

Fall 2020 Continuing Student Registration Information

Registration Overview

On Wednesday, March 4, students will receive a registration e-memo specifying their enrollment start date and time. Enrollment appointments are based on total cumulative hours for all but law students. If a student has CU or transfer hours added after their enrollment appointment is set, they may be eligible for an adjustment.

Once a student's enrollment appointment occurs, they can continue to register through:

- **Friday, June 12**, for transfer or continuing undergraduates
- **Tuesday, Aug. 18**, for graduate students

Open enrollment begins on Wednesday, Aug. 19.

Faculty & staff using the tuition assistance benefit are eligible to register starting on the first meeting day of their class. For more information, see Employee Services' [Tuition Assistance](#) page.

Student Enrollment Blocks

Registration opens for each student block at the dates and times below. When a first appointment is specified, appointments for those students occur every 15 minutes* until the date and time indicated. Numbers in parentheses represent total cumulative credit hours.
