# A CU-BOULDER SUMMER

Summer at the University of Colorado at Boulder offers students a variety of opportunities for study, individual development, and recreational activity. Summer session scholars can choose from more than 450 courses, allowing progress toward a degree in almost every area of study.

## OUR COURSES COMPLEMENT YOUR INTERESTS

In addition to summer courses that enable students to fulfill specific degree requirements, there are other summer offerings that complement particular areas of interest. For instance, some English and theatre courses are

4 Study Rocky Mountain flora.

taught in conjunction with the nationally recognized Colorado Shakespeare Festival held on campus each summer; several environmental biology course field studies are conducted at the University's Mountain Research Station, one of the principal sites in the nation for alpine research; the School of Education offers many graduate courses designed for teachers continuing their education; and

the University's Distinguished Visiting Professor Program offers students the opportunity to take courses from well-known scholars in residence during the summer. Other special offerings are associated with the College of Music's annual Colorado Gilbert and Sullivan Festival.

## OUTDOOR RECREATION

Outdoor recreation is a way of life in Boulder. Summertime possibilities range from hiking and biking to exploring old mining towns and sailing on mountain lakes. A good place to begin is CU-Boulder's expansive Recreation Center, one of the finest facilities of its type in the country. Especially popular is the Recreation Center's Outdoor Program, offering mountain sports enthusiasts organized instruction in activities such as backpacking, rock climbing, and rafting.

## THE BOULDER CAMPUS

The University of Colorado at Boulder covers 600 acres of land near the foothills of the Rocky Mountains. The campus includes a total of 160 buildings, most constructed from native sandstone and crowned with red tile roofs in the rural Italian architectural style. Guided walking tours of the campus leave Regent Administrative Center 125 each weekday at 10:30 a.m. and 2:30 p.m. and provide a personal introduction to the campus. No advance reservations are necessary.

## A VARIETY OF FIELDS

A major research university with an enrollment of approximately 21,000 students, CU-Boulder offers a broad curriculum in a variety of fields from the baccalaureate through postdoctoral levels. The following Boulder Campus colleges and professional schools offer more than 4,000 courses in over 140 fields of study:

College of Arts and Sciences  
College of Business and Administration  
College of Engineering and Applied Science

College of Environmental Design  
College of Music  
Graduate School  
Graduate School of Business Administration  
School of Education  
School of Journalism and Mass Communication  
School of Law  
School of Pharmacy

## RELATED LOCAL FACILITIES

Many teaching and research programs on the Boulder Campus are closely integrated with other facilities in the Boulder area, including the National Bureau of Standards (NBS), the National Center for Atmospheric Research (NCAR), and the National Oceanic and Atmospheric Administration (NOAA), among others.

## YEAR-ROUND PROGRAM

The summer session is an integral part of the year-round instructional program at the University of Colorado at Boulder. The University operates on a semester system, with 16-week fall and spring semesters and a 10-week summer session that includes shorter terms (1 to 4, 5, or 8 weeks) scheduled within the 10-week

session. For the specific dates of the various 1987 summer terms, see Dates to Remember, page 2.

## CONTINUING EDUCATION

Boulder's interesting and exciting summer environment is enhanced by the variety of credit and noncredit courses, workshops, seminars, job training and skills improvement programs, and independent study projects coordinated through CU's Division of Continuing Education. These outreach programs are open to students and other members of the community, as well as to summer visitors. For further information, write the Division of Continuing Education, Campus Box 178, University of Colorado at Boulder, Boulder, Colorado 80309-0178, or call (303) 492-5148.

## THE CATALOG

For further information about Boulder Campus programs, degree requirements, regulations of each college and school, course offerings, and campus services and facilities, consult the *University of Colorado at Boulder Catalog*. Degree students are responsible for complying with the graduation requirements published in the *Catalog* edition corresponding to their year of entry into CU-Boulder, and the University expects students to follow all University rules and regulations as stated in the *Catalog*. To obtain a *Catalog*, use the Order Form on page 75.

## BOULDER AND ENVIRONS

Along with the University's many academic, cultural, and recreational opportunities, the picturesque city of Boulder is the scene of a variety of activities. Situated where the Great Plains meet the Rocky Mountains, only 20 miles from the Continental

Divide and 30 miles from Denver, Boulder offers easy access to spectacular mountain scenery, as well as to the attractions of metropolitan Denver (population 1.8 million).

