder parking meters, service vehicle parking zones, pay-as-you-park zones, the Euclid AutoPark (lot 205), in areas not designated as parking spaces, or in areas where parking or permit use is prohibited by sign.
4. “X” permits are generally issued to officers of the university, department chairs, or department directors and only upon written approval of the Assistant Vice Chancellor for Budget and Fiscal Planning.

5. Applicants for “X” permits must demonstrate regular and ongoing job duties requiring mobility between various CU-Boulder facilities that cannot be reasonably accommodated by walking, transit, telecommuting or other means.

6. Retiree applicants for “X” permits must demonstrate an ongoing relationship with, and service to, the university from which arises a regular and ongoing requirement for mobility between various CU-Boulder facilities that cannot be reasonably accommodated by walking, transit, telecommuting or other means.

7. “X” permits and job or duty changes:
   a. “X” permits are issued based upon job duties and related mobility requirements. “X” permits must be relinquished in the event of a job change.
   b. Persons relinquishing “X” permits because of job changes may reapply provided their new positions meet the eligibility requirements outlined in this section.
   c. “X” permit privileges may be terminated upon review based on changes in job duties and mobility requirements.

8. Fees for “X” permits are assessed at the maximum faculty/staff parking rate for all current and retired assignees.

O. REGENT PERMITS
Regent permits are issued only to current members of the University of Colorado’s Board of Regents. Regent permits authorize parking in any designated vehicular parking stall on the CU-Boulder campus, with the exception of disability parking spaces and reserved spaces. Vehicles parked in disability parking spaces must display a state issued disability license plate, placard, decal, or permit.

P. LOST/STOLEN PERMITS
1. A lost or stolen parking permit may be replaced for an administrative fee upon the permit holder’s submission of a completed Parking Permit Replacement Application, available at PTS.
   a. Stolen parking permits should be reported to the appropriate police jurisdiction.
   b. Criminal charges may be filed against any person in possession of a stolen parking permit.

2. Permits that have been reported lost or stolen are invalid for use at CU-Boulder.

3. Any vehicle displaying a parking permit that has been reported lost or stolen is subject to a parking citation and may be towed and impounded at the owner’s expense.

4. Recovered lost or stolen permits must be returned to PTS.

Q. OVERSIZED VEHICLE PERMITS
1. Vehicles greater than 18 feet in length or 8 feet in width are considered oversized vehicles and must make special arrangements with PTS to park on campus. This includes any vehicle with trailer which occupies more than one standard parking space.

2. Parking permit rates for oversized vehicles shall be assessed based upon the number of standard parking spaces the vehicle requires. The fee assessed shall equal the prevailing rate of the permit type requested multiplied by the number of spaces the vehicle occupies.
IV. REGULATIONS

A. GENERAL REGULATIONS

1. Unless approved by PTS, the use of parking facilities for purposes other than those for which the facilities were intended is prohibited. Violators are subject to university citations, municipal summonses, vehicle impoundment, and/or arrest.

2. Parking violations and any associated fees and fines are the responsibility of the registered owner of the involved vehicle. Registered owners are identified through license plate listings with the appropriate state department of motor vehicles.

3. These Parking and Traffic Regulations shall be enforced on all properties and streets within the jurisdiction of the University of Colorado at Boulder, including university parking areas not fully and directly controlled by the PTS office.

4. In the event of mechanical failure of a vehicle, the owner or driver is responsible for its removal within 24 hours. PTS must be immediately advised of the vehicle’s location, description, and license plate number to avoid possible citation or tow.

5. Vehicles may be towed and impounded for accrual of unpaid parking and traffic citations in the amount of $50 or more, or for any violation listed in these regulations.

6. Abandoned vehicles may be towed and impounded in accordance with the State Abandonment Law (Colorado Revised Statutes 42-4-1202 and 42-4-1803). Vehicles (trailers, motorcycles) may be considered abandoned if they are not currently licensed and/or operational at all times.

7. Use of animals for transportation is not permitted on CU-Boulder streets unless authorized by the University of Colorado Police Department.

8. The university assumes no responsibility for the care and protection of any motor vehicle or its contents at any time that the vehicle is operated or parked on campus.

