

University of Colorado at Boulder Catalog

summer session

2000

about the University of Colorado at Boulder

Life at the University of Colorado at Boulder centers on our 600-acre campus in the heart of the city of Boulder. Our scenic location is dominated by the Flatirons—dramatic rock formations that have become our most famous landmark. Since the university's first building, Old Main, was completed in 1876, the campus has grown to almost 200 buildings, most in an Italian rural style architecture with sandstone walls and red tile roofs that echo the drama and beauty of the Rockies. The natural beauty of our campus provides a perfect setting for academic pursuits. Visit our web site at www.colorado.edu.

CU-Boulder's faculty includes nationally and internationally recognized scholars, including Tom Cech, winner of the Nobel Prize in chemistry. Fourteen faculty are members of the National Academy of Sciences; seven are members of the National Academy of Engineering; and 11 are members of the American Academy of Arts and Sciences. CU-Boulder is ranked among the top 10 rising public research universities.

During the summer the pace is more relaxed on campus. Summer weather is sunny and recreational activities abound. With a population of almost 100,000, Boulder's natural beauty, high technology companies, cultural activities, and the university draw a variety of individuals to the area. The city is known for its 26,000 acres of protected open space, its 80 miles of bike lanes, and 2,000 miles of hiking/biking trails throughout Boulder County. Visit the web site at www.ci.boulder.co.us.

SPECIAL SUMMER EVENTS

For a listing of what's happening this summer on the Boulder campus, visit the web site at www.colorado.edu/eventscalendar.

The Colorado Chautauqua

The Colorado Chautauqua, one of the few remaining original Chautauquas in the United States, is celebrating 102 years of culture, recreation, entertainment, and education in 2000. Located at the base of Boulder's Flatirons, the Colorado Chautauqua hosts a summer festival of music, theatre, dance, and lectures in the historic auditorium. The Chautauqua dining hall provides a lovely setting for a fine meal. For additional information, write the Colorado Chautauqua Association, 900 Baseline Road, Boulder, CO 80302, or call 303-545-6924.

Colorado Shakespeare Festival

July 1–August 20

The Colorado Shakespeare Festival (CSF), now in its 43rd season on the CU-Boulder campus, is an internationally recognized theatre festival and the winner of the *Daily Camera* Boulder Gold Award for Best Production. CSF performs in the beautiful outdoor Mary Rippon Theatre and the indoor University Theatre on the CU-Boulder campus. The festival's 2000 season presents four Shakespearean plays in repertory: *Twelfth Night*, *Julius Caesar*, *Henry V*, and *The Tempest*. Also included in the Monday night series, "Working Stages," are three new plays by contemporary southwestern playwrights, and the third annual tour to Vail of *Twelfth Night*, performing August 24–26. For additional information, write the Colorado Shakespeare Festival Box Office, Campus Box 460, Boulder, CO 80309-0460, or call 303-492-0554.

Lyric Theatre Festival

July 7–July 30

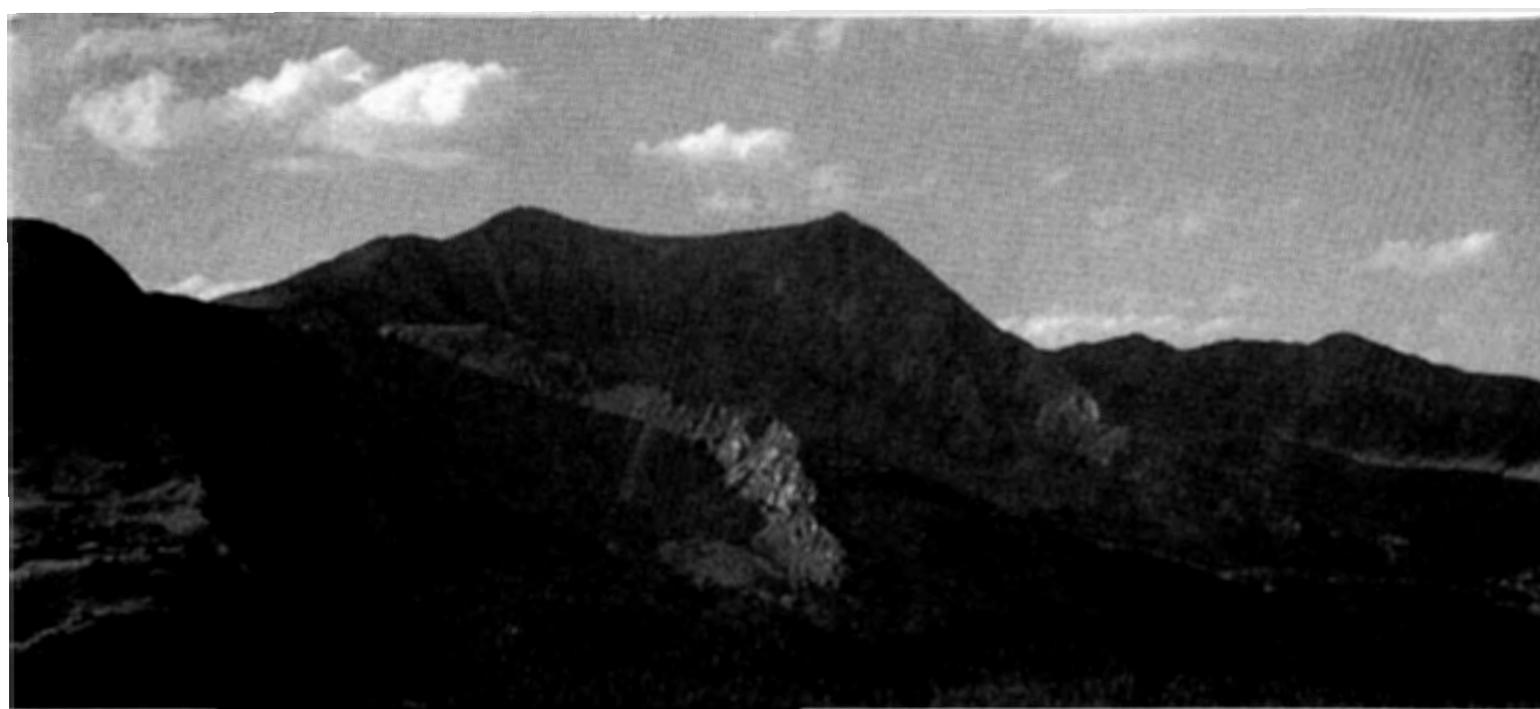

The 2000 season marks the 21st anniversary of the summer festival. The festival features *Anything Goes* by Cole Porter and *H.M.S. Pinafore* by Gilbert and Sullivan. For more information, contact University of Colorado at Boulder, College of Music, Professor Dennis Jackson, Campus Box 301, Boulder, CO 80309-0301, or call 303-492-6576.

Denver

Only 30 miles away, Denver offers a variety of big city attractions. You can shop along the 16th Street Mall or attend a play or concert at the Denver Center for Performing Arts. Perhaps you would rather check out the Denver Art Museum, take in a Rockies or Rapids game, or browse the Tattered Cover Bookstore, the world's largest bookstore. Visit the web site at denvergov.org or denver.sidewalk.com.

Colorado

Summer is not the time to stay indoors when you're in Colorado! The great outdoors is always close by with Rocky Mountain National Park and 40 other state parks. The hiking, mountain biking, white water rafting, and mountain climbing opportunities are unmatched. Visit the web site at www.state.co.us.

Summer COURSES

Courses described here are just a few of the learning opportunities offered at CU-Boulder this summer. With the snow-capped peaks of the Rockies as a backdrop, you can learn about world cultures, contemporary media, gender issues, water law, the dynamics of international finance, or the process of bringing Shakespeare to life in production and performance. Summer courses enrich your creative, professional, and cultural interests, and help you meet degree requirements.

This summer, CU-Boulder offers you:

- Maymester — a three week intensive
- over 500 courses in more than 70 departments;
- courses that count toward major and core requirements; and
- a variety of terms to suit your work or vacation schedule.

Check the “Schedule of Courses” on pages 20 through 51 for a list of all summer classes, complete with dates and times.

MAYMESTER

May 15–June 2, 2000

A three-week, intensive session—complete one course. More than 40 course offerings.

This innovative three-week intensive term allows you to take one course and still have most of your summer free to work, study, travel, relax, or participate in an internship. Expect to work hard and experience the joy of immersing yourself in one course during a typically quiet time on campus.

Maymester classes meet every day, Monday through Friday, for a little over three hours.

Because these courses are intensive, we recommend that you do not attempt to add a Maymester course you cannot attend on the first day. Students should plan to spend 3-5 hours per day in class preparation and study. Depending on the course, there may be required sessions outside the scheduled class time.

Maymester is Term M in the course listings. All Maymester courses are section 001 unless otherwise noted.

Since Maymester is part of Summer Session, grades are included in the Summer Session grades.

Tuition for Maymester is assessed according to the Summer Session tuition schedule (see page 86). Students pay applicable course fees, but are not charged student fees for Maymester. You may make arrangements to live in a residence hall; however, Maymester is considered an interim term and only a few residence halls are open. For additional information, see the "Housing" section of this catalog or call Housing Reservations at 303-492-6673.

Registration for Maymester begins March 8. Classes begin on Monday, May 15, 2000. The drop/add deadline is May 17.

College of Arts and Sciences

ANTHROPOLOGY

Exploring A Non-Western Culture:
The Tamils

ANTH 1100-3

Dennis McGilvray, Associate Professor

Surveys the social and economic patterns, ideas and values, and aesthetic achievements of the Tamils, a Hindu people who live in South India and Sri Lanka. Approved for arts and sciences core curriculum: cultural and gender diversity.

COMMUNICATIONS

Public Speaking

COMM 1300-3

Anna Spradlin, Instructor

Covers theory and skills of speaking in various public settings. Treats fundamental principles from rhetorical and communication theory and applies them to oral presentations.

Perspectives on Communication

COMM 2210-3

Cindy White, Assistant Professor

Surveys communication in a variety of contexts and applications. Topics include basic concepts and general models of communication, ethics, language and nonverbal communication, personal relationships, group decision making, organizational communication, and impact of technological developments on communication. Approved for arts and sciences core curriculum: contemporary societies.

Senior Seminar: Organizational
Communication: Team and
Collaborative Decision Making

COMM 4600/5600-3

Stanley Deetz, Professor

Increasingly, organizations have turned to the use of teams and other forms of direct employee participation in decision making. Focusing on communication and social change, the course explores why these changes are taking place, the various types and models of participation, individual skill needs, and the discussion and deliberation processes that facilitate and limit the success of these programs. As a result of the course, class members should have an increased capacity to participate in collaborative decision making and the ability to aid organizations in improving their decision making processes. May be taken twice for credit on different topics. Recommended prerequisite, COMM 2600.

EAST ASIAN LANGUAGES

Masterpieces of Japanese Civilization

JPNS 1051-3

Stephen Snyder, Associate Professor

Surveys Japanese thought and culture through careful reading and discussions of selected master works of Japanese literature in translation. Texts include significant works of poetry, fiction, drama, diaries, and essays, from ancient times to the present. Taught in English. Approved for arts and sciences core curriculum: literature and the arts.

ECONOMICS

Environmental Economics

ECON 3545-3

Philip Graves, Professor

Highlights causes of excessive environmental pollution and tools for controlling it through economic analysis, values of preservation, and distribution of costs and benefits from environmental protection programs. For nonmajors. Students may not receive credit for both ECON 3545 and 4545. Prerequisite, ECON 1000 or 2010. Approved for arts and sciences core curriculum: contemporary societies.

ENGLISH

Survey of American Literature

ENGL 3655-3

Nan Goodman, Associate Professor

Chronological survey of the literature from Bradford to Whitman. Three distinct periods of American literature and history are covered: the colonial period, the early national period, and the antebellum period. Each of the three Maymester weeks is devoted to one of these periods, providing students an uninterrupted view of American literary history. Prerequisite, sophomore standing.

Special Topics in Popular Culture:

American Film Comedy

ENGL 3246-3

Mark Winokur, Associate Professor

Read several American feature films that typify genres like screwball, slapstick, and black comedy. Several motifs are traced—the romantic couple, the acceleration of movement, the outcast—through several films in order to derive meaning from the comic. Using classical and contemporary criticism, an attempt is made to arrive at general and specific definitions of the comic. Readings are drawn from both film and comic theory.

Studies in American Literature:

Mark Twain

ENGL 4665-3

Lee Krauth, Associate Professor

Despite the turbulent winds of theory and shifting tides of criticism, Twain remains a central figure in the canon of American literature. His works raise precisely the issues—race, gender, class—that dominate current critical discourse. More broadly, they also focus enduring questions such as the nature of American culture, the failure (or success) of egalitarian principle, and the tension between individualism and communal cooperation. To study Twain is to examine a major writer whose works take us to the heart of the American experience.

Seminar: Topics in English:

The Hamlet Project

ENGL 4038-3

Katherine Eggert, Associate Professor

An intensive examination of the most influential play in the English language, along with its backgrounds and influence. Study Shakespeare's *Hamlet* and the plays that influenced it, and the issues of performance and adaptation. Also study significant 20th century drama and film performance, including those by Laurence Olivier, Richard Burton, Derek Jacobi, and Kenneth Branagh. Consider adaptations of the play, including Tom Stoppards' *Rosencrantz and Guildenstern Are Dead*, Kris Isacsson's *Fifteen-Minute Hamlet*, and Paul Rudnick's *I Hate Hamlet*.

ETHNIC STUDIES

Fight the Power: Social Movement Struggles in Communities of Color

ETHN 3675-3

David N. Pellow, Assistant Professor

Course requires critical thinking about how societies change in the wake of struggles by political and cultural minorities. People of color the world over are struggling for sovereignty, independence, civil and human rights, food security, decent wages and working conditions, healthy housing, and freedom from environmental racism and other forms of imperialism. Engage the topic through intensive writing, reading, discussion, and films.

FILM STUDIES

Classics of Foreign Film, 1960–Present

FILM 3002-3

Suranjan Ganguly, Associate Professor

View a wide range of films from Europe, Asia, Africa, the Middle East, and South America made in the last 40 years. The films are now universally acknowledged as masterpieces

of world cinema. They include *Breathless* (Godard); *The 400 Blows* (Truffaut); *Viridiana* (Bunuel); *Blow-Up* (Antonioni); *8 1/2* (Fellini); *Black Girl* (Sembene); *Distant Thunder* (Ray); *Raise the Red Lantern* (Yimou); *Yol* (Guney); and *Pixote* (Babenco). Relate these major works to film history and address issues such as authorship, culture, history, and aesthetics.

FINE ARTS

Basic Photography

FINE 1171-3

Ken Iwamasa, Associate Professor

Introduces techniques and concepts of photography as art. Emphasizes photography as a means to formal and expressive ends. Students must have an adjustable camera. For fine arts majors. May not be repeated.

Critical Thinking: Art in Society

FINE 3109-3

George F. Rivera, Associate Professor

Examines writings by philosophers and art critics as they address the question: What is art for? Readings focus on the 19th and 20th centuries, including current theories and some non-Western theories. Encourages students to develop their own responses to the question. Prerequisite, 6 credit hours in art history. Approved for arts and sciences core curriculum: critical thinking.

Special Topics in Art History:

European Art

FINE 4929-3

Albert Alhadeff, Associate Professor

Starting with the excavations of Herculaneum in 1738, European art never wavered from its pursuit of modernity. The course observes this trajectory, a forward movement that is still ongoing today. Stressing painting, but also looking at architecture and sculpture, this class focuses on the art of the 19th century and closes with the apocalyptic collapse of Europe with the advent of the Third Reich, 1938, and World War II. May be repeated for a total of 18 credit hours when topic varies. Same as FINE 5929.

GEOLOGY

Introduction to Field Geology

GEOL 2700-2

David A. Budd, Associate Professor

Introduces basic field techniques necessary to collect geologic data and samples, and to map geologic units. Prerequisites, GEOL 1010 and 1020; or GEOL 1060 and 1070; or GEOL 1130 and 1140; or GEOG 1001 and 1011.

HISTORY

History of the United States to 1865

HIST 1015-3

Fred Anderson, Associate Professor

Surveys American history from first settlement until end of the Civil War. Using a combination of lecture and discussion, each day's class centers either on a document, an article, or an article-length excerpt from a monograph. Approved for arts and sciences core curriculum: United States context.

Rise and Fall of Ancient Rome

HIST 1061-3

Robert Hohlfelder, Professor

Surveys the rise of ancient Rome in the eighth century B.C. to its "fall" in the fifth century A.D. Emphasizes political institutions, foreign policy, leading personalities, and unique cultural accomplishments. Does not fulfill major requirements. Same as CLAS 1061. Approved for arts and sciences core curriculum: historical context.