Denver can be easily reached by traveling on U.S. 36, a highway also known as the Denver-Boulder Turnpike. Denver's Stapleton International Airport is served by most major air carriers and is located northeast of Denver, about 45 minutes from Boulder. Denver and Boulder are also connected by a public transportation system.

### PEAKS AND PRAIRIES

Boulder, 5,363 feet in elevation, has magnificent views of both snowcapped peaks and expansive prairies. Boulder County encompasses five ecological zones, from 5,000 feet above sea level (plains, grassland) to 14,000 feet (alpine tundra). Within and near the city limits of Boulder are miles of hiking trails that wind among pines and under the steep faces of the Flatirons, a range of magnificent, almost vertically inclined rock formations that provide a dramatic backdrop to Boulder and the University.

### A RARE ATMOSPHERE

An engaging community of 80,000 people, Boulder combines

a cosmopolitan atmosphere with the flavor of a small town. A walk down the open-air Boulder Mall reveals many of the town's numerous small restaurants and outdoor cafes, specialty shops, street musicians, and cart vendors. Chautauqua Park, located in the foothills overlooking Boulder, offers a summer concert series and is host to an annual Fourth-of-July outdoor musical celebration.

All the elements of the CU-Boulder summer combine to create a distinctive experience in which individuals can develop more fully the mastery of a particular subject, expand their intellectual capacities, and deepen their appreciation of the environment in the context of this positive academic, cultural, and recreational atmosphere.

### MOUNTAIN RESEARCH STATION

The Mountain Research Station offers students the opportunity to spend an exciting summer studying environmental science in the mountains of Colorado and Wyoming. Undergraduate and graduate credit is available through intensive field courses in botany, climatology, ecology, environmental field techniques (EPOB 435/535 and EPOB 463/563 in the *Schedule of Courses*), forest geography, geography, geological sciences, geomorphology, snow science, and wilderness management.

The Station is located just 25 miles west of Boulder at an altitude of 9,500 feet and only a short distance from the Continental Divide. It is a University

field facility operated by the Institute of Arctic and Alpine Research. The Station offers unique opportunities for study and research in mountain environments. Classrooms, laboratories, computers, and a library are located in the John Marr Alpine Laboratory. The Laboratory is surrounded by cabins for students, visiting scientists, and the Station staff. Students may arrange for a cabin, if they apply early enough, or may commute with the opportunity to stay overnight between class days. A dining hall is available for the convenience of both residents and commuters. To make commuting easy, a shuttle service runs between the Station and Boulder from Monday through Saturday.

Students can look forward to long days out-of-doors at altitudes from 8,000 to 12,500 feet. Prospective students are encouraged, but not required, to enroll in more than one course where schedules permit.

For details concerning courses, costs, and information on how to enroll, write to Dr. Mark Noble, Mountain Research Station, University of Colorado at Boulder, Nederland, Colorado 80466, or call (303) 492-8841. Early inquiry is encouraged.

### WESTERN CONSORTIUM FOR ORIENTAL LANGUAGES

Through the Western Consortium for Oriental Languages, intensive training is provided to students of Consortium schools; course credits are fully transferable. Consortium members are the University of Colorado at Boulder, the University of Arizona, and Arizona State University. Non-Consortium school participants will be permitted as space permits. Students must register for 10 semester hours and cannot register for one term only.

Courses will be offered at the beginning and intermediate levels of Chinese and Japanese. For further information and an application form, write the Department of Oriental Languages and Literatures, Campus Box 279, University of Colorado at

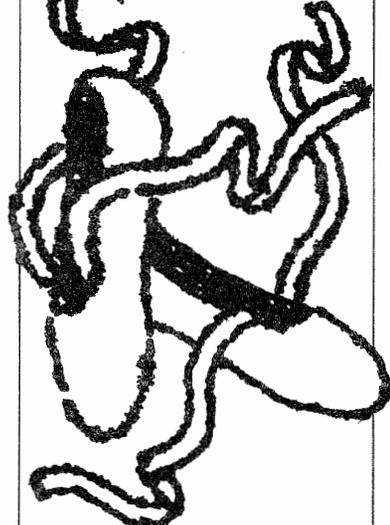

Boulder, Boulder, Colorado 80309-0279, or call (303) 492-6639. The application deadline is May 1, 1987.

### DISTINGUISHED VISITING PROFESSORS

Several well-known scholars will be in residence at CU-Boulder during Summer Session 1987 as part of the Distinguished Visiting Professor Program.