9. Counterfeiting, forging, and/or altering state-issued license plates or motor vehicle registrations, parking permits, receipts, or gate cards issued by the PTS office, or any other university department or agency, is in violation of Colorado criminal statutes. The unauthorized transfer of license plates from one vehicle to another is a violation of Colorado statutes regulating motor vehicles. Any such violations will be referred to the University of Colorado Police Department for investigation.

10. Serious or repeated violations of these parking regulations may result in revocation of permit parking privileges.

11. Parking at the University of Colorado at Boulder is allowed only in those areas designated as parking zones/stalls by sign and/or striping. In unpaved lots, parking blocks serve as space markers. Vehicles parked in areas not specifically posted and/or striped as parking areas are subject to citation and/or tow.

12. Damaging a parking meter or causing a parking meter to malfunction with the intent of rendering it inoperative as a parking control device is a violation of these regulations, and may result in penalty fines and/or criminal charges. Vehicles may not park at malfunctioning or inoperative parking meters.

13. With the exception of police and fire personnel responding to an emergency, no person may authorize exceptions to these regulations without prior written permission of the Director of PTS or his/her designee.
14. It is a violation of state fiscal rules to use university funds for personal commuting and parking expenses. Conducting university business may require use of a temporary parking permit purchased with university funds for brief periods near your primary workplace to pick up materials for transport, etc. If so, the permit must be accompanied by a business permit.

15. Bicycles on Campus:
   a. Riding: With the exception of CU Police officers, bicyclists riding on campus streets and on bike paths must obey posted speed limits and traffic devices. Bicyclists riding on campus sidewalks and multi-use paths (including those on e-bikes) must yield the right of way to pedestrians and must ride at speeds safe for existing conditions.
   
   b. Pedestrian Safety Zones: Pedestrian safety zones are portions of the CU-Boulder sidewalk system where bicycle riding, skateboarding and the use of personal transportation devices are restricted. Pedestrian safety zones have been established to reduce the risk of injury to pedestrians along CU-Boulder’s sidewalks. The speed limit within pedestrian safety zones is 5 mph between 7:30 a.m. and 5:30 p.m., Monday through Friday except during class change periods. During class change periods, bicyclists, skateboarders and persons using personal transportation devices must dismount or ride at speeds not to exceed 5 mph in pedestrian safety zones.
   
   c. Bicycle Parking: Bicycles must be parked in bicycle parking racks. Bicycles that create safety or environmental hazards or block access to handrails, ramps, parking meters, signage or building entrances may be issued citations and impounded.
   
   d. Registration: CU-Boulder regulations require that bikes parked regularly on campus be registered.

16. The general use on campus properties of any EPAMD is prohibited, and may only be granted exception when all the following circumstances are met:
   
   a. PTS will consider the request of any faculty, student, staff or visitor wanting the use of an EPAMD on campus as a reasonable accommodation under the ADA regulations. As such, the person will be required to provide appropriate documentation they have a disability that requires the use of an EPAMD for mobility;
   
   b. The person requesting the use of and EPAMD agrees to:
      
      i. Register the device with PTS prior to use on campus;
      
      ii. Only operate the device on paved sidewalks and cross roadways at marked crosswalks (use on landscaping and grass areas will always remain prohibited);
      
      iii. Not use the device inside of buildings without specific, separate and written authorization from the building proctor, or from the Office of Disability Services, in coordination with Facilities Maintenance or other CU-Boulder campus departments with the responsibility for building maintenance in evaluating the impact of the use of the device on the physical structure;
      
      iv. Will store the item when not in use in areas that do not block egress or access (they will not be permitted to be stored in building lobbies, stairwells or stair towers, corridors and ramps inside or outside of
buildings or lined parking areas, or in any location identified by the campus fire marshal);

v. Will operate the device at a speed that is reasonable and prudent under the conditions having regard to the actual potential hazards then existing, except during periods of class change on campus at which time speeds may not exceed 4 mph;

vi. When in use between sunset and sunrise, EPAMDs shall be equipped with a front lamp, which emits a beam of white light intended to illuminate to operator’s path and visible for a distance of at least 500 feet to the front and a red reflector facing to the rear which shall be visible at least 500 feet to the rear, and amber reflectors to each side;

vii. Operators shall not wear or use headphones or earphones while operating an EPAMD.

viii. Sign documentation agreeing to the listed terms and conditions of use.