Revolution in Eastern Europe, 1989

HIST 2100-3

Padraic Kenney, Associate Professor

Designed for the nonhistory major who wants to learn something about the most dramatic historical turning point in our lifetimes, the fall of communism in 1989. Topics covered include a brief introduction to the region and to communism, a discussion of the events of that year, comparison of the differing explanations that have been offered, and introduction to some of the consequences of the events.

U.S. Diplomatic History since 1940 HIST 4126-3

Thomas Zeiler, Associate Professor

Traces development of the United States as a superpower. Special attention is paid to the way in which foreign policy was created and the relationship between foreign and domestic affairs.

HUMANITIES

Topics: Mystery and Detection HUMN 3093-3

David Ferris, Associate Professor

Through narrative and film, explore the relationship between the creation of mystery and the strategies employed in its solution. The course focuses on the short story as a vehicle for the production of mystery and its solution. Readings will include narratives by Conan Doyle, Borges, Poe, Kleist, and the narrative of the *Trial of Martin Guerre*, as well as films such as the *Return of Martin Guerre*, *Vertigo*, *Blade Runner*, and *The Usual Suspects*.

MUSEUM

Introduction to Museums MUSM 4011/5011-3

Stephen Lekson, Assistant Professor
James Hakala, Instructor

For majors in anthropology, biology, fine arts, geological sciences, history, or other museum-related subjects. Provides background in history and literature of museums; their objectives and methods; and laboratory exercises in curatorship, exhibition theory, and administration. Prerequisite, instructor consent. Same as MUSM 5011.

PHILOSOPHY

Bioethics PHIL 3160-3

David Boonin, Assistant Professor

Introduces bioethics through intensive study of the literature on the moral problem of abortion. Prerequisite, upper-division standing. Approved for arts and sciences core curriculum: ideals and values.

POLITICAL SCIENCE

The American Political System PSCI 1101-3

Rodney Hero, Professor

Emphasizes interrelations among levels and branches of government; formal and informal institutions; processes; and behavior. Approved for arts and sciences core curriculum: contemporary societies or United States context.

International Behavior PSCI 3193-3

Steve Chan, Professor

Presents alternate theoretical frameworks for the explanation of international processes. Applies theories of conflict behavior and social organization to problems of war and peace. Prerequisite, PSCI 2223.

Critical Thinking on Development PSCI 4732-3

Thaddeus Tecza, Instructor

Analyzes the same subject matter as PSCI 4012. Requires students to critically evaluate explanations of the success or failure of development, and policy proposals for facilitating development that are presented in readings or in student papers. Prerequisites, PSCI 2012 or IAFS 1000; ECON 2010 and 2020; and one upper-division PSCI course. Students do not receive credit for both PSCI 4012 and PSCI 4732. Same as INVS 4732. Approved for arts and sciences core curriculum: critical thinking or contemporary societies.

SOCIOLOGY

Self in Modern Society SOCY 3151-3

Joyce Nielsen, Professor

Using a variety of Eastern and Western perspectives, explores how modern social institutions and cultures shape our personal experiences, how personal experiences can affect the nature of those institutions and culture, and how strategies can be developed for achieving balance between the individual and society. Approved for arts and sciences core curriculum: United States context, or ideals and values.

Juvenile Delinquency **SOCY 4024-3**

The following courses are offered in partnership with Sun Microsystems Educational Services.

JAVA I Training (Sun SL 210-Migrating to OO Programming with Java Technology)

CSCI 2830-001-3

Preparatory course for Java programming. Learn necessary background for taking Java programming language course and concepts and skills needed to use Java technology. Basic object-oriented (OO) concepts, object-oriented analysis and design relating to Java technology, and introductory Java programming language constructs are taught. Must have some programming experience. Course is ideal for developers with a nonobject-oriented programming background who want to begin migrating to Java programming language. Course materials fee plus course tuition.

JAVA II Training (Sun SL 275-Java Programming Language)

CSCI 2830 002-3

Syntax of the Java programming language; object-oriented programming with Java programming language; and creating graphical user interfaces (GUI), exceptions file input/output (I/O), threads, and networking. For students with some programming background in object-oriented programming who are familiar with C or C++. Class may be used to support Java Technology Certification through Sun Microsystems Educational Services. Course materials fee plus course tuition.

Solaris System Administration I Training (Sun SA-237 Solaris System Administration I)

CSCI 2830 003-3

Course provides students with essential tasks of stand-alone installation, file system management, backup, process control, user administration, and device management. For students who have used the vi text editor and a Solaris system as an end user. Class may be used to support Java Technology Certification through Sun Microsystems Educational Services. Course materials fee plus course tuition.

College of Engineering

Special Topics: Solid Waste Management and Resource Recovery
CVEN5834-3

Angela Bielefeldt, Assistant Professor

Addresses nonhazardous solid waste management. This is a critical issue, as space for landfills runs out and sources of natural resources become depleted. Recycling is gaining momentum across the country. Tours of local recycling facilities will be included.

SCHOOL OF JOURNALISM AND MASS COMMUNICATION

TV Reporting

JOUR 4354-3

Gregory Dobbs, Instructor

Covers basic broadcast reporting skills, where to find news and how to cover it, and how to analyze and organize news stories. Skills are linked with advanced concepts of shooting and editing videotape in order to produce news stories on deadline.

PUBLIC RELATIONS

JOUR 4272-3

Barbara Barrow, Instructor

Surveys public relations in America. Includes case studies and individual projects. Same as JOUR 5272.

School of Law

Wills and Trusts

LAWS 6104-3

Wayne M. Gazur, Associate Professor

Covers intestate succession; family protection; execution of wills; revocation and revival; will contracts and will substitutes; creation of trusts; modification and termination; charitable trusts; fiduciary administration, including probate and contest of wills; and construction problems in estate distribution.

Agency, Partnership, and the LLC

LAWS 6201-3

J. Dennis Hynes, Professor

Covers the law of agency and the law of unincorporated business enterprises, including the partnership and limited liability company (LLC) forms of doing business. The LLC is a new entity that, like the partnership, enjoys widespread use for small businesses. The law of partnership has undergone substantial legislative change in the last several years, including promulgation of LLP (limited liability partnership) and LLLP (limited liability limited partnership) statutes and the adoption of a lengthy new uniform partnership act. Agency issues are raised when one person acts on behalf of and is subject to the control of another. These issues include apparent authority, inherent agency power, ratification, imputed knowledge, and undisclosed principal, among others.

College of Music

Guitar Class EMUS 1145-2

James Cline, Instructor

Beginning to intermediate level guitar class instruction for nonmusic majors. Orientation to basic, classical guitar skills and music.

Chamber Music: Brass EMUS 1377-1

William Stanley, Associate Professor

Chamber Music: Woodwinds EMUS 1407-1

Yoshiyuki Ishikawa, Professor

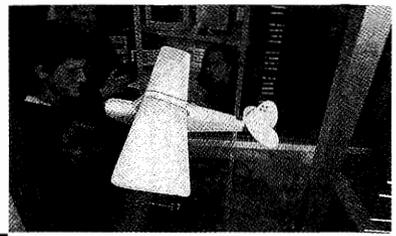

Brass and woodwind chamber music instruction offers the opportunity for students to rehearse and perform in a brass or woodwind quintet. Coached on a daily basis by a member of the College of Music's esteemed performance faculty, students will rehearse as an ensemble for three hours daily—one hour with a coach and two on their own. Concepts of tuning, style, blend, and independent rehearsal technique will be addressed. Repertoire covered will represent a cross section from the Baroque to present. Enrollment is limited to CU music majors.

History of Jazz EMUS 3642-3

Terry Sawchuk, Associate Professor

Traces jazz to its roots and covers New Orleans and Chicago styles, blues, ragtime, swing, bop, cool, free jazz, third stream, fusion, and recent developments.

Watch for more information on another Maymester offering, the CU Business Intensive Certificate (CUBIC) program. This *noncredit* certificate program provides an excellent opportunity for nonbusiness majors to develop a strong business foundation. To learn more about this program, visit the web site at bus.colorado.edu/cubic.

Featured COURSES

COLLEGE OF ARTS AND SCIENCES

CLASSICS

Greek and Roman Tragedy
CLAS 4120/5120-3. Term A (June 5–July 7).

Intensive study of selected tragedies of Aeschylus, Sophocles, Euripides, and Seneca in English translation. Approved for arts and sciences core curriculum: literature and the arts.

Visiting Professor Phillip Mitsis of New York University is currently the Alexander S. Onassis Professor in Hellenic Culture and Civilization. He is also director of the Hellenic Studies program and chair of the Department of Classics. Students in his Summer Session class have the unique opportunity to learn from a distinguished scholar, who is also an affable person and an outstanding instructor.

COMMUNICATIONS AND RELIGIOUS STUDIES

Cold War Rhetoric and Culture
COMM 4300-3. Term B (July 11–August 12).

**Religious Studies Topics: Religion and Culture
in the Cold War Era**
RLST 3820-3. Term B (July 11–August 12).

The legacy of the Cold War still affects us in many ways. Examine the impact of the Cold War and the nuclear arms race through the twin lenses of rhetoric and religion. Study the lives, hopes, and fears of national leaders and ordinary Americans. Get a more integrated and comprehensive understanding of the history of the Cold War and its persistence in contemporary political and cultural life. These two classes are team-taught as a unified course, meeting jointly much of the time. Students register for only *one* class, but get the benefits of both.

Ira Chernus is a professor of religious studies. Bryan C. Taylor is an associate professor of communication.

ENVIRONMENTAL STUDIES

Advanced Writing in Environmental Studies
ENVS 3020-3. Term A (June 5–July 7).

Examines environmental topics and social issues through selected readings and daily writing assignments. Restricted to junior and senior ENVS majors. Prerequisite, junior or senior status.

FINE ARTS

The Marble/marble Symposium
FINE 4097/5097-2. (July 2–July 9).

The fine arts department is delighted to offer sculpture students the opportunity to study in Marble, Colorado, at the old marble mill along the Crystal River. Under the direction of Laura Alpert, University of Oregon, students work on their individual piece during the eight-day session. The Colorado Yule Marble supplied to all students comes from local quarries. Students are also supplied with tools, air/electricity, and accessories. Each day begins with an open discussion on the technical process of working with marble. Faculty provide working demonstrations throughout the day. The course is of interest to both the beginning and the experienced sculptor.

Students register through the Department of Fine Arts. Tuition cost does not include room and board, transportation, additional materials, or the program costs through The Marble/marble Symposium. For brochures and additional information, contact the Department of Fine Arts.

THEATRE

Shakespeare in Performance THTR 4057-3. Term A (June 5–July 7).

Students study Shakespeare's plays in performance, with special attention to the way in which key performance elements have been addressed in 20th century productions. Focuses on the plays produced by the Colorado Shakespeare Festival in the summer of 2000: *Twelfth Night*, *Julius Caesar*, *Henry V*, and *The Tempest*, among others. May be taken concurrently with THTR 4047, Shakespeare in Production.

Professor Sean Kelley is artistic director in the Department of Theatre and Dance at CU-Boulder.

SCHOOL OF JOURNALISM AND MASS COMMUNICATION

Special Topics: Mainstream Youth Culture in 20th Century America and Western Europe JOUR 4871/5871-3. Term B (July 11–August 12).

The course investigates young people of America and Western Europe in that space of life where the soul is in ferment, the character undecided, the way of life uncertain, and ambition a hot muddle of the certain and the unsure. Themes pondered and answers approached: Why is youth important? What is a generation? How have gender, national and regional identity, and group mores changed over the century? How do media give voices to a generation? Who becomes a generation's heroes/heroines and why? How has technology influenced U.S. and European generations? Class attention focuses on the 1900s turn-of-the-century young man and woman; urban youth in the 1920s in the backwash of World War I; young people marked by the Great Depression of the 1930s; the social and physical turmoil of World War II; Europe and America's Baby Boomers; and the current Euro-American Generation X.

Professor John Dean is a visiting scholar from France with extensive credentials in the area of cultural studies.

Special Topics: Media and War: Conflict Coverage from Korea to Kosovo JOUR 4871/5871-3. Term B (July 11–August 12).

The course examines U.S. news media coverage of major conflicts since 1950, including the Korean conflict, the Vietnam war, the Persian Gulf crisis, the 1991-95 war in ex-Yugoslavia, and the conflict in Kosovo. Students examine the different and evolving roles played by print and electronic media; the extent to which media coverage was supportive of the aims of the administrations in power (in particular in Vietnam, where it is frequently suggested that media

criticism undermined the public's will to fight and thus was largely responsible for the loss of the war); the issue of censorship; and the charge that increasingly sophisticated war coverage has created a passive, voyeuristic public that uncritically consumes images of violence, brutality, and suffering.

Visiting Professor Robert Skippon, University of Paris, is the instructor. A resident of Paris for the last three decades, Professor Skippon is currently tenured assistant professor of American Studies at the University of Paris. He also teaches about the U.S. media at the Sorbonne and the Political Science Institute of the University of Paris.

SCHOOL OF LAW

Gender and Justice LAWS 7765-3. Term A (June 5–July 7).

The course covers several gender-related legal issues: traditional domestic relations, intimate violence, surrogate parenting, job discrimination, sexual harassment, and other topics.

Professor Nancy Levit is a leading scholar visiting from the Law School at the University of Missouri, Kansas City. Professor Levit is a very well-regarded teacher and scholar. She is co-authoring a book on jurisprudence with CU-Boulder Professor Richard Delgado.

COLLEGE OF MUSIC

Jazz Mechanics for the Music Educator: The Nuts and Bolts of a Successful Jazz Ensemble IMUS 5093-1. Section 500 (June 9–10).

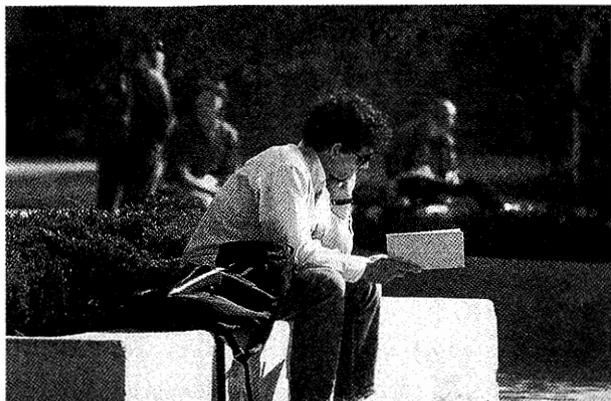

This two-day workshop provides instruction and training in teaching techniques appropriate for high school and middle school jazz band directors. Topics include drum set, bass, guitar, piano, trumpet, trombone, saxophone, rehearsal technique, improvisation, conducting, literature selection, and resources. Participants are provided with materials and practical information through handouts, lecture, discussion, and video presentations.

John Davis is an associate professor in music.

The Adolescent Male: Teaching Strategies and Choral Literature for Middle School IMUS 5093-1. Section 502 (June 19–23).

This workshop reviews teaching techniques and literature appropriate for middle school choral directors. Topics include working with the changing voice, rehearsal strategies for middle school men's choirs, and selecting appropriate literature.

Vicki R. Lind is an assistant professor of music.

High School Band Literature IMUS 5093-1. Section 501 (June 12–16).

This survey course in literature was originally composed for the wind medium. Participants in the class are exposed to a wide variety of literature written by major composers such as Susato, Berlioz, Mahler, Beethoven, Mozart, Dvorak, Holst, Varese, Maslanka, and Harbison. The class deals in both the historical and compositional development of music for winds. This class is offered during the same week as the CU CBDNA conducting symposium allowing participants in this class to observe conducting lessons in the morning.

Robert Carnochan, D.M.A., is the associate director of bands and an assistant professor of music.

Introduction to Music Technology MUSC 4081-3. Term A (June 5–July 7).

This beginning music technology course includes topics in basic synthesis, musical instrument digital interface (MIDI), sequencing, and music notation by computer. Prerequisite, MUSC 2111.

John Drumheller is an instructor in music.

Applications in Music Technology MUSC 5081-3. Term A (June 5–July 7).

The course presents advanced strategies for applying computer technology in several musical disciplines. Emphasis is on the use of technology in composition, music theory, and music education.

John Drumheller is an instructor in music.

ESPECIALLY FOR TEACHERS

EDUCATION

Most summer offerings within the School of Education are for teachers. For more information, contact the School of Education or see pages 44-45.

JOURNALISM

Electronic Journalism JOUR 3771-3. Term A (June 5–July 7).

Discusses major trends in the development of contemporary American journalism, its role in United States history, famous journalists, and foundations and evolution of freedom of the press. For more information, contact the School of Journalism and Mass Communication. Register through Summer Session.