**Elmer Bischoff.** Noted painter and educator Elmer Bischoff enjoys an almost legendary status in today's world of painting. Bischoff, with David Park and Richard Diebenkorn, founded the Bay Area Figurative School of Painting, which became the West Coast's first important indigenous contribution to Modern American Art. Bischoff's works are included in the collections of the Metropolitan Museum of Art, the Museum of Modern Art, the Whitney Museum of American Art, the Hirshhorn Museum and Sculpture Gardens, and the National Museum of American Art.

Bischoff is a Professor of Painting and Drawing at the University of California, Berkeley, and he is the recipient of the Distinguished Teaching Award from the College Art Association of America. Other major awards include those from the Ford Foundation and the National Institute of Arts & Letters. Professor Bischoff is listed in *Who's Who in American Art*. He will give a workshop in

painting while in residence for the Department of Fine Arts during Term A, and plans for an exhibition of his works and a public lecture are pending.

**Robert Cahn.** During Term A, Robert Cahn, a Pulitzer Prize winner for National Park Service coverage and a Presidential Appointee to the Council of Environmental Quality, will be giving several public lectures and workshops open to students at the College of Environmental Design. Mr. Cahn is author of *Footprints on the Planet* and several recent works on the national park system and international resource conflicts. A global perspective will be presented as he outlines environmental responsibilities for planners, architects, and urban dwellers in the years ahead. His presentations include "National Parks: A Heritage for the World," by Robert and Pat Cahn (slide lecture) on June 25 at 8:00 p.m., and "Comparison of the U.S. Environmental Movement: The 1970s versus 1980s," on July 8 at 8:00 p.m. A series of seminars for students and faculty, offered during the noon hour, will include "An Environmental Ethic for Problem Solvers of the Built Environ-

ment," on June 29; "Global Foresight Capability: Towards a Sustainable Society," on June 30; "The Policies of National Parks and Protection of Public Lands and Natural Resources," on July 1; and "The Environmental Agenda for the Future," on July 2.

**Dr. Melvin J. Friedman.** During Term A, Dr. Melvin J. Friedman, Professor of Comparative Literature at the University of Wisconsin, Milwaukee, will be teaching a course on the Southern novel (ENGL 426). His course will include works by William Faulkner, Flannery O'Connor, Carson McCullers, Walker Percy, William Styron, and Truman Capote. In addition, Professor Friedman will give a public lecture on William Styron. Professor Friedman is the author or editor of 12 books and over 100 articles on modern literature; he has served as editor of 4 literary journals and on the editorial boards of 11 others. He has been a visiting lecturer at universities in England, Germany, Belgium, and New Zealand.

**Judy Jackson.** During Term B, film producer and director Judy Jackson will present a series of workshops open to students and public lectures demonstrating the power of visual communication, especially where environmental mismanagement, human suffering, and political inequality prevail. Her growing list of widely acclaimed environmental documentaries, particularly those showing social inequities in Latin America, will be part of her presentations.

For six years Jackson was the producer/director of the "The Fifth Estate," the Canadian Broadcasting Corporation's weekly equivalent to the CBS show "60 Minutes." Her current work, "Caught in the Crossfire," deals with refugees in Central America and was funded by the United Nations High Commissioner for Refugees. Her sensitive and hard-hitting factual use of film has given Jackson an international reputation.

In her Environmental Design Workshops, Jackson will discuss the importance of research in visual communication and the process of graphic representation, especially where the factors

of the human environment are complex and controversial.

## ECONOMICS INSTITUTE

The Economics Institute, a specialized program sponsored by the American Economics Association, is mainly for international students planning to enter graduate degree programs in economics, management, administration, and related fields at universities throughout the United States. Some students attend the program to complete an Institute Diploma in the Foundations of Economic Science or in the Foundations of Management and Administration. The curriculum includes course work in English, as well as a variety of course offerings in economic theory, mathematics, statistics, computer literacy, information systems, management, accounting, finance, marketing, and law.

The Institute's 1987 Summer Program is from June 1 through August 14 and is divided into two terms; the second term begins July 6. The faculty is recruited from universities throughout the United States. While most of the Institute's participants come from abroad, selected courses may be taken by domestic students on a special student enrollment basis. The Institute also sponsors a

For some special conferences and workshops, there is a fee in addition to regular CU-Boulder tuition and fees. To reserve a place in these programs, students should send a check for the special fee, made payable to the University of Colorado, to the instructor in charge of that program, at the address below. Checks should be sent at least two weeks before the beginning of the course. For conferences and workshops not charging an additional fee, students should register during Registration.