B. MOVING VEHICLES REGULATIONS

1. Speed limits for motor vehicles operated at CU-Boulder are:
   a. 20 miles per hour on campus streets,
   b. 10 miles per hour in campus parking lots, on campus streets adjacent to residence halls, on campus streets adjacent to or in Family Housing developments,
   c. 5 miles per hour on sidewalks and service drives, or
   d. As otherwise posted by regulatory signs.

2. Driving on bike paths and sidewalks is prohibited with the following exceptions:
   a. Emergency vehicles or service vehicles displaying the proper permit may drive along sidewalks designated as service drives.
   b. Vehicles bearing Work Site Business Permits are authorized to drive on sidewalks as necessary to gain access to work sites for delivery of work site-related materials.
   c. Emergency vehicles responding to an emergency.
   d. CU-Boulder Police Department marked patrol vehicles providing patrol services.

3. Driving on service drives is restricted to service vehicles as defined herein, emergency vehicles, and vehicles bearing Work Site Business Permits as defined in Section III-F-3c above.

4. Motor vehicles shall not drive or park on plazas, fields, or grounds of the university that are not designated as routes of travel or parking areas unless authorized by PTS.

5. E-bikes, as defined in section I.C.3, are permitted to be operated on designated multi-use paths on, through and around the CU Boulder Campus unless otherwise indicated. In addition, e-bikes may be operated anyplace that a regular bicycle may be operated, EXCEPT that they may only use the electric assist while operated on motor-vehicle facilities (including bike lanes) and on designated multi-use paths. An e-bike operated on any other campus sidewalk may only do so exclusively under human power.
C. VIOLATIONS

Violation of any section of these CU-Boulder Parking and Traffic Regulations shall subject the offending person or vehicle to citation and/or tow. The following are considered violations:

1. **General Violations**
   a. Violating any applicable City of Boulder ordinance regulating the parking or operation of motor vehicles and bicycles while on the campus.
   b. Damaging campus signs, parking gates, or parking equipment.
   c. Using a loading zone for a purpose other than active loading or unloading.
   d. Failing to appear at a scheduled citation Appeal Hearing.
   e. Failing to pay or appeal one or more CU-Boulder parking and traffic citations within the time limits set forth in these regulations, such that more than $50 in citation fines remains outstanding.
   f. Misrepresenting one’s department affiliation or residency status in order to obtain a parking permit.
   g. Using a parking facility for purposes other than those for which the facility was built.

2. **Parking Violations**
   a. Parking without making payment.
   b. Parking to obstruct a walkway, driveway, service drive, fire hydrant, fire lane, building exit or trash receptacle.
   c. Parking to obstruct access to, or egress from, any area designated by sign or blue paint/striping as a wheelchair ramp, disability access curb cut, or the loading area adjoining a disability parking space.
   d. Parking more than 12 inches from curb.
   e. Double parking (with or without a driver in attendance).
   f. Parking such that the vehicle faces opposite the required direction of traffic for the side of the street upon which it is parked.
   g. Parking on or over a white, yellow, or blue line or failing to park wholly within the boundaries of a parking space. Other improperly parked vehicles do not constitute an excuse for improper parking. This includes vehicles with trailer in tow which occupy more than one standard parking space.
   h. Parking longer than permitted in limited-time zones, including loading docks.
   i. Parking more than one motor vehicle with the same permit number at the same time.
   j. Parking in any area not posted for parking (e.g., lawns, fields, sidewalks, etc.), in areas marked for no parking or in restricted areas.
   k. Parking outside the boundaries of a designated parking space.
l. Parking or storing private motor vehicles inside university buildings (except when such accommodations are specifically designed, designated, and authorized).

m. Parking any vehicle on university property for the purpose of sleeping or camping.

n. Parking in a designated Accessibility space without displaying a valid state-issued disability license plate, permit, decal, or placard.

o. Parking in a coin and currency operated lot without a valid permit during time periods for which the lot is restricted to permit holders.

p. Parking at an expired parking meter during hours meter regulations are in effect.

q. Feeding a meter for a longer time than the maximum time limit specified on the meter.

r. Parking at a malfunctioning or inoperative meter during the hours the meter would be enforced.

s. Failing to properly display parking permit or pay and display receipt.

t. Parking without a valid permit in an area restricted to permit parking.