Mass Communication Law JOUR 4651-3. Term B (July 11–August 11).

Studies state and federal laws and court decisions that affect mass communication in order to develop knowledge of mass media rights and responsibilities and an understanding of the legal system. For more information, contact the School of Journalism and Mass Communication. Register through Summer Session.

MUSIC

The College of Music offers many classes for music educators. For more information, contact the College of Music or see pages 50-51.

OTHER OPPORTUNITIES

Field Methods in Environmental Science for Teachers

Through readings, lecture, and field trips, alpine and sub-alpine ecosystems of the Rocky Mountains are studied. Focus is on flora and fauna—and their interrelationships—of the area around the Mountain Research Station (MRS) particularly Niwot Ridge. Students develop and implement an environmental education program for children. Class sessions are held both in Boulder and at the MRS, and include lectures and discussions with research scientists on alpine ecology, child development, and environmental education.

For course dates and other information, write University of Colorado at Boulder, Diane McKnight, Department of Civil, Environmental, and Architectural Engineering, Campus Box 428, Boulder, CO 80309-0428, or call 303-492-4687. Register through the program administration.

**Earthworks: Earth System
Science for Secondary Teachers
EDUC 6804. (June 18–24).**

This is a unique opportunity for teachers to investigate Earth system science, an interdisciplinary combination of chemistry, biology, geology, meteorology, and other sciences. Focus is on learning through field observations, small-group work, and discussions with research scientists and other teachers. You'll develop a plan for using these techniques with your students to study your own community and the environment around your school. The workshop is designed primarily for teachers who are new to teaching secondary science; you do not need to have a background in Earth science. Housing, meals, and most other expenses are covered.

For information, write University of Colorado at Boulder, CIRES, Alex Weaver, Campus Box 216, CO 80309-0216; call 303-492-5431; send e-mail to alex.weaver@colorado.edu; or visit the web site at cires.colorado.edu/~k12/earthworks.

Register through the program administration. Application deadline is April 15, 2000.

**Probability and Statistics
with Data Analysis:
A Hands-On Interactive Approach**

Students review basic concepts in probability and statistics and apply them to real-world data. The course is suitable for K-12 teachers who need to teach either modules or a course in statistics and probability. The material is aligned to the standards.

For course dates and other information, write University of Colorado at Boulder, Department of Applied Mathematics, Anne Dougherty, Campus Box 526, Boulder, CO 80309-0526 Boulder, or send e-mail to anne.dougherty@colorado.edu.

Calculus with Computer Applications

Reinvigorate your mathematics teaching and learn new computer applications. Participants use mathematical software such as Matlab and the Mathematics Visualization Tool (MVT), as well as graphing calculators, to investigate calculus concepts. Material is aligned with the standards.

For course dates and other information, write University of Colorado at Boulder, Department of Applied Mathematics, Anne Dougherty, Campus Box 526, Boulder, CO 80309-0526, or send e-mail to anne.dougherty@colorado.edu.

**SUMMER OPPORTUNITIES
FOR HIGH SCHOOL STUDENTS**

Summer Scholars Program

Are you wondering what college is like? This five-week program allows you to experience what it's like to live in a residence hall and balance academic and social interests. Take a morning credit course and participate in afternoon elective courses. For more information, call Continuing Education at 800-331-2801, or visit the web site at www.colorado.edu/contd/scholars.

Summer Philosophy Institute of Colorado

The Summer Philosophy Institute of Colorado (SPI-CO) offers a diverse group of high school students a weeklong residential exposure to college life in general and to philosophical subjects and skills. Some of the topics covered include personal identity, free will and determinism, theories of morality, political philosophy, and questions about the meaning of life. For more information, contact the Department of Philosophy at 303-492-6365, or visit the web site at www.colorado.edu/philosophy/institute.

Upward Bound Program

The CU-Boulder Upward Bound (CUUB) program provides a unique opportunity for eligible high school students from predominantly American Indian target community schools to prepare for college entry, and to make a smooth transition from high school to college. For more information, call 800-926-5099.

The Upward Bound Math and Science (CUUB/MS) program provides a unique opportunity for eligible high school students from predominantly American Indian communities across the U.S. to prepare for secondary success, college entry, and postsecondary success. For more information, call 303-492-3482.

Engineering Honors Institute

Through hands-on experience in the laboratory, classroom lectures, and demonstrations, learn how professional engineers fulfill the needs of society. Get hands-on experience with state-of-the-art hardware as well as new ideas in software. For more information, call the College of Engineering and Applied Science at 800-456-2537.

Pre-Collegiate Development Program

Designed to motivate educationally and/or economically disadvantaged high school youth from select front range high schools, this year-round program helps students successfully complete high school and enter a postsecondary institution of their choice. For more information, call 303-492-8243.

Minority Business Leadership Seminar

Sponsored by Enterprise Rent-A-Car, GTE, State Farm Insurance, Deluxe Financial Services, Pricewaterhouse Coopers, Lucent Technologies, and IBM, this residential leadership seminar exposes high school students to the rigors of college life, sharing with them the business and computer skills necessary to be successful. For more information, call the College of Business and Administration at 303-492-1808.

RESEARCH AND COMMUNITY SERVICE OPPORTUNITIES

Undergraduate Research Opportunities Program

The Undergraduate Research Opportunities Program (UROP) offers undergraduate degree students a chance to work during the summer alongside world-class scholars in all areas of research that can prepare you for graduate school and diverse careers. Some research stipends are available. For more information, call 303-492-2596.

Undergraduate Research in Behavior, Ecology, and Evolution

Funded by the National Science Foundation, the Department of Environmental, Population, and Organismic Biology (EPOB) provides opportunities for undergraduate participation in research in world-class research labs. For more information, call 303-492-8982.

Summer Multicultural Access to Research Training

Ten-week summer research internships in science and engineering are offered through the Summer Multicultural Access to Research Training (SMART) program. The Graduate School sponsors this program for undergraduate minority students who work with faculty mentors to gain hands-on research experience and prepare for graduate education. For more information, call 303-492-5773, or visit the web site at spot.colorado.edu/~smart.

International and National Voluntary Service Training

The International and National Voluntary Service Training (INVST) program is a two-year commitment combining meaningful community service experiences with challenging academic work and comprehensive leadership training for social change. For more information, call 303-492-8045.

The Ronald E. McNair Postbaccalaureate Achievement Program

The McNair Scholars Program was endowed by Congress to prepare first generation, limited income (criteria established by the U.S. Department of Commerce taxable income levels), and underrepresented undergraduate students to pursue doctoral degrees. The program offers upper-division seminar course work during the academic year. A special research internship is offered during the summer. To qualify, students must be degree seeking, have completed 60 semester hours, and have a minimum 2.80 GPA. For complete guidelines and more information, call 303-492-5660, or visit the web site at www.colorado.edu/SASC/mcnair.html.

OTHER OPPORTUNITIES

Minority Arts and Sciences Program

The Minority Arts and Sciences Program (MASP) is an academic excellence program designed to help underrepresented scholars of color succeed in the College of Arts and Sciences. Upon completion of the summer academic "boot camp," MASP scholars are supported through academic coseminars, academic advising and clustering, research experiences with professors, and financial scholarships. For additional information, call 303-492-8229, or visit the web site at www.colorado.edu/masp.

Success in Engineering through Excellence and Diversity

The Success in Engineering through Excellence and Diversity (SEED) program is centered on the philosophy of "Building Community." The SEED program helps underrepresented scholars succeed in the College of Engineering and Applied Science. The program provides scholarships, individual advising, counseling, a summer bridge program for entering freshmen, a freshman leadership course, academic clustering, academic excellence workshops, academic monitoring, tutoring, assistance in finding summer internships, and a study center where minority engineering students meet to study and network with one another. For more information, write University of Colorado at Boulder, SEED, Campus Box 422, Boulder, CO 80309-0422, or call 303-492-2944.

INFORMATION SESSIONS AND CAMPUS TOURS

If you're thinking about coming to Boulder for the summer, we invite you and your family to visit us and learn about CU-Boulder firsthand. Monday through Friday, information sessions with an admissions representative are held at 9:30 A.M. and 1:30 P.M. These are followed by walking tours of the campus, led by student guides, at 10:30 A.M. and 2:30 P.M. No weekday campus tours are scheduled during spring break (March 27–31, 2000); however, information sessions will be held (except March 31 and April 1 when the campus is closed). Information sessions and campus tours are not given the two weeks following spring graduation (May 13–31, 2000).

Combined information sessions and tours are held every Saturday at 10:30 A.M. (except September 2, November 25, December 16, 23, and 30, 2000, and during the month of May). Reservations are required for all information sessions and tours. To make a reservation, call the Office of Admissions at 303-492-6301.

The Office of Admissions is open from 9:00 A.M. to 5:00 P.M. (summer hours are 8:30 A.M. to 4:30 P.M.), Monday through Friday, except for holidays. The university is closed for holidays on January 17, March 31, May 29, July 4, September 4, November 23–24, and December 25–26, 2000.

All dates are subject to change so be sure to make advance reservations.

PREPARING FOR SUMMER SESSION

Checklist for Summer Students

If you want to apply as a new degree or former degree student for summer, see the “New and Former Degree Students” section on page 65.

If you're a student who is not currently enrolled at CU-Boulder, and you're thinking of studying in Boulder this summer, you will need to:

- **decide which classes you'd like to take**—see the descriptions of special summer classes, pages 1-19, and the schedule of courses, pages 20-51.
- **apply for admission as a nondegree student**—see the text on page 64 and the application on pages 67–68. If you were previously enrolled in a degree program and have not graduated from that program, you must reapply for admission as a degree student (see “New and Former Degree Students” on page 65).
- **arrange for housing in Boulder**—see pages 94–97; (housing application is on pages 95–96).
- **register for your classes**—read the information beginning on page 69, then fill out your registration form on page 82, then call or visit the registration web site to register for your classes.

If you already attend CU-Boulder, follow these easy steps to summertime study:

- **decide which classes you'd like to take**—see the descriptions of special summer classes, pages 1–19, and the schedule of courses with core curriculum classes noted, pages 20–51.
- **register for summer classes**—see the information beginning on page 69, then fill out your registration form on page 82, then call or visit the registration web site to register for your classes.

COLLEGE OF Architecture and Planning

The fields of architecture and planning formulate solutions to problems people face in their homes, communities, cities, and geographical regions. Architecture focuses on building design and the spaces between buildings, while planning addresses the larger scale of cities and regions. The College of Architecture and Planning offers the only undergraduate programs in architecture and planning in the state of Colorado. Graduate professional degrees in architecture, landscape architecture, and urban and regional planning are offered on the university's Denver campus. The curriculum is designed to create a broad context for studies through development of critical thinking skills.

Summer offers an opportunity to complete requirements and explore learning opportunities. With smaller classes and the intimate setting common to summer session, students have the chance to experience the excitement and intensity of learning from scholars and artists recognized for their research and their creativity. The college is the largest and most diverse at CU-Boulder, with 35 academic departments and programs offering a mix of undergraduate and graduate degree programs in the natural and physical sciences, social sciences, and the arts and humanities, as well as a number of interdisciplinary majors such as environmental studies and international affairs.

II. University Mathematics Program

A. Module Courses

THE MATHEMATICS MODULE OFFICE IS LOCATED IN MATH 165, PHONE 303-492-2317. MATHEMATICS COURSES NUMBERED 1000-1100 ARE ONE CREDIT FLEXIBLY-PACED MINI COURSES, OR MODULES. SEVERAL MODULES MAY BE GROUPED TOGETHER TO FORM COMPLETE COURSES OF INSTRUCTION IN COLLEGE ALGEBRA, TRIGONOMETRY, AND MATHEMATICS FOR BUSINESS AND SOCIAL SCIENCES. LEARNING IS FLEXIBLY-PACED, WITH MULTIMEDIA INSTRUCTIONAL SUPPORT. SCHEDULES OF LECTURES AND FURTHER DETAILS ARE AVAILABLE AT THE MODULE OFFICE, MATH 165. MATH 1000, 1010, AND 1020 ARE FLEXIBLY-PACED MODULES IN COLLEGE ALGEBRA. THESE COURSES TOGETHER FORM THE EQUIVALENT OF A ONE SEMESTER (3 CREDIT HOUR) COURSE IN COLLEGE ALGEBRA.

Engineering students enjoy superb facilities on the Boulder campus. Each department has labs for undergraduate and graduate instruction and experimental research through the doctoral or postdoctoral level. The 160-member faculty includes professors of national and international standing. Eleven undergraduate degrees are offered and we pride ourselves on involving undergraduates in the technological research that leads to the discoveries affecting our world. Our new Integrated Teaching and Learning Laboratory (ITLL) reflects an evolving paradigm in education: a real-world, multidisciplinary learning environment that integrates theory with practice—engineering education at its peak.

If journalism and mass communication are your passion, come to Boulder this summer for hands-on experience with top media professionals and media scholars. You can expect small classes, lively discussions and a real commitment to excellence in teaching. The school offers a comprehensive set of programs in mass communication education—one of two accredited programs available statewide. A dual mission guides program development: to produce responsible, well informed, and skilled media practitioners, and to become a leading center for study, commentary, and debate about communication media. The curriculum emphasizes a strong liberal arts foundation and development of outstanding communication skills.

Summer is an exciting time in the College of Music with opportunities that include one-week intensive courses on subjects as diverse as world musics, choral and band conducting, Alexander technique, and jazz studies. Music teachers can enroll in a music education program developed exclusively for them. High school teachers can earn college credit working with students in the Mile High Jazz Camp. And Lyric Theatre productions present two light operas that are a highlight of the Boulder summer season. The caliber of instruction is high, with 19 full-time tenure-track faculty on hand this summer, including accomplished professional composers and performers.

CORE CURRICULUM

The core curriculum must be satisfied by all students in the College of Arts and Sciences who began their undergraduate study in the summer of 1988 or later. Those students who finished high school in the spring of 1988 or later must also meet the college's minimum academic preparation standards, or MAPS (see page 60). You must take one course per MAPS deficiency per term. Please note the following change in policy: If you complete a course approved to fulfill a MAPS deficiency and that course also is approved to fulfill a Core area, that course can be used to fulfill both the Core requirement and the MAPS deficiency. This change in policy applies to all Arts and Sciences students who are subject to MAPS. Please contact your academic advisor for additional information.

There are eleven requirements of the core curriculum—four in skills acquisition and seven in the content areas of study. The requirements are all listed here, with instructions, and lists of courses that will fulfill each requirement. For a complete explanation of graduation requirements in the College of Arts and Sciences, see the University of Colorado at Boulder Catalog.

Selected majors are exempt from portions of the core curriculum (see sections 6, 8, 9, and 10 of the content areas of study). Content area exemptions may be used cumulatively if you are graduating with more than one eligible major.

Although a single course may appear in several areas, you may use it to meet only one core requirement.

Skills Acquisition

1. Foreign Language

All students are required to demonstrate, while in high school, third-level proficiency in a single modern or classical foreign language. Students who have not met this requirement at the time of matriculation will have a MAPS deficiency. If this is the case for you, you may make up the deficiency by passing an appropriate third-semester college course or by passing a CU-Boulder approved proficiency examination.

Students who are under the core curriculum, but not subject to MAPS, must complete the foreign language requirement to meet degree requirements. Courses offered at CU-Boulder that satisfy this requirement include the following:

- CHIN 2110-5 Intermediate Chinese 1
- CLAS 2114-4 Intermediate Latin 1
- CLAS 3113-3 Intermediate Classical Greek 1
- FREN 2110-3 Second-Year French Grammar Review and Reading 1
- GRMN 2010-4 Intermediate German 1
- ITAL 2110-3 Second-Year Italian Reading, Grammar, and Composition 1
- JPNS 2020-10 Intensive Intermediate Japanese
- JPNS 2110-5 Intermediate Japanese 1
- NORW 2110-4 Second-Year Norwegian Reading and Conversation 1
- PORT 2110-3 Second-Year Portuguese 1
- PORT 2150-5 Intensive Second-Year Portuguese
- RUSS 2010-4 Second-Year Russian 1
- SLHS 2325-4 American Sign Language 3
- SPAN 2110-3 Second-Year Spanish 1
- SPAN 2150-5 Intensive Second-Year Spanish
- SWED 2110-4 Second-Year Swedish Reading and Conversation 1

2. Quantitative Reasoning and Mathematical Skills (QRMS)

(3-6 semester hours)

You can fulfill the requirement by passing one of the courses or sequences of courses listed below or by passing the CU-Boulder QRMS proficiency exam.

