CU Recreation Center

Congratulations on your decision to invest in yourself! Our qualified, nationally certified personal trainers will provide you with the right information and training to help you achieve your goals.

Before you get started with a personal trainer, please follow the instructions detailed in the checklist below.

**CHECKLIST**

- Purchase session(s) AND a fitness assessment at the Rec Center Cashiers Desk
  *Fitness assessment is required for all NEW clients to help our trainers best assess your needs.

- Complete the attached forms and return along with your receipt:
  - Participant Information – *Please be as SPECIFIC as possible in the questions below. Our trainers have unique and specialized skillsets which we can pair with your needs most accurately if you provide plenty of details!*
  - Physical Activity Readiness Questionnaire (PAR-Q)
  - Physician’s Release (if necessary based on answers to PAR-Q)
  - Policy/Guidelines

- Bring your receipt to the Wellness suite for your first meeting with your trainer.

- Your personal trainer will contact you within 2 business days to schedule your fitness assessment.

- Contact Sarah Granberry, Fitness Coordinator at: sarah.granberry@colorado.edu with any questions or concerns. The FitWell Office is also available to field questions at: (303) 492-5258 or fitwell@colorado.edu

We look forward to helping you achieve your fitness goals!

PAR-Q & YOU

YES NO
☐ ☐ 1. Has your doctor ever said that you have a heart condition and that you should only do physical activity recommended by a doctor?
☐ ☐ 2. Do you feel pain in your chest when you do physical activity?
☐ ☐ 3. In the past month, have you had chest pain when you were not doing physical activity?
☐ ☐ 4. Do you lose your balance because of dizziness or do you ever lose consciousness?
☐ ☐ 5. Do you have a bone or joint problem (for example, back, knee or hip) that could be made worse by a change in your physical activity?
☐ ☐ 6. Is your doctor currently prescribing drugs (for example, water pills) for your blood pressure or heart condition?
☐ ☐ 7. Do you know of any other reason why you should not do physical activity?

YES to one or more questions

Talk with your doctor by phone or in person BEFORE you start becoming much more physically active or BEFORE you have a fitness appraisal. Tell your doctor about the PAR-Q and which questions you answered YES.

• You may be able to do any activity you want — as long as you start slowly and build up gradually. Or, you may need to restrict your activities to those which are safe for you. Talk with your doctor about the kinds of activities you wish to participate in and follow his/her advice.
• Find out which community programs are safe and helpful for you.

If you answered

NO to all questions

If you answered NO honestly to all PAR-Q questions, you can be reasonably sure that you can:
• start becoming much more physically active — begin slowly and build up gradually. This is the safest and easiest way to go.
• take part in a fitness appraisal – this is an excellent way to determine your basic fitness so that you can plan the best way for you to live actively. It is also highly recommended that you have your blood pressure evaluated. If your reading is over 144/94, talk with your doctor before you start becoming much more physically active.

DELAY BECOMING MUCH MORE ACTIVE:
• if you are not feeling well because of a temporary illness such as a cold or a fever – wait until you feel better; or
• if you are or may be pregnant – talk to your doctor before you become more active.

PLEASE NOTE: If your health changes so that you then answer YES to any of the above questions, tell your fitness or health professional. Ask whether you should change your physical activity plan.

No changes permitted. You are encouraged to photocopy the PAR-Q but only if you use the entire form.

Informed Use of the PAR-Q: The Canadian Society for Exercise Physiology, Health Canada, and their agents assume no liability for persons who undertake physical activity, and if in doubt after completing this questionnaire, consult your doctor prior to physical activity.

Dear Doctor:

Your patient __________________________ wishes to start a personalized training program through the CU Recreation Personal Fitness Training Program. Exercise recommendations provided by the trainer will start easy and become progressively more intense depending on the client’s goal and fitness level. Qualified staff will administer all fitness assessments and exercise.

If you know of any medical or other reasons why participation in the program by the client would be unwise, please indicate so on this form.

Report of Physician

_______ I know of no reason why the applicant may not participate.

_______ I believe the client can participate, but I urge caution because:

________________________________________________

________________________________________________

*My patient is taking medications that will affect heart rate response to exercise. The effects are indicated below:

Type of medication______________________________________________________________

Effect______________________________________________________________

Restrictions for exercise______________________________________________________

The client should not engage in the following activities:

____________________________________________________________

____________________________________________________________

_______ I recommend that the client NOT participate.

Physician Signature: ________________________ Date: __/__/____

Print Name: ________________________ Phone: __________

Please note this information will be kept confidential.
Thank you for purchasing a personal training session(s). Please be aware of the following policies:

• You must call your personal trainer at least 24 hours in advance to cancel or change a session. Any cancellation less than 24 hours will be charged as session used.

• There will be no refund given on unused sessions.

• Unused sessions cannot be transferred to another person.

• Training sessions expire 1 year from their original date of purchase.

• Please arrive at each training session in proper workout attire as specified by Rec Center policies.

• If your fitness assessment shows the presence of risk factors for various cardiovascular, pulmonary, and metabolic diseases that require special attention, you will be required to provide a physician’s release prior to participation in purchased sessions.

Please sign acknowledging these policies and procedures.

Pre-Fitness Assessment Instructions

1. Refrain from consuming food, alcohol, or caffeine or using tobacco products within 3 hours of testing.
2. Clothing should permit freedom of movement and include walking or running shoes, shorts, and a loose-fitting t-shirt. No tight spandex clothing; yoga pants, etc.
3. Continue your medication regimen as normal so that the exercise responses will be consistent with responses expected during exercise training.
4. Drink ample fluids over the 24-hour period preceding the fitness assessment to ensure normal hydration before testing.
5. Avoid significant exertion or exercise on the day of the assessment; you should be well rested for the assessment.
6. Get adequate amounts of sleep (6-8 hours) the night before the test.
7. Please notify the trainer if you have recently been ill. The test may need to be rescheduled.

If you have any additional questions regarding the fitness assessment, please contact the

FitWell office at (303) 492-5258.
