Request for Parking Citation Appeal

Note: Please read this entire form carefully, and *understand the criteria* for requesting an appeal.

This is an application to appeal a parking citation. The written citation appeal must provide **factual** information related to your belief that a citation should be dismissed.

Parking and Transportation Services makes every effort to regulate parking according to well-defined, specific regulations but understands that under some circumstances you may have sound reasons for appealing a citation. **Your unhappiness about receiving a parking citation, by itself, is not a sufficient reason for requesting an appeal or for dismissing a citation.**

Appeal Criteria:

Before you file an appeal, determine whether your circumstances meet one of the criteria listed below. **On the following page, you will be required to select an appeal criteria (1, 2 or 3) for each citation being appealed.** The following shall be the grounds upon which an appeal will be considered:

- 1.** You have substantial and valid evidence that the alleged parking violation was not committed.
- 2.** Though the violation charged was committed, you have substantial and valid evidence that it occurred due to circumstances beyond your control.
- 3.** The violation charged occurred under circumstances where you believed you were not committing a violation, and where a reasonable and prudent person under the same or similar circumstances would have acted in the same manner.

How to Request an Appeal:

1. Be certain that your appeal meets one of the criteria mentioned above. Appeal criteria must be indicated for each citation being appealed.
2. Submit all relevant information and evidence supporting your appeal when you submit your appeal petition. Relevant information and evidence may include, but is not limited to:
 - a. Your signed statement describing the facts and circumstances surrounding the parking citation (use form below),
 - b. Signed statements of witnesses who possess personal knowledge relevant to the citation,
 - c. Payment receipts, photographs, diagrams, a physician's statement or other medical information or invoices and repair bills.
3. Complete the Request for Parking Citation Appeal form and Appellant's Statement form and submit all other relevant information within 14 days from the date the citation was issued. Information and evidence not submitted at the time of the filing of your Request for Parking Citation Appeal will not be considered unless you demonstrate clearly that it could not be obtained and submitted within that time.
4. List at the bottom of the Appellant's Statement form (where indicated) the evidence being submitted.
5. Return the completed Request for Parking Citation Appeal forms to Parking and Transportation Services. The Citation Appeal referee will review the appeal within approximately 3 weeks from the date the appeal petition is filed.

Avoid Filing a Frivolous and Groundless Appeal:

If your appeal **lacks sound factual evidence** and **is not supported by a rational argument** based upon evidence or law, it may be determined to be Frivolous and Groundless. An appeal also may be Frivolous and Groundless if it is **brought in bad faith**. Bad faith includes conduct that is arbitrary, annoying, abusive or disrespectful of the truth, accuracy, or the tribunal. If your appeal is determined to be Frivolous and Groundless, you will be assessed a \$25.00 fine in addition to the parking citation fine.

Who Can Request an Appeal:

The written appeal must be submitted by the person responsible for parking the vehicle at the time the citation was issued.

Please Note: Your appeal will be reviewed within **approximately** three (3) weeks from the date your Request for Parking Citation Appeal is filed. Notification of the Appeal Referee's decision will be sent to the email or mailing address provided on the previous page. Email decisions will be sent from ptsbus@colorado.edu.