- ECEN 1200-3 Telecommunications 1
- ECON 1078-3 Mathematical Tools for Economists 1
- GEOL/PHYS 1600-4 Order, Chaos, and Complexity
- HONR 2810-3 Practical Statistics for the Social and Natural Sciences
- MATH 1012/QRMS 1010-3 Quantitative Reasoning and Mathematical Skills
- MATH 1110-3 and 1120-3 The Spirit and Uses of Mathematics 1 and 2
- MATH 1150-4 Precalculus Mathematics
- MATH/QRMS 2380-3 Mathematics for the Environment

- PHYS 1010-3 Physical Science for Nonscientists 1
- PHYS 1020-4 Physical Science for Nonscientists 2

•Any three 1-credit math modules: MATH 1000, 1010, 1020, 1030, 1040, 1050, 1060, 1070, 1080, 1090, or 1100. It is recommended that students register for clusters of three modules, for example, MATH 1000-1020, 1020-1040, 1050-1070, or 1080-1100.

Any 3 credits of mathematics courses numbered •MATH 1300 and above or applied mathematics courses numbered •APPM 1350 and above.

3. Written Communication

(3 lower-division and 3 upper-division semester hours)

You may meet the lower-division component of this requirement by first passing one of the approved lower-division courses or by receiving a score of 3, 4, or 5 on the English Language and Composition Advanced Placement exam. You may then complete the upper-division component of this requirement by passing one of the approved upper-division courses or by passing the written communication proficiency exam.

Lower-Division Courses

- ARSC 1080 (3-4) College Writing and Research
- ARSC 1100 (3-4) Advanced Expository Writing

Minimum Academic Preparation Standards

All new students entering the University of Colorado who finished high school in the spring of 1988 or later must meet the Minimum Academic Preparation Standards (MAPS) specified by their school or college. The purpose of these standards is to assure that all students have some core knowledge in common.

The College of Arts and Sciences has adopted the following standards for admissions. These standards are defined in high school years.

- English** 4 high school years (including 2 in composition)
- Mathematics** 3 high school years (2 in algebra and 1 in geometry)
- Natural Science** 3 high school years (including 2 in lab science, one of which must be chemistry or physics)
- Social Science** 3 high school years (including one of U.S. or

Policies Concerning the Completion of MAPS

If you were admitted to the College of Arts and Sciences with missing MAPS courses, you are subject to the following policies:

1. Each year of missing high school work can be made up by one semester of appropriate CU-Boulder course work.
2. All course work taken toward fulfillment of the MAPS must be taken for a letter grade, and you must receive a passing grade.
3. You are required to enroll in and complete at least one MAPS course each term, beginning in your first term of enrollment, until such time as all MAPS requirements are completed. This policy applies to new freshmen, transfer students, and students transferring from other colleges or schools on the Boulder campus and from other campuses of the University. Failure to comply with this requirement may result in suspension at the end of the term in which you cease to complete missing MAPS courses.
4. All students who first enroll in one college or school at CU-Boulder and who subsequently transfer to another college or school are required to meet the MAPS specified for the new college or school, whether or not they have completed their MAPS courses in their previous college or school.
5. Double-degree students must meet MAPS requirements of both degree-granting colleges or schools.
6. During the arts and sciences orientation, students must consult with a CU-Boulder academic advisor to determine which specific courses may be used to meet a MAPS requirement.
7. If you complete a course approved to fulfill a MAPS deficiency and that course also is approved to fulfill a Core area, that course can be used to fulfill both the Core requirement and the MAPS deficiency. This change in policy applies to all Arts and Sciences students who are subject to MAPS.

Note: Please contact your academic advisor for additional information.

Applying TO CU-BOULDER

To study at Boulder this summer, read the instructions throughout this section, as well as the instructions for registering beginning on page 69. Methods for applying to CU-Boulder and registering for summer classes vary, depending on your student category.

Nondegree Students

You may apply as a nondegree student if you:

- want to take summer courses but are not working toward a degree at CU-Boulder (including students from another institution or another CU campus who wish to take courses at CU-Boulder for the summer only)
- have already received an undergraduate or graduate degree from CU-Boulder and do not wish to apply to another degree program
- are a high school student interested in attending CU-Boulder for the summer
- are a licensed teacher with a baccalaureate degree who seeks only to renew a current license and who does not require institutional endorsement or recommendation
- are on nondegree student academic suspension, and wish to raise your grade point average (GPA) to have your academic suspension released.

You may not apply as a nondegree student if you formerly attended CU-Boulder as a degree student and have not yet received a degree. You must reapply for admission as a degree student (see page 65).

If you want to attend CU-Boulder as a nondegree student, use the *Nondegree Student Application* on pages 67-68.

If you want to attend CU-Boulder as a degree student, call the Office of Admissions at 303-492-2456 to request a degree application or visit our home page at www.colorado.edu/admissions. The application deadline for summer term for freshmen is February 15, 2000, and April 1, 2000, for all other categories of undergraduate students.

If you have already applied for admission to an undergraduate degree program at Boulder for summer session or fall semester 2000, do **not** fill out the *Nondegree Student Application* until you call the admissions office at 303-492-2451.

Nondegree Admission and Registration Policies

As a nondegree student, you must be 18 years of age or older and have a high school diploma or its equivalent in order to qualify for admission (unless you are currently a high school student). You may register for courses on a pass/fail basis; however, such courses count toward the maximum number of pass/fail credits allowed if you change to degree status. If you have completed 6 semester hours of credit at CU-Boulder, you must maintain a 2.00 cumulative GPA in order to avoid suspension. Admission as a nondegree student does not guarantee future admission to a degree program.

For more information about admission procedures and application status, call continuing education at 303-492-5148.

Nondegree Students Transferring to a Degree Program

Undergraduate Students

If you are currently enrolled or have ever been enrolled at any CU campus as a nondegree student and want to transfer to a degree program, contact the Office of Admissions for a degree application.

A degree-seeking applicant may transfer an unlimited number of credits taken as a nondegree student on any CU campus. However, applicability of these hours toward degree requirements is established by the colleges and schools. We suggest that you apply to a degree program as soon as you know you would like to seek a degree. You may want to talk with an admission counselor about admission eligibility requirements first. Students admitted to a degree program are required to attend mandatory degree orientation programs.

Graduate Students

If you want to apply to a graduate degree program, you should refer to the "Graduate School" section of the *University of Colorado at Boulder Catalog* and contact the appropriate department for application materials. A department may recommend to the graduate dean the acceptance of as many as 9 semester hours toward a master's degree and 21 semester hours toward a doctoral degree. Limits and transfer credit criteria may vary by department.

Degree Students

Continuing Degree Students

If you are an undergraduate or graduate degree student enrolled at CU-Boulder in classes during spring semester 2000 and are continuing through summer session 2000, you do not need to submit an application for summer session.

You may register for summer session without submitting an application if you meet all three of the following:

- you are continuing from spring semester 2000.
- you are in good standing or you have been academically suspended from a CU-Boulder degree program at the end of spring semester 2000 and wish to raise your GPA to have your suspension released. (Exception: If you are on academic suspension from the Graduate School of Business Administration, the School of Education, the Graduate School, or the School of Law, you *cannot* register for summer classes if you are still in the same college or school.)
- you did not complete a degree at the end of spring semester 2000.

To register for summer classes, see page 70.

Intrauniversity Transfer

If you are a CU-Boulder undergraduate student enrolled for spring semester 2000 and wish to transfer to another college or school on the Boulder campus for summer session 2000, read the *University of Colorado at Boulder Catalog* and consult with the advising office of the college or school you wish to enter for appropriate instructions, deadlines, academic requirements, and application forms. Some colleges and schools allow intrauniversity transfer for fall and spring semesters only.

If you are a former CU-Boulder student and were not enrolled for spring semester 2000 but would like to transfer to another college or school on the Boulder campus for summer session 2000, see the following section "New and Former Degree Students." For an application for admission to a degree program, contact the Office of Admissions.

New and Former Degree Students

For general admissions information for undergraduate *degree* students, call 303-492-6301 or 303-492-5998 (TTY).

You can pick up an application for admission to undergraduate *degree* programs at the Office of Admissions in Regent 125.

To request an undergraduate application for admission to a *degree* program, call 303-492-2456.

Undergraduate Students

If you plan to enter an undergraduate degree program at CU-Boulder during summer 2000, you should request an application for degree admission. **Do not use the nondegree application in this catalog.**

Note: The deadline for summer degree applicants is **February 15** for freshmen and **April 1** for all others. After these dates, we can consider a degree application only if space is available.

You should apply for admission as a degree applicant if:

- you want to begin a degree program at CU-Boulder during the summer of 2000.

- you are a former CU-Boulder student who is returning to a degree program this summer (your former program or a new one), and you did not attend during spring semester 2000 (if you have done additional academic work since leaving the Boulder campus, you must submit additional official academic transcripts to update your CU-Boulder degree file).
- you have been academically suspended from a CU-Boulder degree program at the end of fall semester 1999 or before, and wish to raise your grade point average (GPA) and work to have your suspension released. (Exception: If you are on academic suspension, you may not be able to apply for summer. Check with your college or school dean's office.) If you are on academic suspension at the end of spring semester 2000, you need not reapply for admission (see the "Continuing Degree Students" section, left).

If you receive a degree in May 2000, you may attend as a nondegree student or you may submit a new application for admission and be admitted in order to pursue another degree.

Graduate Students

If you are a new applicant for graduate study or a former student applying to a different graduate degree program, you must consult with your department for appropriate application forms and instructions. If you are a former graduate degree student who did not attend spring semester 2000 and are returning to your previous graduate degree program and level, you must reapply for admission.

Teacher Licensure

Students interested in teacher licensure should refer to the "School of Education" section of the *University of Colorado at Boulder Catalog*. If you are renewing your current license, see the "Nondegree Students" section of this catalog (page 64). If you hold a baccalaureate degree and seek initial teacher licensure, you should apply to the School of Education for the teacher education program before March 1, 2000. For more information on the deadlines for admission to the teacher education program, call 303-492-6555, or write to:

University of Colorado at Boulder
Office of Teacher Education
Campus Box 249
Boulder, CO 80309-0249

Foreign Students

Foreign students are those who already have, or will be applying for, a temporary U.S. visa. If you have established permanent resident status in the United States and have an alien registration number, you are not considered a foreign student.

Foreign Nondegree Applicants

You may apply as a nondegree student for summer session if you are in the United States in an appropriate non-immigrant status that extends your lawful stay through the summer. The University of Colorado at Boulder does not issue form I-20 or assume any immigration responsibility for you if you are a nondegree student.

If you hold a temporary visa, you may gain admission as a nondegree student only with permission from Foreign Student and Scholar Services. Call 303-492-8057, or write to:

University of Colorado at Boulder
Foreign Student and Scholar Services
Office of International Education
Campus Box 123
Boulder, CO 80309-0123

If you are a foreign student and wish to apply for admission as a nondegree student for the summer only, you should complete the *Nondegree Student Application* on pages 67-68 of this catalog and send the following with your application:

- a photocopy of your immigration forms I-20, I-94 (both sides), or other documentary evidence regarding your immigration status
- documentary evidence of your financial support for the summer

Admission as a nondegree student is for summer 2000 only and does not constitute admission to a degree program or permission to continue enrollment beyond the summer.

Foreign Degree Applicants

If you want to apply for an undergraduate degree program at CU-Boulder, you should call the Office of Admissions at 303-492-2456 for appropriate instructions and application materials. **Do not** use the nondegree application in this catalog.

If you want to apply for a graduate degree program, you should call the specific department of interest at the University of Colorado at Boulder. Call 303-492-1411 or 303-492-0833 (TTY) and a campus operator will direct your call to the appropriate department.

After Being Admitted as a Foreign Student

Upon arriving in Boulder, you should check in, with your passport and immigration documents, at Foreign Student and Scholar Services located in the basement of the Environmental Design building. The staff will talk with you about instructions for registration and other information you need as a new foreign student.

If you are a sponsored student whose tuition and fees are paid to the university by a sponsoring agency, before you register for classes you must provide documentary evidence of that sponsorship and a billing authorization to:

University of Colorado at Boulder
Bursar's Office
Regent Administrative Center 102
Campus Box 48
Boulder, CO 80309-0048

Also send a copy of the documents to Foreign Student and Scholar Services.

If you are not a sponsored student, you must be prepared to pay summer session tuition and fees at the time you register for classes.

NONDEGREE STUDENT APPLICATION

Refer to page 64 for admission and requirement information. Then, carefully complete this application.

Use ink and print legibly. Do not include payment at this time. Be sure to complete the reverse side of this form and sign it in the space provided. Return this application to: University of Colorado at Boulder, Division of Continuing Education, 1505 University Avenue, Campus Box 178, Boulder, CO 80309-0178, or fax to 303-492-3962.

Registering

FOR SUMMER SESSION

All students may register for courses via CU Connect (the telephone registration system), or through the web via PLUS at www.colorado.edu/plus. Either way you choose, you can register for courses, list your schedule, drop and add classes, and put your name on course wait lists. When you register, you receive immediate confirmation of your enrollment in courses.

Note: If you require accommodations because of a disability, call 303-492-4822, 303-492-5841 (TTY), or notify us by writing to:

University of Colorado at Boulder
Office of the Registrar
Campus Box 20
Boulder, CO 80309-0020

Here's how to register for summer:

- Look for the dates and times you may register (new, readmitted, and nondegree students see the following section; continuing students see page 70).
- Look through the special courses (pages 11-14) and the schedule of courses (pages 20-51) to find the courses you want to take this summer.
- Fill out the summer registration form on page 82.
- Use either CU Connect or web registration (or a combination of these systems) to register for courses, to drop or add courses, and to verify your schedule (see "Registering for Courses" on page 73 for instructions).

New and Readmitted Degree and Nondegree Students

- If you are a new freshman or transfer student in the College of Arts and Sciences or the College of Business and Administration, you will receive information in the mail on advising and registration for summer once your confirmation form and accompanying deposit are received by the Office of Admissions. You may choose to complete advising and registration either on campus or off (via telephone and the web site).

Note: To register for fall courses, arts and sciences students need to attend an orientation program on campus during the summer. The Office of Orientation will mail options and instructions to you. Business students are eligible to register for fall once they have completed summer registration. See "Registering for Fall" on page 80.

Call the orientation office at 303-492-4431, or drop by Willard 226, for more information.

- New freshman and transfer students in the College of Engineering and Applied Science register by telephone or through the web during their on-campus orientation period, June 2 or July 10. Registration information is mailed by the college after the Office of Admissions receives the confirmation form. Call the dean's office at 303-492-5071 for additional registration information.

- All other new and readmitted degree students register between March 13 and June 2. Registration materials are mailed to degree students by the registrar's office after the Office of Admissions receives the confirmation form.
- Nondegree students register between March 13 and June 2. Registration materials are mailed by continuing education when students are admitted for summer and will contain detailed information on the registration and payment process.

Register for summer courses (all sessions) by June 2.

Because summer registration is conducted on a first-come, first-served basis, you have a better chance of getting the courses you want if you register early. Students who need to attend on-campus registration may do so on Friday, June 2, between 8:30 A.M. and 4:30 P.M., in Regent Administrative Center (or on Monday, July 10, for term B only). See "On-Campus Registration" on page 71.

Attention Nondegree Students

A degree-seeking student may transfer an unlimited number of credits taken as a nondegree student on any CU campus. However, applicability of these hours toward degree requirements is established by the colleges and schools. Consult the dean's office of the college or school you plan to enter for further information.

Orientation for Nondegree Students

Orientation for nondegree students will be held on Friday, June 2, and Friday, July 7, at 10:00 A.M. at Continuing Education, 1505 University Avenue. Representatives from admissions and financial aid and an academic advisor will be available to answer any questions. Campus tours will be available.

Your Invitation to Register

Read your summer invitation to register carefully (you receive your invitation with your summer registration materials). It contains your registration time assignment (the earliest date and time you can register).

Your invitation also contains your personal identification number (PIN) which, when combined with your student number, is an access code for registration. Keep your PIN confidential. If you need to change it, come to the registrar's office in Regent 105.

Your invitation may also indicate a registration "stop" on your record. Stops can occur any time in the registration process and can prevent your enrollment in courses. Be sure to check your record and take care of any stops before you register.

In addition, there may be a statement on your invitation to register about academic advising being required before you can register. If you are required to see an academic advisor, make an appointment as soon as possible. Take your completed summer registration form (page 82) with you to your advising appointment. If you are not required to see an academic advisor, but you would like advising, you can either go to your dean's office or to the Academic Advising Center in Woodbury. After being advised, you can register any time after your time assignment begins.

If you are a new or readmitted degree student at CU-Boulder this summer and you have not yet paid your \$200 enrollment deposit, you need to do so at least 24 hours before your registration time assignment begins.