u. Parking with a valid permit in a zone or lot other than those designated on the face of the permit.

v. Displaying a parking permit or receipt originally issued by CU-Boulder PTS, Family Housing or any state agency when:
   1. The validation date(s), time(s), or parking zone designation(s) initially printed, written, or affixed upon the face of the permit has (have) been altered.
   2. The permit has been reported as lost or stolen to any police agency or to the CU-Boulder PTS office
   3. The permit has been revoked
   4. When on a vehicle not authorized to display the permit

w. Displaying a lost or stolen parking permit or any unauthorized reproduction or duplication of a parking permit.

x. Parking a motorcycle in a non-metered automobile parking space or bicycle rack.

y. Parking an automobile in a lot or space designated for motorcycle parking.

z. Opening a parking gate with any device other than a gate card authorized by PTS, or United States tendered coin or currency when the parking gate is money-operated.

3. Moving Violations

   a. Driving the wrong way on a one-way street.

   b. Driving on sidewalks, service drives, bike paths, fields, grounds, and posted closed drives, plazas, and streets, in a manner inconsistent with these regulations.

   c. Exceeding campus speed regulations.

   d. Skateboarding, roller skating, in-line skating, snowboarding and roller skiing in campus parking facilities or where prohibited by sign.
e. Using animals as a means of transportation on a CU-Boulder street without prior authorization by the University of Colorado Police Department.

f. Operating a motorized vehicle, motorcycle, bicycle, skateboard or personal transportation device in a careless and imprudent manner.

g. Operating a motorized vehicle, motorcycle, bicycle, skateboard or personal transportation device in such a manner as to indicate either a wanton or a willful disregard for the safety of persons or property.

h. Operating a motorized vehicle on sidewalks during class change.

V. PENALTIES

A. GENERAL
Misuse of parking permits or gate cards, or repeated or serious violations of these regulations, may result in revocation of campus parking privileges and/or criminal prosecution. Misuse of parking permits includes the use of parking permits bought with university funds to accommodate personal parking.

B. DUTY TO REPORT
Any person receiving a parking and traffic citation shall respond to PTS, 1050 Regent Drive, Boulder, before closing of the fourteenth day after the date of issuance of the citation to submit payment of fine or appeal. Nonpayment of outstanding fines may result in the loss of parking privileges.

C. FINES
1. Schedules for parking violations, fines, and sanctions are available at the PTS office and on the PTS web site

2. Penalties: Parking citations must be paid or appealed within 14 calendar days of issue date. Failure to pay citation fines prior to the close of the PTS business office by the fourteenth day will cause a minimum $5 penalty assessment to the initial citation fine amount (see citation for details). Additional $5 penalties will be assessed in each PTS billing thereafter, to a maximum of double the initial citation fine amount (unless otherwise stated on the citation). For example, an initial citation fine of $20 will increase to a maximum of $40 unless otherwise stated.

3. Parking citation fines may be transferred to the Billing and Receivables System (BRS) for persons who have an active account with the BRS under the following circumstances:
   a. The fine recipient may request that citations be transferred to their BRS account at the time of impound or receipt of a citation for “failure to pay university citations.” Transfer is subject to BRS & PTS policies.
   b. Unpaid citation fines with penalty fines added may be transferred to the BRS account after 14 days of the citation’s issue according to the billing and collection procedures of PTS.

4. Parking citation fine recipients should not assume that fines have been transferred to the BRS account. Confirmation of fine transfers should be made via personal contact with PTS. All fines not transferred to the BRS remain payable to PTS and subject to its collection policies.

D. TOWING AND IMPOUNDING
Vehicles may be towed and impounded for any violation listed in these regulations or for any accumulation of $50 or more in unpaid parking fines. The accumulated fines and the resulting tow
and storage charges shall be reconciled before the vehicle is released. Failure to respond to citations in the amount of $50 or more will be deemed a waiver of any right to notice or hearing before the vehicle is impounded. The university contracts with a private firm for towing and impounding of motor vehicles.

1. The vehicle may be released at the scene when all the following conditions are met:
   a. If a tow truck has been called, all applicable charges are paid to the tow driver by the driver and/or owner of the violating vehicle, and
   b. The driver and/or owner agree to immediately accompany the enforcement person to PTS for payment of any outstanding citations, and
   c. The driver and/or owner correct any current violations.

