

MANAGING OUR WASTE

STOP CLIMATE CHANGE

How can you help?

Learn what the 7th graders at Casey
Middle School have to say!

Why does it matter?

1. We have limited time to fight Climate Change.
2. Climate Change affects the environment.
3. Because it affects food and water supplies.
4. It affects our transportation, energy, and human health.
5. Because we are all affected, no matter where we live in the world.