See the "Registering for Courses" section on page 73 for registration instructions.

If you register for summer courses and then decide not to attend summer session, you may be assessed a financial penalty. See page 77 for withdrawal information.

Continuing Students

If you are continuing your degree program at CU-Boulder, you may register any time after your assigned registration time, through June 2. Time assignments begin March 8. See "Registration Time Assignments" on this page.

Summer invitations to register are **not** mailed to continuing students. Look for your registration status for summer going to PLUS at www.colorado.edu/plus and selecting the "Registration" button. Then log on to web registration by entering your student ID number and your PIN (Personal Identification Number). Select the "Registration Status" tab at the bottom of the screen to view your eligibility to register for summer 2000. Your registration time assignment, stops that need to be cleared, and advising requirements are listed.

Registration Time Assignments

Summer session registration time assignments for continuing students are based on the number of hours you have completed at CU (any campus), including any transfer credit, and any courses you are enrolled in as of February 18.

- Seniors may register beginning at 7:00 A.M. on Wednesday, March 8.
- Graduate and law students may register beginning at 7:00 A.M. on Thursday, March 9.
- Freshmen with 12 hours or fewer and juniors may register beginning at 7:00 A.M. on Thursday, March 9.
- Sophomores may register beginning at 7:00 A.M. on Friday, March 10.
- Freshmen with 13 hours or more may register beginning at 7:00 A.M. on Friday, March 10.

You can register any time after your time assignment begins, through June 2 (or through May 12 for term M). Because registration is conducted on a first-come, first-served basis, it's to your advantage to register as soon as possible after your time assignment begins for the best selection of courses.

If we do not have a \$200 enrollment deposit on account for you, you should receive an enrollment deposit form in March. You must pay the deposit at least 24 hours before registering for summer or fall courses.

See page 73 for information on how to register.

You are assessed a financial penalty if you register for summer courses and then decide not to attend after May 17 (if registered for Term M or registered for Term M in combination with any other term), after June 2 (if registered for any combination of term A, B, C, or D courses), or after July 10 (if only registered for term B, independent study, or thesis hours). See page 77 for withdrawal information.

Other Registrations

Registering for Term M

Continuing degree students, as well as readmitted degree students are eligible to register for term M, which runs May 15-June 2. Incoming freshman and new transfer students are *not* eligible to enroll in term M courses.

Registering for Term B Only

If you want to take term B courses only, you may register after you receive your registration materials, through July 10.

If you register *only* for term B, an independent study course, or thesis hours and then decide not to attend after July 10, you are assessed a financial penalty. Refer to page 77 for withdrawal information.

On-Campus Registration

June 2 and July 10

Two registrations are held on campus for students who do not receive registration materials. If you have not received your registration materials by June 1, go to Regent Administrative Center on June 2 between 8:30 A.M. and 4:30 P.M. to register for any summer term. If you are registering for terms B, F, I, independent study, or thesis hours only, and you don't receive registration materials by July 9, plan to register on July 10 between 8:30 A.M. and 4:30 P.M. in Regent Administrative Center. If you already have your materials but you haven't registered, you do not need to attend the on-campus registration. Just call CU Connect to register for courses or register through the web via PLUS at www.colorado.edu/plus.

If you register for summer courses after June 2 and then decide not to attend, you may be assessed a financial penalty. See page 77 for withdrawal information.

Late Registration

You may be allowed to register for summer courses later than the drop/add deadline for the course you want to take if enrollment levels have not been met. If you have not previously registered for any summer courses and you register for a course *after* the drop/add deadlines, the approval of both your dean and your instructor are required to add a course. New or readmitted degree students also must pay the \$200 enrollment deposit before they register.

If you do register late, you should receive a bill in the mail from the Bursar's Office within two weeks. If you don't receive a bill within that time period, be sure to contact the Bursar's Office to find out your total amount due and the payment deadline.

Concurrent Registration

Beginning June 2

If you plan to take at least one course at CU-Boulder in the summer but cannot register for all course work required for your degree program, you may be able to register concurrently on another CU campus. If the following conditions are met, you can register for up to two courses or 6 credit hours, whichever is greater, on another CU campus:

- course work must be required for your degree program
- you must have your dean's permission
- enrollment levels cannot have been reached on the other campus
- graduate students must also have their advisor's approval

Note: Graduate students should check with the Office of the Registrar for exceptions to the home-campus registration requirement and limitation on credit hours at the host campus.

Concurrent registration forms and instructions are available at the registrar's office in Regent 105 beginning June 2 from 8:30 A.M. to 4:30 P.M. You cannot register concurrently until after schedule adjustment has begun on the other campus. Boulder students pay Boulder tuition rates for all courses. For information about concurrent registration, call 303-492-6970.

Information about Summer Courses

Refer to this information before you fill out your summer registration form on page 82.

Changing Your Major

If you want to change your major or declare your major before you register, go to that department and ask about the required procedures. Your change is entered onto the computer system when it has been approved by the new department. If your change of major involves moving into another college or school, it is considered an intrauniversity transfer (IUT). See "Intrauniversity Transfer" in this section.

Credit-Load Limit

The maximum credit load allowed for all colleges and schools during summer session (except the law and education schools) is 15 credit hours. Law students may register for no more than 8 credit hours. Graduate students in the School of Education may register for no more than 9 credit hours.

Independent Study and Controlled Enrollment Courses

If you want to take a course with an 800-level or above section number, you must contact the department for permission and the five-digit course call number before you can register. Enrollment in these courses is limited by each department.

You have through July 17 to register for independent study course work and thesis hours. Both are subject to term B drop/add deadlines (see page 76).

Intensives

You may register for intensive courses through the drop/add deadline for the intensive class (see page 76). After the drop/add deadline for the class, you

must register at the Office of the Registrar, Regent Administrative Center 105, from 9:00 A.M. to 4:30 P.M. (see "Late Registration" on page 71).

Check each course for class beginning and end dates and for the final exam.

Intrauniversity Transfer

If you would like to transfer into another CU-Boulder college or school, check with that dean's office for admission criteria and information on enrollment levels, application procedures, and deadlines. Policies vary among the different colleges and schools.

If you have already submitted an IUT application, register as if you have been accepted into the new program. If you are not able to register for some courses because you have not yet been accepted, you may change your schedule during the drop/add periods for the term(s) for which you're registered.

Linked Courses (Lectures/Recitations/Labs)

Linked courses are lecture courses that have required recitations and/or labs. In the course listings, you can identify a linked course because **the call numbers for linked lectures are not listed**. Only the call numbers for the linked recitation or lab are listed. (For courses that have a required lecture, recitation, **and** a lab, the call numbers are **not listed** for the lecture and recitation; they are listed **only** for the lab.)

To register for linked courses, enter the call number for the lab or recitation only. When you enter the call number, the system automatically "links" all other sections of the course and either enrolls you in all sections of the course or gives you the option of placing your name on a wait list, if available, for all linked sections of the course.

No Credit

If you want to register for course work for no credit, you must select the no-credit option when registering, or go to the registrar's office in Regent 105 before the appropriate drop/add deadline (see page 76).

Note: If you want to make a *change* to no-credit status *after* you've registered, you must do so in person at the registrar's office by the drop/add deadline for the course.

Tuition is the same, whether or not credit is received in a course.

Courses taken for no credit cannot apply toward a graduate degree.

No changes in registration for credit are permitted after the drop/add deadline for each term.

Pass/Fail (P/F)

If you want to take a course on a *pass/fail* basis, you must indicate this when registering by selecting the *pass/fail* option or go to the registrar's office in Regent 105 before the appropriate drop/add deadline (see page 76).

Note: If you want to make a *change* to *pass/fail* status *after* you have registered, go to the registrar's office to make this change in person by the drop/add deadline for the course. Check with your college or school's dean's office; there are restrictions on the number and type of courses that can be taken *pass/fail*.

If you register on a *pass/fail* basis, your name appears on the final grade list, and a letter grade is assigned by the instructor. *When grades are received in the Office of the Registrar, your grade is automatically converted to P or F. Any grade of D- and above converts to a grade of P and is not calculated into the GPA. Grades of F are included in your GPA.*

Courses taken pass/fail cannot apply toward a graduate degree.

CU-Boulder Web Site

The CU-Boulder web address is www.colorado.edu.

From the home page, "Student Life" links you to "Finances" for tuition information and to "Academic Calendars" for the final exam schedule. More than 60 terminals are located in buildings and residence halls throughout the campus. Computing labs in the Business Building, Duane Physics, Economics, Education, Engineering, Environmental Design, Fleming Law, Hellems, Ketchum, Macky, Muenzinger, and Norlin also have web access.

Searching for Available Courses

You may need to search for a new section of a course for the following reasons:

- Sometimes academic departments must change the time a course is offered *after* the summer catalog is published. When this happens, the department cancels the original section and adds a new section that reflects the time change.
- The section you request is full.

You can search for available sections in the following ways:

- Use the *schedule planner* feature available on PLUS at www.colorado.edu/plus. The schedule planner is a web tool to find out about course availability as well as additional course information. Using this feature, you can also search for courses by subject, core requirements, and meeting time. When a course is displayed, you can access the course description, required books, and student ratings of the course. In addition, you can map out your schedule to show when you have courses and other scheduled commitments, such as work. *The schedule planner is updated on a daily basis during registration periods, so it is a good planning source, but does not display up-to-the-minute course availability.*

- Use the *course search feature in web registration*, which you can access via PLUS at www.colorado.edu/plus. The web registration course search feature allows you to search by subject, level, course number, core requirements, and meeting time. The course search is updated on a real-time basis, so if you find a course you want to sign up for, you immediately know whether there is still room in the course. Also, if you try to register for a course via web registration but you're denied the course (due to the section being closed or cancelled), you can conduct a section search to see if there are any available sections of that same course that fit in with your schedule. When you're denied a course, click on the word "search" next to the course and then click on the "submit" button. If there are any available sections of the course that fit your schedule, you'll be given the option to add the course (just click on the "add" button for the section you want).
- You can search for available sections via CU Connect. If you request a course section via CU Connect that is full, the computer voice asks you if you want to conduct a search for the other open sections of that course. If you do, press 7# when prompted. CU Connect searches for other sections of the course that are available and that fit your schedule. If another section is available, you can register for that section.
- You can also view a list of available courses in Regent 105.

PLUS: Viewing Your Records On-Line

You can view the following information on the PLUS (Personal Lookup Services) web site at www.colorado.edu/plus.

Use your university student number and Personal Identification Number (PIN) to view the following:

- your grades
- your degree program information (primary and secondary college, major, and class standing)
- your class schedule for all past and current terms and all future terms for which you have registered
- books required for your classes
- your current semester billing and financial aid information
- math module grades
- your unofficial transcript
- long-distance charges through campus telecommunications
- degree audit (for certain colleges)
- your current addresses

You can also update your addresses via the PLUS web site, as well as change your PIN.

Federal privacy laws and university policies guarantee your right to access your own data and protect this data from unauthorized access by others. Unauthorized access can result in student conduct disciplinary actions and/or civil and criminal proceedings. The university provides reasonable physical and electronic security for this

data, but it is up to you not to compromise the security of this information. If you feel that your PIN is not secure, you may change it at any time on PLUS.

Registering for Courses

Plan your course schedule using the schedule worksheet on page 81 and the registration form on page 82.

You can register using the following methods (or a combination of the following methods):

- Register by phone by calling CU Connect at 303-938-8110 from any touch-tone phone. Follow the instructions on the registration form on page 82 and use the functions listed on page 83. Call any time after your time assignment begins. After registering via CU Connect, list your classes by pressing 5# to verify your schedule. CU Connect is normally available Monday through Friday from 7:00 A.M. to midnight and on Sundays from 11:00 A.M. to midnight. CU Connect is *not* available on Saturdays, on May 29, or on July 4.
- Register through the web via PLUS at www.colorado.edu/plus. First complete the registration form on page 82. Then go to the PLUS web site and select the "Registration" button. Follow the instructions on the web registration pages. Be sure to verify your schedule via the web when you're done registering. Normally, you can register via the web Monday through Friday from 7:00 A.M. to midnight and on Sundays from 11:00 A.M. to midnight. Web registration is *not* available on Saturdays, on May 29, and on July 4.

If you have problems or questions concerning telephone or web registration, call the registrar's office at 303-492-6970. Call between 8:00 A.M. and 4:30 P.M. MST, Monday through Friday (except on university holidays) and press "1" to speak with a registration assistant. You may call this number 24 hours a day and press "2" to hear recorded registration information.

Verifying Your Schedule

Once you have registered, you can verify your schedule and check your wait list positions (if you are wait listed for any courses). See instructions for verifying your schedule in the following "Using Wait Lists" section.

Using Wait Lists

Throughout summer registration and through midnight on May 16 (for term M), through midnight on June 6 (for terms A, C, D, E, and F), and through midnight on July 12 (for term B), you may be able to put your name on a computerized wait list if you are eligible to take a course but find it is full. Each department determines if a wait list is offered for a course and what type of wait list is used.

There are two types of wait lists, *automatic* and *resequenced*.

Automatic wait lists are set up on a first-come, first-served basis. As a vacancy occurs in a course, the person at the top of the list is automatically enrolled.

Resequenced wait lists use a priority system to determine who enrolls in a course as spaces open up. Priorities are established by the department and are usually based on class standing and/or major.

CU Connect and web registration inform you if a class you have requested has a wait list and gives you the option of adding your name to the list:

- On CU Connect, press 9# when prompted and listen for verification.
- On the PLUS registration web site, select the wait list option and then select "submit" and wait for verification.

Note: Neither CU Connect nor web registration tells you what type of wait list is used for the course.

When you place your name on a wait list, the total number of students already on the list is announced. As wait-list positions constantly change during the registration period, it's a good idea to check your schedule frequently to find out your position on the wait list. To find out your wait-list position:

- Call CU Connect and list your schedule by pressing 5# (see instructions on your registration form). If you are wait-listed for any courses, your wait-list position (normally current within the last 24 hours) will be announced when you list your schedule via CU Connect. Wait-list positions are normally updated nightly on CU Connect.
- Check your wait-list position on the web at www.colorado.edu/plus by logging on to registration and clicking "schedule" at the bottom of the page. You will see your wait-list position for a course under "status" on the schedule page. Wait-list positions are updated in real time on the web site.

Placing your name on a wait list does not guarantee that you will be able to enroll in the course even if you're first on the wait list.

When a space opens up for you from a wait list, you are enrolled automatically in the class. **No verification is sent.** If you choose not to remain on a wait list or if you find that you have been enrolled in a course you no longer want, drop the course as soon as possible.

It is your responsibility to find out if you have been enrolled in a course from a wait list. Also, if you do not attend a course you have been enrolled in, you will receive an F for that class.

Deadlines for Wait Lists

You can place your name on course wait lists for term M through **midnight on Tuesday, May 16**, and for terms A, C, D, E, and F through **midnight on Tuesday, June 6**. For term B, you can place your name on course wait lists through **midnight on Wednesday, July 12**. At that time, all wait lists for the terms indicated are frozen. This means you cannot add your name to a wait list for term M after May 16, or for terms A, C, D, E, and F after June 6, or term B after July 12. *There is no automatic enrollment from wait lists after these dates.*

If you are still on a wait list as of May 17 (for term M), June 7 (for terms A, C, D, E, or F) or July 13 (for term B) and are still interested in taking that course, check with the department offering the course. You must let the department know you are still interested in the course, should an opening occur.

Department wait lists are cancelled at 4:30 P.M. on Wednesday, May 17, for term M; at 4:30 P.M. on Friday, June 9, for terms A, C, D, E, and F; and at 4:30 P.M. on Monday, July 17, for term B.

Getting Your Schedule/Bill

If you register for term M by April 28, your schedule/bill is mailed to your mailing address. If you register by April 28 for any term other than term M, or if you register for any term from April 29 through May 19, your schedule/bill is mailed to your permanent address. If you register after May 19, your schedule/bill is mailed to your mailing address. See chart on page 90 for schedule/bill mailing dates.

If you make significant changes to your schedule after you receive it in the mail, or you need another copy of your schedule, you can get a printout of it at the registrar's office, Regent 105, from 9:00 A.M. to 4:30 P.M. If you do not get your schedule/bill, you are still responsible for payment by the tuition due date (see page 90).

Campus ID Card (Buff OneCard™)

The Buff OneCard is your official CU-Boulder student ID. It allows you access to the Student Recreation Center, the libraries, meal plans, RTD buses, athletic events, some areas of residence halls, and anywhere else that official CU-Boulder identification is required.

