

Fall 2026 Final Exam Schedule

Every undergraduate class is assigned a final exam date, time and location (which may differ from the regularly scheduled classroom) that posts to [Buff Portal](#) in early October for fall and mid-March for spring.

Final exams for special session classes are typically administered on the last meeting day of the class. No common exams may be scheduled for special session classes. Check with your department for class meeting times that do not fall within the standard meeting patterns below.

If a student has three or more final exams scheduled on the same day, they're entitled to arrange an alternate exam time for the last exam scheduled on that day. If the student has two final exams scheduled to meet at the same time, they're entitled to arrange an alternate exam time for the later exam. The student must make such arrangements with the instructor by the posted deadline, which occurs in the tenth week of the semester, and is expected to provide evidence of the scheduling issue.

For more information, see the [official final examination policy](#).