2. The vehicle may be released from impoundment if the driver meets all the following conditions:
   a. Payment of all outstanding university citations at PTS,
   b. Receipt of a release form from PTS,
   c. Proof to the Parking and Transportation office that she/he is the registered owner or authorized driver of the vehicle (according to PTS guidelines), and
   d. Payment of all applicable towing charges to the tow company.

3. A Scofflaw Tow Penalty Fine is assessed when:
   a. The operator of a vehicle about to be towed for a scofflaw violation avoids the tow by fleeing the scene, or
   b. The operator of a vehicle that is about to be towed for a scofflaw violation agrees to accompany the parking enforcement officer to PTS to pay outstanding fines but thereafter fails to pay such fines within five business days of the near tow.

E. CITATION APPEALS

1. General: The parking citation appeal process is intended to provide an objective forum for the presentation of factual exculpatory information regarding the receipt of a parking citation. Information presented by the appellant must be relevant and substantive. That a violation occurred for only a short period of time, by itself, is not enough to substantiate a citation appeal.

2. Appeals: Citations issued pursuant to these regulations may be appealed subject to the requirements described in this Section (V-E).
   a. Appeals must be filed before the closing of the PTS office on the fourteenth day after the date of the issuance of the citation.
   b. Appeal filings must be made in writing on the prescribed form available at the PTS office or online at www.colorado.edu/pts.
   c. Appeal filings must contain all of the relevant and substantive information the petitioner wishes to have considered during the appeals review(s), and the information presented must fit within the criteria for appeals as defined in Section V-E-4 below.
   d. Upon receipt of an appeal filing by the PTS office, citation penalty fine assessments against the unpaid citation fine balance are stayed until an appeal ruling is made.
   e. There is a fee associated with any appeal filed via paper form or email.
   f. There is a fee associated with any appeal where the appeal is denied and the citation is upheld.

3. Levels of Appeal:
   a. Written/online citation appeals are first reviewed and ruled on by the citation appeals officer. Citation appeals officers may be members of the university community.
   b. If necessary, an appeals referee, an attorney licensed by the state of Colorado and not affiliated with the university, hears a further appeal of a citation appeals officer decision. Requests for hearings before the appeals referee must be submitted in writing to the PTS
office within 14 calendar days after a citation appeals officer decision. The petitioner must be present for the appeals referee hearing. The appeal referee’s decision is final.

c. There is a fee assessed for all second-level appeals, due at the time the appeal appointment is made.

4. **Appeal Criteria:**
   a. You have substantial and valid evidence that the parking violation was not committed.
   b. Though the violation charged was committed, you have substantial and valid evidence that it occurred due to circumstances beyond your control. (For the purposes of this section, neither the fact that the parking violation was of short duration, nor the fact that all the designated parking spaces in an area were occupied at the time of the citation, is, by itself, sufficient grounds for appeal.)
   c. The violation occurred under circumstances where the appellant believed he or she was not committing a violation, and where a reasonable and prudent person under the same or similar circumstances would have acted in the same manner as the appellant. (For the purposes of this section, neither the fact that the parking violation was of short duration, nor the fact that all the designated parking spaces in an area were occupied at the time of the citation, is, by itself, sufficient grounds for appeal.)
   d. It is the responsibility of the appellant to provide evidence sufficient to justify the upholding of an appeal based upon sections V-E-4(a), (b), or (c) above.
   e. Appeals filed for the following reasons will not be considered and will be immediately rejected:
      1. I don’t agree with or I don’t know the regulations.
      2. I couldn’t find space in my assigned parking lot.
      3. I have been parking this way for a long time and have never received a citation until now.
      4. I was late for a class/meeting or my class/meeting ran late.
      5. I can't afford to pay the citation fine.
      6. "Someone" told me to park there.
      7. I was only in violation for a short time.
      8. I didn't see the sign.
      9. I parked in an ADA space and do not own a valid ADA placard or plate.
      10. I forgot to pay.

5. **Frivolous and Groundless Appeal Defined** (applies to appeals referee hearings only): A frivolous and groundless appeal is one that lacks substantial justification and is not supported by a rational argument based on evidence or law. An appeal may also be frivolous if brought in bad faith. Bad faith includes conduct that is arbitrary, vexatious, abusive, or disrespectful of truth, accuracy, or the tribunal in which the appeal is being heard.

