### Large and specific room requests due

**Please note:** large and specific room requests will be completed during the Room Assignment phase after class schedules have been validated from each department. These will be completed just before batch rooming begins. If any changes to requested times for large room assignments affect related recitation times, academic scheduling will work with the department to make related recitation changes.

Large and specific room request forms can be found on the [class and facility scheduling webpage](#).

Large room requests should be carefully considered and requested after consulting the Large Room Usage Report, as well as reviewing the Standard Meeting Patterns and the Procedures for Submitting Large Room Request tabs of the Large Room Request Form.

Specific room requests should be limited to specific issues, such as an instructor's physical or medical need due to a documented condition, or features unique to that classroom, such as wet labs or proximity to specimens. *All requests for specific classrooms MUST be approved by your chair or associate chair and your dean.*

- Send Large Room Request Forms as an attachment to [academic scheduling](mailto:academicscheduling@colorado.edu).
- Specific room requests will be forwarded from the appropriate dean's office to [academic scheduling](mailto:academicscheduling@colorado.edu).