The Buff OneCard Office is located in the basement of the UMC, room 25. Office hours are Monday through Friday, 9:00 A.M. to 4:30 P.M. In order to receive your Buff OneCard, you must show some form of picture ID. Your initial Buff OneCard is free except for nondegree students who will be charged \$15.

To report a lost or stolen card, call 303-492-1212 immediately to avoid unauthorized use of your card. Do not give your Buff OneCard to anyone else. Replacement of lost or stolen cards costs \$15. Buff Bucks is the optional on-campus debit account through the Buff OneCard. If you choose this option, you can deposit funds to your Buff Bucks account at the OneCard Office or at Buff Bucks Transaction Machines located in the UMC, recreation center, and Williams Village. You can store up to \$1,000 in your Buff Bucks account. Then when you make purchases at campus merchants, the amounts are subtracted from the total value in your account. Since it is not a bank account, cash withdrawals cannot be made and a fee is charged if you close the account. Through an agreement with the U of C Federal Credit Union, the Buff OneCard also offers an ATM/Debit Card option (called Buff Gold). This option allows you to use the Buff OneCard to get cash from ATMs and to make debit card purchases from establishments belonging to the Star/Explore network (such as King Soopers and Safeway grocery stores). To activate this option, open a share draft account at the U of C Federal Credit Union located in UMC 172. Your cash withdrawal and purchase limit is the amount of money you have in your credit union account.

Look on the back of your Buff OneCard for information on these and additional features designed to make your campus life more convenient.

More information is available on these programs at the Buff OneCard Office in UMC 25. Call 303-492-0355, or visit our web site at www.buffonecard.com.

Understanding Your Schedule

Your schedule/bill reflects any courses you are registered for through the "activity through" date printed on your schedule/bill. If you have a message instead of a course title or if a course you requested does not appear, it means you are not registered for that course. Keep your class schedule as a record of your registration.

Adjusting Your Schedule

You can adjust your schedule by dropping and adding courses via CU Connect or through web registration via PLUS at www.colorado.edu/plus. To drop or add a course, follow the procedures you use to register (see the following "Drop/Add Deadlines" section for time limitations). Be sure to keep your registration form as a record of the courses in which you are enrolled.

If you want to change your credit hours or adjust pass/fail or credit/no credit status after you initially register for the course, go to the registrar's office in Regent 105 to have the change made for you on a computer. This is for your own protection. If you make these changes via telephone, you must first drop the course before changing your status, and there is the possibility you won't be able to add the course again once you have dropped it.

Drop/Add Deadlines

If you drop a course by the appropriate drop/add deadline listed below, your bill is adjusted and you won't have a *W* grade on your transcript. *If you are dropping ALL of your summer courses, see the information on withdrawing on page 77.*

The drop/add deadline (see the chart below) is the deadline to:

- add a course
- drop a course and receive a tuition adjustment (see "Dropping All of Your Summer Courses" if you are dropping all of your summer courses or your only course)
- drop a course without receiving a *W* on your transcript
- designate *pass/fail* status changes
- change credit/no credit status
- designate a different credit load
- make variable credit-hour changes

If you drop a course after the appropriate drop/add deadline listed (see chart below), you are assessed full tuition and fees for the course and it appears on your transcript with a *W* grade.

To drop a course after the drop/add deadline through the deadline to drop without petitioning your dean (see chart below), you must obtain your instructor's signature on a special action form. *Thereafter*, you may not drop courses unless there are circumstances clearly beyond your control (i.e., accident, illness). In that case, in addition to the instructor's approval, you must also obtain approval from your academic dean.

No adds are permitted after the drop/add deadlines unless there are extenuating circumstances. To add a course after the drop/add deadline, you must petition your dean's office.

Administrative Drops

Administrative drops are initiated by departments. If you have not met all the prerequisites for a course, or if you do not attend your courses regularly during the first few weeks, you *may* be administratively dropped from any course.

Check with departments for policies concerning administrative drops.

Part-Time/Full-Time Course Load Definitions (for Enrollment Verification)

Undergraduate

In the summer, undergraduate students enrolled in 6-8 semester hours are considered to be half time for financial aid purposes. Students must be enrolled at least half time to be eligible for federal loans and for loan deferments.

For academic purposes, students need only carry 6 hours or more to be considered full time.

Graduate

Summer graduate students qualify for full-time status if they are enrolled for at least 3 semester hours of course work at the graduate level, or 4 semester hours of combined undergraduate and graduate hours. Exception: law students need 5 or more hours for full-time status. For financial aid purposes, graduate students must be enrolled at least half time to be eligible for federal loans and deferments.

lations, check the specific college and school sections of the *University of Colorado at Boulder Catalog*. Your college may have different guidelines than those used for enrollment verification purposes above.

If you receive financial aid, veterans' benefits, or are living in university housing, check with the appropriate office regarding course-load requirements.

Dropping All of Your Summer Courses (Withdrawing from Summer Session)

If you are a *continuing or nondegree student* who registers for courses and then decides not to attend summer session, you must cancel your summer registration by dropping *all summer courses by midnight on June 2 to avoid any financial penalty.* (Exceptions: The deadline to withdraw without financial

penalty is 4:30 P.M. on May 17 if you are registered for term M or midnight on July 10 if you are only registered for term B, independent study, thesis hours, doctoral dissertation hours, or math modules. The deadline to withdraw without financial penalty if you are registered for term E or F is the day before the class begins.) Refer to the chart below for financial penalties assessed for withdrawing (or dropping all your courses) after June 2 (even if you register after June 2).

New and readmitted students who withdraw from summer session by dropping all summer courses by June 2 (or by July 10 if only registered for term B, independent study, thesis hours, doctoral dissertation hours, or math modules) are assessed \$100 in tuition and fees. Refer to the chart below.

To drop all of your courses (withdraw from summer session) or cancel your summer registration, *degree* students fill

out a withdrawal form in the registrar's office, Regent 105, or send a letter, by the published deadlines, to:

University of Colorado at Boulder
Withdrawal Coordinator
Campus Box 7
Boulder, CO 80309-0007

Nondegree students withdraw through:

University of Colorado at Boulder
Division of Continuing Education
1505 University Avenue
Campus Box 178
Boulder, CO 80309-0178

Withdrawals from summer session after the drop/add deadline may require your instructor's or dean's approval.

If you do not withdraw, you receive failing grades in the courses for which you were registered and you must pay full tuition and fees. If you stop attending a course without officially dropping it, you receive a grade of *F* in that course.

Registration Miscellany

Confidentiality of Student Records

The Family Educational Rights and Privacy Act (FERPA) affords you certain rights with respect to your education records. They are:

1. The right to inspect and review your education records within 45 days of the day the university receives a request for access.

You should submit to the registrar, dean, head of the academic department, or other appropriate official, written requests that identify the record(s) you wish to inspect. The University official will make arrangements for access and notify you of the time and place where the records may be inspected. If the records are not maintained by the university official to whom the request was submitted, that official shall advise you of the correct official to whom the request should be addressed.

2. The right to request the amendment of your education records that you believe are inaccurate or misleading.

You may ask the university to amend a record that you believe is inaccurate or misleading. You should write the university official responsible for the record, clearly identify the part of the record you want changed, and specify why it is inaccurate or misleading.

If the university decides not to amend the record as requested by you, the university will notify you of the decision and advise you of your right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to you when notified of the right to a hearing.

3. The right to consent to disclosures of personally identifiable information contained in your education records, except to the extent that FERPA authorizes disclosure without consent.

One exception that permits disclosure without consent is disclosure to school officials with legitimate educational interests. A school official is a person employed by the university in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the university has contracted (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; a student employee; or a student serving on an official committee, such as a disciplinary or grievance committee, or one assisting another school official in performing his or her tasks. In addition, your records may be disclosed to your parent(s) upon request if your parent(s) claim you as a dependent for income tax purposes.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibility.

Upon request, the university discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

4. The right to file a complaint with the U.S. Department of Education concerning alleged failures by the university to comply with the requirements of FERPA. The name and address of the office that administers FERPA is:

The Family Compliance Office
U.S. Department of Education
600 Independence Avenue, SW
Washington, D.C. 20202-4605
Phone: 202-260-3887

Release of Disciplinary Information

Provisions of the Family Educational Rights and Privacy Act of 1974, as amended by the Higher Education Amendments of 1998, govern access to a student's disciplinary file. The student and/or those university officials who demonstrate a legitimate educational need for disciplinary information may have access to the student's disciplinary file. Parent(s), who provide proof that a student is a dependent as defined in Section 152 of the Internal Revenue Code of 1954, i.e., a copy of the last federal income tax return listing the student as a dependent, can have access to the student's disciplinary file without written consent of the student. In this case, parents may also have access to a disciplinary file, even if the student has requested otherwise.

In addition, parents may be notified if a student under 21 years of age is found responsible for a violation involving use or possession of alcohol and drugs.

The Campus Security Act permits higher education institutions to disclose to alleged victims of any crime of violence (murder, robbery, aggravated

assault, burglary, motor vehicle theft) the results of the conduct proceedings conducted by the institution against an alleged perpetrator with respect to such crime. The Campus Security Act also requires that both accused and the accuser be informed of campus conduct proceedings involving a sexual assault.

Additionally, the Higher Education Amendments of 1998 permit disclosure of the final result of disciplinary cases in which a student has been found responsible for a violation involving violence or for a sex offense.

Updating Your Address

A correct address is vital for you during the summer because the university mails important documents such as your schedule/bill and financial aid notifications.

In the summer, initial schedule/bills sent in May are mailed to your permanent address. Your permanent address is considered your "home base" address. It can be your parents' address, a Boulder address, or the address of someone who knows how to reach you. Once summer classes begin, all mailings related to summer will be sent to your mailing address. An accurate local mailing address is also important in case the university needs to reach you due to a family or personal emergency.

Note: The university uses the *permanent address* from mid-May through mid-August for students *not* enrolled in summer classes.

You can look up any of your addresses on PLUS at www.colorado.edu/plus (see page 73) and, if needed, update your address directly on PLUS. Or you can complete a change-of-address form at the registrar's office in Regent 105, the continuing education office at 1505 University Avenue, or the Buff OneCard Office in UMC 25. You can also call 303-492-6970 to update your address.

E-Mail the Registrar

Have you ever had an academic records- or registration-related question, but didn't know who to ask? Or have you ever had a comment you wanted to share with us about one of our programs or processes?

You can e-mail the registrar's office at registrar@colorado.edu to get some answers or make your comments. Your e-mails are read by a staff member in the registrar's office and then forwarded to the most appropriate person for a response.

We encourage you to use this student service.

Final Examinations

Final examinations are given during the last class period in the term. Early examinations are not permitted.

Time Out Program

The Time Out Program (TOP) allows degree students to take a leave from the university for a semester or a year without losing your place in your current college or school. You must be in good standing and have your dean's approval. Readmission to the university is guaranteed when you return, providing you meet registration and deposit deadlines. A nonrefundable \$40 application fee is charged.

For further information on TOP, or for an application, call 303-492-8673, or write to:

University of Colorado at Boulder

Boulder, CO 80309-0007

Faculty and Staff Summer Registration and Tuition Benefits

If you are a permanent faculty or staff member at the university or an instructor, professional research assistant, or professional research associate employed on a continuous basis for 12 months and are .5 FTE or greater, you may take up to 6 free credit hours each year; however, you are assessed any applicable course fees. The academic year begins with summer session, and the number of free hours is prorated based on full-time employment status. Enrollment is on a space-available basis during the final drop/add period, unless you wish to register early. In that event, you are charged full tuition and fees.

Tuition Benefits and Registration Procedures

All permanent faculty and staff who wish to use their tuition benefits must have a copy of their Personnel Action Form (PAF) signed by their supervisor, verifying the course is job related or career enhancing. Submit the PAF to the Bursar's Office by Monday, May 1, 2000. If you are a new student (degree or nondegree), you must turn in the appropriate application for admission to the Bursar's Office with your PAF. Registration information is available from the Bursar's Office when you turn in your PAF. For further information, call 303-492-5381.

Registering for Fall

If you are a new or readmitted degree student this summer and are eligible to register for fall semester 2000, fall registration materials are mailed to you at your mailing address approximately one to two weeks after you register for summer. You will receive a *Fall 2000 Registration Handbook and Schedule of Courses* as well as information on when you may register. If you do not receive registration materials for fall within two weeks of registering for summer, or by August 4, come to the Office of the Registrar, Regent 105, between 9:00 A.M. and 4:30 P.M., or call 303-492-6970.

Note: Fall registration for new and readmitted degree students for summer doesn't begin until May 1 and you must register for summer before you are eligible to register for fall.

If you're a new freshman or transfer student in the College of Arts and Sciences for summer, you register for fall during a fall orientation program on campus during the summer. For information, call the Office of Orientation at 303-492-4431.

If you are a nondegree student this summer and interested in registering as a nondegree student in the fall, call continuing education at 303-492-5148 for more information.

Grade Information

Grade reports are not mailed at the end of the semester. To obtain information about grades at the end of the semester, you can do the following:

- Call CU Connect, the telephone registration system, at 303-938-8110, during regular hours of operation. Enter the Boulder campus code 1; then enter 2, the main campus code; then enter 2 to hear your grades. (For summer, use the term code 004.) You can access summer term 2000 grades via CU Connect according to the following schedule:

Summer Grades Available via CU Connect

Term M	June 7
Term A	July 8
Term C	July 29
Terms B and D	August 12
Terms E and F	End of intensive term

- Use the PLUS system at www.colorado.edu/plus. Grades are available on PLUS according to the same schedule shown above for CU Connect.
- Check to see if your grades are posted, as some instructors post grades for their courses outside their offices, the classroom, or the department office.
- Order official transcripts by:
 1. mailing a signed written request to
University of Colorado at Boulder
Transcripts
Campus Box 68
Boulder, CO 80309-0068
 2. sending a signed FAX request to
303-492-4884

3. calling in a request to 303-492-8987

Official transcripts ordered through one of the methods listed above are free of charge and are normally processed and mailed first class within four business days.

You may also order an official transcript 24 hours a day through VOICE FX (a third-party provider). Call them at 1-800-613-3735 or visit their web site at www.gettranscript.com and select the University of Colorado at Boulder. Transcripts through this service cost \$1.50 each and are normally processed and mailed first class within four business days.

- Order an unofficial transcript for a cost of \$1 for next-day service or \$5 for same-day service. Go to the transcript window, Regent lobby, or call 303-492-8987. Unofficial transcripts are not mailed off campus.

Registration Form

Complete the form below for summer 2000 before registering for courses via CU Connect or the web. You need the five-digit course call number(s) for the courses you want to take regardless of whether you register via telephone or via the web.

Note: The "Add Code," "Drop Code," and "#" symbol in the shaded boxes on the form below are used for *telephone registration only*.

Registration Hours

CU Connect and web registration are normally available Monday through Friday, 7:00 A.M. to midnight, and on Sundays from 11:00 A.M. to midnight. They are *not* available on Saturdays, on May 29, or July 4.

Need help?

Call the registrar's office for personal assistance, 303-492-6970 and press 1, between 8:00 A.M. and 4:30 P.M., MST, Monday through Friday, except university holidays. Recorded registration information is available 24 hours a day, seven days a week (press 2 to hear the recorded information).

Web Registration

To register via the web, go to the PLUS web site at www.colorado.edu/plus and click the "Registration" button. Enter your student ID number and your PIN. Follow the instructions on the web pages from there. You will need to enter the 5-digit course call numbers you've listed below to register for courses. Every time you want to process a request, click on the "Submit" button. When you are done registering, verify your schedule by clicking on the "Schedule" tab at the bottom of the page. Be sure to exit the web registration site when you are done.

CU Connect Registration

Complete the registration form on page 82 and use it in conjunction with the following instructions to register by phone. Follow the instructions and the codes in the shaded areas of the form.

- call 303-938-8110. A recorded voice guides you through all the steps and requests the following information. Wait for the recorded voice to respond before proceeding with the next entry.

- the Boulder campus code is 1
- the main campus code is 2
- the registration application code is 1
- the term code for summer 2000 is 004
- your university student number
_____ - _____ - _____
- your personal identification number (PIN) _____

Refer to the registration form you completed on the previous page and use the function codes below to complete your telephone registration.

CU Connect Telephone Registration Codes

- *# **Cancels** an entry (before you have completed the transaction). You may then re-enter your request.
- 2* **Adds** a course, when entered before the course call number.
- 3* **Drops** a course, when entered before the course call number.
- 5# **Lists** your current schedule.
- 7# If the section of a course you request is closed and the course has more than one section, CU Connect gives you the option of **searching** for another available section by prompting you to press 7#.
- 8# **Exits** you from the registration application. Then press 1 to access the student billing application or 2 to end the call.
- 9# If the section of a course you request is closed and there is a wait list available for the course, CU Connect gives you the option of adding your name to a course **wait list** by prompting you to press 9#.
- # **Ends** every transaction. Wait for the telephone voice to respond. You can also press the # key for more time between entries.