6. **Fine Assessment, Frivolous and Groundless Appeals:**
   a. During appeal referee hearings, parking citation appellants must present information consistent with the appeal application criteria specified in Section V-E-4 of these regulations.
   b. The appeal referee may determine upon review that the information provided by an appellant during appeal fails to meet the criteria specified in Section V-E-4 of these regulations, and further:
   c. That the information provided by, or the conduct of, the appellant during appeal falls within the context of the definition provided in Section V-E-5 of these regulations regarding frivolous and groundless appeals. In such a case the appeal referee may make a determination that an appeal is frivolous and groundless.
d. Upon the appeal referee’s determination of the presentation of a frivolous and groundless appeal, the appellant may be assessed a fine in addition to the outstanding citation fine amount.

e. A fee will be assessed for any appeal where the appeal is denied and the citation upheld.

f. There is a fee assessed for all second-level appeals, due at the time the appeal appointment is made.

7. **Failure to Appear:** Failure to appear before the appeals referee at the scheduled time without notifying the PTS office before its closing on the previous business day may result in the assessment of a fine to the appellant in addition to the outstanding fine amount of the appealed citation.

F. **REVOCATION OF PERMITS**

1. Commission by permit holders of serious or repeated violations of CU-Boulder Parking and Traffic Regulations may result in revocation of permit-parking privileges. For the purpose of this section, serious or repeated violations are defined as:
   a. Failure to pay applicable permit fees.
   b. Falsification of permit application information.
   c. Counterfeiting, defacing, or altering without authorization of CU-Boulder PTS any CU-Boulder parking permit, gate card, or parking debit card, or participating in or permitting such counterfeiting, defacing, or altering.
   d. Issuance of six (6) or more citations within any four-month period to any vehicle registered to a CU-Boulder permit holder, for which the fines remain outstanding and the permit holder has not made arrangements to appeal or pay.
   e. Issuance of 18 or more citations within any 12-month period to any vehicle registered to a CU-Boulder permit holder, except those citations pending appeal or those voided after appeal.
   f. Displaying, using, or allowing others to display or use any CU-Boulder parking permit, gate card, or parking debit card that has been reported lost or stolen.
   g. Selling, giving, or otherwise transferring any CU-Boulder parking permit to a person or vehicle, or permitting the use of a CU-Boulder parking permit by a person or vehicle by whom or for which such use of the permit is not authorized by CU-Boulder PTS.

2. Permit revocation terms shall be no less than four (4) months and no more than 12 months. Retention of the permit allocation assignments by faculty/staff revokees is at the discretion of the responsible department.

3. Authority to revoke permit privileges is vested in the parking appeals hearing referee. Appeals may be made to the Parking Management Advisory Committee (PMAC).
   a. PTS shall make recommendations to revoke permit privileges to the parking appeals hearing referee based upon evidence of the existence of one or more of the conditions specified in Section V-F-1 (a-g) above.
   b. The permit holder shall be given written notice of the recommendation for permit revocation at least 14 days prior to the scheduled revocation hearing date. The notice to the permit holder shall list those violations that are the basis of the revocation recommendation. It shall be the responsibility of the permit holder to notify PTS of any conflicts with hearing times, and to request rescheduling of the hearing.
   
   c. Hearings:
      i. Determination of justification for permit revocation shall be made subsequent to a review of PTS revocation recommendation and information provided by the permit holder during a hearing presided over by the appeals hearing referee.
      ii. Appeals of hearing referee revocation decisions shall be made to the PMAC.
      iii. Failure to appear at the scheduled hearing time may result in permit revocation.
   d. Appeal of permit revocations:
      i. Appeals of referee revocation decisions shall be made to the PMAC.
ii. Appeals of permit revocations must be filed with PTS within ten (10) days after the decision to revoke by the appeals referee.

iii. Appeal request must be written.

iv. Initiation of an appeal stays the revocation until the appeal hearing before the PMAC, or failure to appear at the hearing by the appellant.

4. Vehicles parked in PTS controlled parking areas and displaying revoked permits as authorization to park are subject to citation and impoundment.

*The University of Colorado-Boulder is an equal opportunity/non-discrimination institution.*
