

Collaborative Approaches to Advances in Organic & Hybrid Electronics

CU Boulder, Williams Village Center
Multipurpose Room B

May 23rd – 24th 2022
9:00 AM – 5:00 PM

Learn about state-of-the-art collaborative research in the area of fundamental studies and applications of organic and hybrid materials, encompassing electronics and optoelectronics, broadly defined.

The conference is built around networking and discussion, participants are encouraged to engage in broad scientific discussion.