Credit and Grading Options

- To request a course for no credit, press *1 between the course call number and #.
- To select the pass/fail grading option, press *2 between the course call number and #.

Paying

FOR SUMMER SESSION

Enrollment Deposit

New Degree Students

If you're a new degree student, you must pay a nonrefundable \$200 enrollment deposit at least 24 hours before you register for classes.

Continuing Degree Students

Your enrollment deposit is held until you graduate or officially withdraw from CU-Boulder, within established dates and guidelines (see page 77 for the summer withdrawal chart and refer to the *Fall 2000 Registration Handbook and Schedule of Courses* for the fall semester withdrawal chart). At that time, your deposit is credited toward any outstanding debts you owe the university, and a refund is mailed to you in approximately eight weeks.

Update your permanent address at the Bursar's Office each time you move and before you graduate or withdraw to be sure you receive your refund.

Interest earned from enrollment deposits is used for student financial aid.

Matriculation Fee

If you are a degree student *new to a program*, you must pay a nonrefundable matriculation fee of \$35 at registration.

If you are a nondegree student who is admitted to degree status, we assess a \$35 matriculation fee when you first register as a degree student.

Nondegree Students

Nondegree students with a prior baccalaureate degree are assessed tuition at the graduate student rate *unless they enroll in undergraduate courses only*, in which case they are assessed tuition at the undergraduate rate. Nondegree students without a baccalaureate degree are assessed tuition at the undergraduate rate.

Tuition and Fee Information

Do you need to know how much you owe on your tuition and fee bill? Call CU Connect at 303-938-8110 or check the PLUS web site at www.colorado.edu/plus. Has your financial aid (including loan proceeds) been applied to your bill? Is a refund check available to pick up? What is the deadline for payment of your next tuition and fee bill?

You can connect with the PLUS service any time, including nights and weekends, at various terminals located around campus.

If you have any questions about tuition information on the web, call the Bursar's Office at 303-492-5381. The TTY number for the deaf or hard of hearing is 303-492-3528. Or you can reach us via e-mail at bursars@colorado.edu.

Tuition Drop Boxes

Permanent drop boxes are located outside Regent Administrative Center at the north and south entrances. The boxes are available 24 hours a day, seven days a week, for you to drop off tuition payments, telephone bill payments, and any other bills owed to the Bursar's Office. If you are using the U.S. Postal

Service, mail your payment early. The university must receive your bill by the published deadlines. Postmark dates are not honored. Include your name and your student ID number on all checks. Bring cash payments to the cashiers' window in Regent.

Getting Your Refund Check

If your tuition account reflects a credit balance, you are entitled to a refund. You can receive your refund by direct deposit or refund check.

Direct Deposit

If you have a credit balance on your tuition account as of May 31, your summer 2000 refund is deposited into your bank account on June 2. Whenever your tuition account reflects a credit balance, your refund is deposited to your bank account 24 hours after the credit appears on your tuition and fee account.

For more information, or to sign up for direct deposit, call 303-492-5381 or 303-492-3528 (TTY), or stop by the Bursar's Office and fill out a form.

Refund Checks

If you don't sign up for direct deposit, and your tuition account reflects a credit balance as of May 30, a refund check is mailed to your local mailing address on June 1. This refund *cannot* be picked up. If your tuition account reflects a credit balance after May 30, a refund check is available at the cashiers' window in Regent Administrative Center beginning June 2. You must have your photo ID with you.

Failure to Pay in Full by the Deadline

University policy requires that a financial stop be placed on your record if you fail to pay your full tuition and fee bill by the published deadline.

All past due accounts are referred to the Student Debt Management department for collection, where you must pay any assessed collection charges.

Colorado law requires the university to place all delinquent accounts with the state's Central Collection Services (CCS) office. If your account is referred to CCS, you must pay any collection costs allowed by the Uniform Consumer Credit Code.

A late payment charge in addition to a service charge on the unpaid balance (one percent per month) is assessed according to the following schedule:

Balance Due	Late Charge
\$99.99 or less	\$ 5
100 -299.99	\$10
300 -499.99	\$20
500 -699.99	\$30
700 -899.99	\$40
900 and over	\$50

Personal Check Policy

If you write a bad check (regardless of the amount) to the university, you may be subject to late and service charges and a stop is placed on your record. A \$17 returned check charge is assessed, in addition to the amount due to the university. You may also be liable for collection costs and prosecution under the Colorado Criminal Statutes. Specific inquiries concerning reporting of bad checks should be directed to the Student Debt Management department in the Bursar's Office at 303-492-5571 or 303-492-3528 (TTY).

Note: All checks containing restrictive endorsements are null and void and nonbinding on the university.

Failure to Complete Financial Transactions/Financial Stops

If you fail to pay your bill, miss payment deadlines, or write bad checks to the university, you are subject to late fees, finance charges, and financial stops.

Financial stops prevent you from registering for any future terms, receiving a diploma, dropping or adding classes, or receiving an academic transcript of work at the university.

Schedule Adjustment

Be aware of the deadlines for dropping and adding classes to avoid being charged for credits you wish to drop (see page 76).

You are charged for all added credits. You will *not* receive a tuition and fees refund for credits dropped after the fifth working day of a 5-week term or the tenth working day of an 8- or 10-week term (i.e., after June 7 for term A), regardless of the number of times the class meets.

Drop classes by 4:30 P.M. on the following dates in order to have your tuition and fee bill adjusted and not have a W grade appear on your transcript, regardless of the number of times the class meets:

- May 17 for term M
- June 9 for term A
- July 17 for terms B and I
- June 16 for terms C and D (Exception: July 17 for 900-999 sections)
- the second day of class for intensives that last two weeks or less
- the third day of class for intensives greater than two weeks but not greater than three weeks
- the fifth day of class for intensives greater than three weeks

Note: If you are dropping all your courses, refer to the following withdrawal information.

Withdrawals

Continuing and nondegree students who cancel their summer registration by the following dates are not assessed any financial penalty. New and readmitted degree students who cancel their summer registration by the following dates are assessed \$100 in tuition and fees.

- May 17 for term M
- June 2 for terms A, C, and D
- July 10 for term B

For exceptions to this deadline and for other withdrawal deadlines, refer to the "Summer Withdrawal Assessment Schedule" on page 77.

Residency Classification

For tuition purposes, new students are classified as resident (in-state) or non-resident (out-of-state) on the basis of information provided on their application for admission and other relevant information. If your parents do not live in Colorado, and if you will not be 23 years of age (22 years of age if you first attend college in Colorado fall semester 1996, or earlier) by the first day of class for the term for which you are applying, you must submit a petition for in-state classification (see address below).

Petitioning for In-State Classification

If you feel your classification is incorrect or you are eligible for a change to resident status, you must submit a petition with documentation in order to have your status changed. For the necessary petition forms and an explanation of the Colorado tuition classification statute, call 303-492-6868, visit the web site at registrar.colorado.edu, send an e-mail to tuitclass@registrar.colorado.edu, or write to:

University of Colorado at Boulder
Tuition Classification Coordinator
Campus Box 68
Boulder, CO 80309-0068

If you are a student at another CU campus, address your inquiries to the appropriate Office of Admissions and Records.

For summer 2000, petitions for residency classification must be submitted by May 1 for term M; by June 9 for terms A, C, and D; by July 14 for term B; and by the first day of class for terms E and F.

Further information on tuition, fees, and deposits is available from the Bursar's Office, 303-492-5381. The Board of Regents reserves the right to change tuition without notice.

Summer Parking Permits

Students who wish to park a vehicle in a parking lot on campus must purchase a permit. A valid vehicle state registration and photo ID must be presented. Parking permits for summer session will be sold on Friday, June 2, and Monday, June 5, at the Coors Events/Conference Center from 8:30 A.M. to 4:00 P.M. After these dates, permits will be sold at the Parking and Transit Office, 1050 Regent Drive.

Permits for summer 2000 cost \$22.50 to \$75 depending on length of session and lot location. Motorcycle, moped, and scooter permits cost \$15. During the summer, permits must be paid for with cash, check, or credit card (VISA, MasterCard, American Express). Permit rates are subject to change without notice. For more information, call 303-492-7384, or visit our web site at ucbparking.colorado.edu/students.

Tuition Charts

Summer expenses vary, depending on your program of study and your residency classification. Summer session 2000 tuition rates are shown in the charts below. For a sample budget of estimated expenses, see page 90.

As a summer student, you also must pay student activity fees.

Student Fees

Fees are based on the number of weeks you are enrolled. Students who enroll for more than one summer term, or overlapping summer terms, pay fees for all of the applicable terms, to a maximum of \$119.59. Students registering for independent study are assessed fees for 10 weeks. University services are available only for the number of weeks of enrollment.

Summer 2000 Fees

Enrollment	Student Fees*
Three weeks (Term M)	\$ 00.00
Five weeks (Term A or Term B)	60.41
Eight weeks (Term C)	95.92
Ten weeks (Term D and independent study only)	119.59
Term E or F intensive course only	not mandatory
Term I	60.41

* Student fees for summer 2000 are prorated by UCSU based on the number of weeks attended.

University of Colorado Student Union (UCSU) Student Fees

University Memorial Center \$2.47
 Provides a central location for a variety of educational and out-of-classroom activities.

Recreation Center \$4.71
 Meets group and individual recreation needs of campus.

Wardenburg Health Center \$4.02
 Clinic providing health care for university affiliates since 1958. Boulder campus fee-paying students receive care at a discounted cost in most areas. Student fees currently support 29.57 percent of Wardenburg's operating budget.

Cultural Events Board \$ 0.30
 Student-run organization dedicated to promoting cultural awareness on the Boulder campus through a wide variety of cultural programming since 1974.

Environmental Board \$ 0.26
 Student-run center encouraging environmental involvement on campus. Promotes water and energy conservation, alternative transportation, and responsible resource use by students, faculty, and staff. CU Recycling, a student-administrative partnership since 1994, is the largest campus recycling operation in the U.S.

KUCB \$ 0.11
 Radio station serving campus and surrounding Boulder community with 24 hours of news, weather, sports, and alternative music. Provides 100-150 volunteers with experience in radio, production, advertising, marketing, business, and management.

Legal Services \$ 0.23
 Provides direct legal services (i.e., counseling, negotiation, document preparation, and in-court representation) to fee-paying students.

Off Campus Student Services \$ 0.22
Maintains listings of rooms, houses, and apartments for rent in the Boulder community, as well as lists of students looking for a roommate. Offers advice about leases, security deposits, and how to avoid landlord/tenant problems.

Student Organizations
Finance Office (SOFO) \$ 0.37
Acts as an on-campus "bank" for student groups and government. All student fee-funded groups that use campus facilities for fundraising must have an account with SOFO.

University of Colorado
Student Union (UCSU) \$ 0.53
Makes policy and budget decisions, and is an advocate for students on campus, throughout the CU system, and at state and national levels of government.

Volunteer Clearing House \$ 0.03
Works with nonprofit agencies in the Boulder community and with UCSU and student groups on campus as a volunteer placement agency.

Sinapu Referendum \$ 0.02
Student group advocating reintroduction of the wolf into Colorado.

Wilderness Study Group
Referendum \$ 0.03
Promotes awareness of public land issues and protection of the ecosystem through work with environmental and governmental agencies, field research, and educational programs.

Women's Resource Center \$0.13
Centralizes information on women's services, organizations, and events through a variety of resources in a women-centered space.

Police Recharges \$ 0.09
Payment to the CU Police Department for patrolling the UMC, Wardenburg Health Center, and the recreation center.

Retroactive Insurance \$ 0.07
Adjustment to prior year's Liability and Property Insurance premiums as required by the university insurance underwriters. This line item was budgeted previously in each of the cost centers and is not an additional fee.

PUSH America Referendum \$ 0.03
Promotes the well being and welfare of disabled children by providing interactive community service opportunities to college students and to provide community service events in the Boulder area as well as opportunities to make summer camps accessible to disabled children regionally.

Small Cost Center Capital \$ 0.03
Capital budget for the smaller UCSU cost centers. This line item was previously budgeted in each of the smaller cost centers and is not an additional fee.

Uncollectibles \$ 0.02
Bad debt expense.

CU Colleges and Schools \$0.11
Allocates operating funds to individual college student governments.

RTD Fee \$22.90
Allows students free use of public transportation (RTD bus pass) in Boulder County, and to Broomfield, Westminster, and Denver (exception: \$8 one-way or \$13 round-trip to DIA). Within the city of Denver, regular RTD fare is charged. This fee also supports the Night HOP Shuttle (runs Thursday, Friday, and Saturday from 10:30 P.M. to 2:30 A.M. connecting the hill area to downtown Boulder), the Day HOP (runs 7:00 A.M. to 7:00 P.M., Monday through Friday), and the SKIP (running both directions on Broadway). There is no charge for either service.

Student Information System (SIS) Fee \$ 7.00
For maintenance and upkeep of the four-campus student on-line computer systems (each campus of the four-campus system contributes to this support).

Student Computing Fee
For students taking 7 or more credit hours \$60.00
For students taking 6 or fewer credit hours \$30.00
Used for building, maintaining, expanding, and updating computing labs across campus, and providing all students with access to computing accounts including e-mail, the Internet, etc.

Arts Fee \$ 4.00
Supports on-campus performing arts (theatre, dance, music, and fine arts) so that all students can have access to museums, performances, etc. by providing no charge or reduced cost admission.

Estimated Course Fees

Course fees are assessed to help offset the higher costs of specialized supplies, equipment, and materials that are required to teach courses in certain departments. Fees listed below are for summer 1999. Fees for summer 2000 were not yet available at the time this catalog was printed (January 2000). TUITION AND FEE DEADLINES

This summer, payment of your bill is linked to when you register for classes.

- If you register by April 28 for term M or term M in combination with any other term, your tuition and fee bill is due in full by 4:30 P.M. on May 24.
- If you register for any term other than term M by April 28, or register between April 29 and June 9 for any term, your tuition and fee bill is due in full by 4:30 P.M. on June 21.
- If you register between June 10 and July 7, your tuition and fee bill is due by 4:30 P.M., July 19.
- Students who register July 8-17 are required to pay their bill in full by 4:30 P.M. August 2.
- A bill for any remaining balance is sent to your mailing address. The deferred payment plan is not available during the summer.

If you register	Your schedule/bill is mailed to your mailing address unless noted otherwise below	Your tuition and fees are due (4:30 P.M.)
By April 28 for term M (or term M in combination with any other term)	May 1 (mailed to permanent address)	May 24
By April 28 for any term other than term M or register April 29-May 19 for any term	May 22	June 21

July 8-July 17	July 20	August 2

Even if you do not receive a tuition and fee bill, you are still responsible for knowing the amount of your bill and paying it on time.

ESTIMATED EXPENSES

Expenses for summer session at CU-Boulder vary, depending on your residency, where you live in Boulder, and your personal needs and interests. The following figures are estimated expenses for an undergraduate student taking 6 credit hours in the College of Arts and Sciences during the 10-week summer session.

University Educational Expenses	Resident ¹	Nonresident ¹
Tuition ²	\$ 888	\$ 3,300
Fees ³	208	208
<i>Subtotal</i>	<i>\$ 1,096</i>	<i>\$ 3,508</i>
Estimated Additional Expenses⁴		
Room and Board Off Campus	\$ 2,533	\$ 2,533
Books and Supplies	175	175
Transportation	364	364
Medical ⁵	364	364
Personal Expenses	583	583
<i>Subtotal</i>	<i>\$ 4,019</i>	<i>\$ 4,019</i>
Total	\$ 5,115	\$ 7,527

¹ Classification of students as resident or nonresident for tuition purposes is governed by state law. Detailed information is available from the tuition classification coordinator.

² Tuition figures are based on 6 credit hours of course work in the College of Arts and Sciences. See the tuition charts on page 86 for tuition rates for other colleges and schools.

³ A nonrefundable matriculation fee of \$35 for new degree students is assessed at the time of initial registration only and is not included in the sample budget.

⁴ Estimated additional expenses are based on summer 1999 estimates. Figures for summer 2000 were not available at the time this catalog was printed (January 2000).

⁵ Out-of-pocket estimate for 10 weeks. Continuing students who have student health insurance for spring semester 2000 are automatically covered for summer session. A separate summer session health insurance plan is available to students not already covered.

APPLYING FOR Financial Aid

Students are required to submit two applications for summer financial aid:

- *Free Application for Federal Student Aid* (FAFSA) 1999-2000, and
- Office of Financial Aid Telephone Application.

Application and Eligibility

CU-Boulder degree students apply for summer financial aid by telephone. Use the worksheet on page 93 or on the web at www.colorado.edu/finaid so you will be ready to answer the telephone questions. Your summer financial aid application will be accepted by telephone only if information from your 1999-2000 FAFSA has been received by the Office of Financial Aid.

CU-Boulder degree students attending a CU-Boulder study abroad program are required to complete a manual application available at the Office of Financial Aid.

CU-Boulder nondegree students taking classes in order to be accepted into a CU-Boulder degree program may be eligible for summer financial aid. Nondegree students should complete a manual summer application available at the Office of Financial Aid. For more information call 303-492-4518.

If you are taking summer classes that will not transfer into a CU-Boulder degree program, you are considered a visiting student and are not eligible for financial aid.

Deadlines

- March 15** Priority date for applying for summer work-study.
- June 30** Last day for 1999-2000 FAFSA to arrive at the federal processor.
- June 30** Last day to apply for summer financial aid by telephone.
-

Verification

If you did not apply for financial aid during the 1999-2000 academic year, the information you provided on your FAFSA must be verified before receiving summer financial aid. Submit a signed copy of your 1998 federal income tax return to the financial aid office. If you included parent information on your FAFSA, also submit a signed copy of your parents' 1998 federal income tax return. If we need additional documents to complete your file, we will notify you in writing. Be sure your address is current with the Office of the Registrar.

Enrollment Requirements

To receive federal loans for summer session, you must enroll at least half-time. Self-paced correspondence and no-credit classes do not count toward half-time enrollment.

For financial aid purposes, the Department of Education considers 6 credit hours as half time for undergraduate students. (Note: half-time undergraduate enrollment for academic purposes is 3 credits.)

Graduate students should consult the Graduate School to determine half-time enrollment according to their graduate status.

If your enrollment status changes (e.g., you drop from 6 to 3 hours or you decide not to take classes), your aid eligibility may change for summer. You *must* notify the Office of Financial Aid of any changes in your enrollment status. You may do so by calling 303-492-5091 (press 7, then re-enter the pertinent information through the summer telephone application process).

Grants

All enrolled undergraduate financial aid applicants are considered for Federal Pell Grants. You must have eligibility remaining from the 1999-2000 academic year to be awarded a summer Federal Pell Grant. If you were enrolled full time during fall and spring, you have probably already used all your Federal Pell Grant eligibility for 1999-2000.

CU-Boulder has limited grant funds for the summer term(s). If the financial aid office determines that you are eligible for existing grant funds, we will send you an award offer.

Student Loans

Eligibility for summer federal loans is dependent upon the cost of summer attendance and the amount borrowed during the academic year. For example, a student who was eligible for a \$5,500 Federal Direct Stafford/Ford Loan during 1999-2000, but borrowed only \$4,000 during fall 1999/spring 2000 is still eligible for the remaining \$1,500 for summer 2000.

If you qualify for loans, we will mail a summer award offer to you along with appropriate promissory notes and

instructions. Federal Direct Stafford/Ford and/or PLUS (parent) loans are disbursed once you have returned your promissory note(s) and are enrolled at least half time.

Note: Borrowing a PLUS loan is regarded as parental support on in-state residency petitions.

Work-Study

Priority is given to applicants who telephone in their summer application information by **March 15**. Your FAFSA information must also be received in the Office of Financial Aid by that date. Preference for work-study is given to students who had work-study earnings during the 1999-2000 academic year. If you will not be enrolled in summer classes, you must have been enrolled at CU-Boulder during spring 2000 and you must also enroll for fall 2000 to receive a summer work-study award.

Work-study positions for summer are posted on a bulletin board outside the Student Employment Office in UMC 165 and on the web at www.colorado.edu/finaid/jobs/MENU.HTM. Positions include clerical assistants, food service workers, grounds keepers, lab assistants, peer counselors, cashiers, and more.

Summer awards can be earned during the 12 weeks between May 14 and August 5. If you have not been awarded by May 15, it is unlikely that you will receive a summer work-study award.

If you are awarded summer work-study and the award amount is greater than your eligibility for summer aid, you will be expected to save the difference to use toward your 2000-2001 school year expenses. The excess amount will appear on your summer award letter as "Expected Summer Savings." It will also appear on your 2000-2001 financial aid award offer as a resource.

You must begin earning your work-study award by June 9. If you cannot begin working by this date or if you plan to work less than the 12 weeks allotted for summer work-study, notify the Student Employment Office at 303-492-7349 so your award will not be cancelled.

To apply for an increase in your work-study award for summer, pick up a work-study increase request form at the Office of Financial Aid or the Student Employment Office. You may also download a copy of the form from the web at www.colorado.edu/finaid/other/docs.htm.

To comply with the Revenue Reconciliation Act of 1990, work-study recipients may be required to contribute to a retirement fund. A payroll deduction is taken from your checks during the summer, so plan accordingly.

Hourly Employment

Nonwork-study or hourly positions are also posted outside the Student Employment Office in UMC 165 and on the web at www.colorado.edu/finaid/jobs/MENU.HTM.

The Job Location and Development (JLD) program is also available to assist you in locating suitable off-campus hourly employment. JLD administers an on-call service to place you in temporary assignments such as babysitting, yard work, clerical work, and general labor positions and offers a job-match service to help match your specific skills with an appropriate employer. For more information, call 303-492-5091 (press 5, then press 2). Applications are available at the Student Employment Office in UMC 165.

Nondegree Students

Limited financial aid is available. Call 303-492-4518 for more information on eligibility and the application process.

Additional Information

For more financial aid information, visit the Office of Financial Aid, Environmental Design 2 (northwest lower-level entrance), call 303-492-5091, e-mail us at finaid@colorado.edu, or visit our home page at www.colorado.edu/finaid.

Applying for Summer 2000 Aid

General Instructions

Complete this worksheet before you call the Office of Financial Aid so you are ready to answer the telephone application questions. Students taking classes during the summer need to answer all questions. Students not enrolled for the summer need only complete questions 1, 2, 3, 4, 5, and 15. If you are a new student beginning in one of the 2000 summer terms, you do not need a PIN number to apply through the phone application program.

Note that nondegree students and students enrolled in summer classes through a CU-Boulder study abroad program should not use the phone application. Instead, make an appointment to see a financial aid counselor and submit the *Study Abroad and Nondegree Summer Application* available from the financial aid office.

After Completing the Worksheet

Call 303-492-5091 and press 7 to submit your summer aid application. Have your student ID, personal ID number (PIN), and the completed worksheet ready when you call. Use your telephone keypad to enter Y for yes or N for no.

If you have questions or need assistance, stop by the financial aid office located in Environmental Design 2, or the Student Employment Office in UMC 165. Both offices are open Monday through Friday, 9:00 A.M. to 5:00 P.M. (9:00 A.M. to 4:30 P.M. beginning May 15). You may also call the office at 303-492-5091.

To make changes to your application after you have submitted the information, you may phone in your corrections or follow the instructions given when you call in on the summer application line.

Housing

LIVING IN BOULDER

Summer housing choices range from university facilities for single and married students to off-campus rentals in all areas of Boulder. These choices are available through the offices designated below.

Living On Campus in the Residence Halls

If you're a summer student applying for housing in the residence halls, complete and return the University of Colorado residence halls application for summer 2000 (see pages 95-96). Your completed application should be mailed to:

University of Colorado at Boulder
Residence Halls Reservation Center
Hallett 80
Boulder, CO 80310

Include an advance payment of \$100 to complete your summer housing application (advance payment subject to change). All residence hall facilities are reserved on a first-come, first-served basis, without regard to race, religion, national origin, etc.

Most rooms are rented on a room and board basis. (Term M accommodations are for room only.) Seventeen meals (three meals per day, Monday through Friday, and brunch and dinner on Saturday; meals are not served on Sunday) are served each week. Two meal plan packages are offered to accommodate differences in student schedules: the full meal plan (17 meals per week, Monday through Saturday) or the "any 10 meals per week" plan (Monday through Saturday). Participation in the full meal plan is mandatory for all new freshman residents. There is a limited number of room-only accommodations for upper-division students. No meals are served on Sundays during summer session and refunds are not provided for meals missed.

University housing reservations (and advance payments) and university admissions confirmation procedures (and deposits) are separate transactions, one of which does not guarantee the other. For information regarding admission to the university or confirmation procedures, call the Office of Admissions at 303-492-6301.

Rates for summer session 2000 were not yet determined when this publication went to press (January 2000); however, an increase over 1999 is anticipated. The rates for 1999 are listed on the next page. If you reserve a room, we will inform you of any rate increase. (Rates are subject to change.) You must pay your room and board for the entire period reserved at the time you check in.

You may move in after 8:00 A.M. on May 31 for terms A, C, and D, and on July 9 for term B. (Move-in dates are subject to change.) Unless you give advance notice, you must occupy your room no later than the first day of classes for the term in which you are enrolled, or your room may be released to another student.

You must move out of your room before 10:00 A.M. on the day after the term ends. If changes in the university academic calendar require changes in residence hall occupancy and meal service dates, notice is sent with hall assignments.

If you are taking a short-term course (less than five weeks), you may arrange to live in a residence hall on a space available basis. The minimum length of stay for which you can apply is two weeks. For further information, write to the Residence Halls Reservation Center (address in previous column).

Term M

If you are enrolled for Term M (Maymester), you are assigned to a double-occupancy room in Willard Hall. Accommodations for Term M are for room only. No meals are served. The \$100 advance payment is not required for applicants who apply for Maymester only. You must pay your room charges for the entire period reserved at the time you check in. You may move in after 10:00 A.M., Friday, May 12, and move out of your room before 10:00 A.M. on Saturday, June 3. (Dates and times are subject to change.)

Freshman Degree Students

If you are a freshman degree student during summer session or a freshman attending your first two academic semesters (fall and spring), you are required, subject to the availability of space, to live in a university residence hall. Exceptions include students who are married or live with parents in the Boulder area and have permission to commute.

You may request permission to live off campus for other reasons. Your request is considered on its merit, taking into account your individual circumstances. For information regarding freshman permission to reside off campus, contact:

University of Colorado at Boulder
Supervisor of Housing Reservations
Hallett 80
Boulder, CO 80310

If you are a freshman admitted for summer session 2000 and intend to continue on the Boulder campus in the fall, we encourage you to submit both your summer and fall housing reservations at the same time and as early as possible.

SUMMER 2000 RESIDENCE HALL AGREEMENT

GENERAL. This agreement and application for room and board, accompanied by a \$100 advance payment per individual, is required to reserve your accommodations. (Maymester-only applicants are not required to submit advance payments.) Send the application and advance payment to the Residence Halls Reservation Center, Hallett Hall 80, Boulder, CO 80310. All checks and money orders should be made payable to the University of Colorado Residence Halls. This application is for summer accommodations only.

MEALS. Seventeen meals (three meals per day, Monday through Friday, and brunch and dinner on Saturday; no meals served on Sunday) will be served each week in the designated dining facility. Room-only packages (upper-division students only) are available in limited numbers. Maymester (Term M) accommodations are for room only.

NOTE. University regulations require that all freshmen live in the university residence halls for the summer term as well as the following academic year, unless they are married or live with parents or relatives in the Boulder area and have permission to commute.

CANCELLATIONS. If a cancellation is received in the Residence Halls Reservation Center prior to two weeks *before* the beginning of the term or period for which the reservation is made, half the advance payment will be refunded. If a cancellation is received two weeks prior to the beginning of the term or *after* that date, the entire advance payment will be forfeited.

UNIVERSITY LIABILITY. The university shall assume no responsibility for the theft, destruction, or loss of money, valuables, or other personal property belonging to, or in the custody of, the student for any cause whatsoever, whether such losses occur in the student's room, storage

room, public area, elsewhere in the hall, or in baggage handling related to shipment or storage. Students are encouraged to carry their own personal property insurance.

WITHDRAWALS AND REFUNDS. If a resident withdraws from the university at the end of a term that is shorter than the term indicated on the front of this application, no termination penalties will be charged, provided two-weeks notice is given.

Residents who check out (personally sign out) of the residence halls at any other time and for any other reason will be charged for the period of occupancy plus a \$100 termination penalty. There will be no refund for check-out during the last 10 days of the term. The period of occupancy is terminated only by formal check-out (personally signing out) at the building office.

Freshmen may not move out of the residence halls during the term unless they withdraw from the university or are released by the supervisor of housing reservations, Hallett Hall 80.

TERMINATION BY THE UNIVERSITY. Upon reasonable notice (normally 48 hours) the university reserves the right to terminate this agreement for: (1) failure of the student to make payment of charges promptly, (2) failure to comply with *A Guide to Residence Hall Living* or *University of Colorado Student Conduct Policies and Standards*, which are by reference made a part of this agreement, (3) suspension or expulsion from the university, (4) disciplinary action, (5) behavior that is incompatible with the maintenance of order and propriety in the residence halls. If this agreement is terminated by the university, the charge will be for the period of occupancy plus a \$100 termination penalty.

Students are held responsible for charges incurred between check-in and personally signing out of the residence halls, plus termination penalties as provided for in the residence halls agreement.

Freshmen who want fall housing and who are admitted for summer or fall but who confirm their intent to enroll late or submit housing materials late (usually after mid-May) cannot be guaranteed space in a university residence hall for fall. If space is not available, you will be offered assistance in finding off-campus housing.

Residence Halls

All residence halls offer a variety of attractive and comfortable accommodations, including double and single rooms and a dining room within the building or nearby. Residence halls that will be used during summer session 2000 were not designated when this catalog went to press (January 2000).

Freshmen and sophomores usually share a designated residence hall. Other areas are set aside for upper-division students. (This assignment schedule is subject to change.) A limited number of single

rooms are available upon request; however, single rooms cannot be guaranteed.

If you meet the residence hall application deadline, we notify you by mail of your specific residence hall assignment before the beginning of the term you plan to attend.

Family Housing

The university owns and operates a variety of apartments for students, staff, and faculty who are single, married, or single parent families. Residents come from all over the world to form a unique and diverse community on campus. For further information, call 303-492-6384, or visit our web site at www-housing.colorado.edu/housing/newfh, send an e-mail to familyhousing@housing.colorado.edu, or write to:

Family Housing Office
1350 Twentieth Street
Boulder, CO 80302

Off-Campus Housing

If you are looking for summer housing off campus, visit the Off-Campus Student Services Office, a service of student government.

Off-Campus Student Services maintains listings of apartments, houses, and rooms for rent. Students should come to the office in the University Memorial Center (UMC), room 336, to obtain rental listings at a nominal fee and use the free telephones. If you want an access code to see available rentals listed on our home page (www.colorado.edu/OCSS), an apartment complex summary, a Boulder map, the *Boulder Tenants Guide*, or other pertinent information on living and renting in Boulder, send \$10 (within U.S.) or \$15 (outside U.S.) to:

University of Colorado at Boulder
Off-Campus Housing
Campus Box 206
Boulder, CO 80309-0206

Checks should be made payable to the University of Colorado.

Staff in the office can advise you about leases, security deposits, effective techniques for living with a roommate, and ways to avoid landlord/tenant problems.

If you are interested in eating your meals on campus, you may choose from two meal plans. For information about the residence hall meal plan, call 303-492-6871; for information about the UMC Ala Carte meal plan, call 303-492-8832.

Visit the Off-Campus Student Services Office in UMC 336, Monday through Friday between 9:00 A.M. and 4:00 P.M., or call 303-492-7053.

Remember, freshman students must obtain written permission from the university housing department before obtaining off-campus accommodations for summer session, as well as for fall and spring semesters.

Affirmative Action

The University of Colorado at Boulder does not
discriminate on the basis of race, color, national
origin, sex, age, disability, creed, religion, or vet-
eran status in admission and access to, and treat-
ment and employment in, its educational
programs and activities. The university takes affir-
mative action to increase ethnic, cultural, and
gender diversity; to employ qualified disabled
individuals; and to provide equal opportunity to
all students and employees.

The Department of Equity and Access Services is
responsible for educational and employment
opportunity, implementation of affirmative action
programs, and coordination of Titles VI and VII
of the Civil Rights Act of 1964, Title IX of the
Education Amendments of 1973, the Vietnam
Era Veteran's Readjustment Act of 1974, Section
504 of the Rehabilitation Act of 1973, and the
Americans with Disabilities Act of 1990. For fur-
ther information about these provisions, or about
issues of equity, discrimination, or fairness, write
Garnett K. Tatum, Director of Equity and Access
Services and ADA Coordinator, Willard Hall,
Room 209, Campus Box 144, University of
Colorado at Boulder, Boulder, CO 80309-0144, or
call 303-492-6706.