For further information about any of the special conferences and workshops, write Dr. Philip DiStefano, Acting Dean, School of Education, Campus Box 249, University of Colorado at Boulder, Boulder, Colorado 80309-0249, or call (303) 492-8430.

## FILM STUDIES

Each summer the Film Studies Program brings a distinguished filmmaker to campus to teach its beginning filmmaking course (F S 351). The course offers instruction in the fundamentals of

Super 8mm camera operation and film editing techniques, along with the specific aesthetic approach of the visitor. Students enrolling in the course will be required to purchase their own film and rent equipment available through the department. For further information, write the Film Studies Program, Campus Box 316, University of Colorado at Boulder, Boulder, Colorado 80309-0316, or call (303) 492-1531.

Check the *Schedule of Courses* for details. Students who do not register for intensives on June 5 and July 13 may register at Regent Administrative Center 125 on Monday morning of the first week of class. Students who cannot register on June 5 and wish to take other than intensive courses starting the week of June 8 should call the College of Music, (303) 492-6352, to arrange for late Registration.

## COLORADO GILBERT AND SULLIVAN FESTIVAL

The annual Colorado Gilbert and Sullivan Festival (June 4-July 31) will feature full-scale productions of Gilbert and Sullivan's *Pirates of Penzance* and *Utopia Limited*. These shows will be directed again by John Reed, O.B.E., who for 28 years was the principal comedian of the D'Oyly Carte Opera Company of London.

The program offers courses that survey the problems, skills, and theatrical elements of producing, directing, and performing in music theatre, as well as a variable-credit-hour practicum in rehearsal and performance of Gilbert and Sullivan. Students may select up to 6 semester hours of credit from these courses. Scholarships are available to qualified performers and theatre technical personnel. For specific details, students should write Professor Dennis Jackson, College of Music, Campus Box 301, University of Colorado at Boulder, Boulder, Colorado 80309-0301.

## MUSIC AND IDEAS

The relationship between literature and music within the larger context of cultural history and contemporary society is the focus of a course entitled "Music and Ideas" (HUM 418). No technical knowledge of music

is required; however, students should be eager to learn and have an active interest in music. An effort will be made to view music—as Thomas Mann said—as "the humanistic endeavor per se." Major writers to be considered include Nietzsche, Thomas Mann, Hermann Hesse, and E.T.A. Hoffmann. The course is built around the 1987 season of the Colorado Music Festival, a major American summer program now in its eleventh year. A grant from outside the University will provide concert tickets for students enrolled in the course. Attendance at the concerts is required. A first reading of Thomas Mann's *Doctor Faustus* before the course begins is recommended.

## PHOTOGRAPHY WORKSHOPS

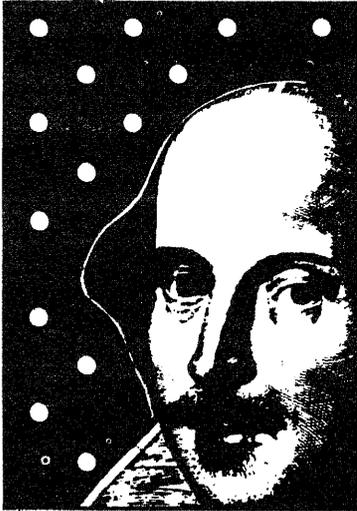

The Department of Fine Arts will offer an exciting new five-week program exploring contemporary photography as seen through the eyes and work of nationally acclaimed photographers and critics. The program will include four contemporary photographers and four eminent photography critics, each widely known and respected for insightful and innovative work. The summer program consists of a series of one-week workshops entitled "Special Topics—Photography" (F A 293/393/493/593), as well as regular courses entitled "Beginning Photography I" (F A 117), "History of Media Arts" (F A 400/500), and "American Art 1945 to Present" (F A 487-587). Courses may be taken individually (1-5 semester hours of credit) or in any combination to provide participants with as much exposure and interaction with these guest artists as desired.

In addition, photography, photo-history, and contemporary art history courses will be offered by resident Fine Arts faculty to augment the workshop instruction. The five-week workshop series will be accompanied by major exhibitions, lectures, and symposia by the photographers and critics. Because space will be

## SHAKESPEARE

A series of courses that relates formal study to observation and participation opportunities with the Colorado Shakespeare Festival will be available in summer 1987. The faculty includes the directors of *The Tempest* and *Macbeth*, and the director of *The Merchant of Venice*, who is also the producing director of the Festival. Guest appearances are made by a wide variety of production personnel. Students may earn 1-9 semester hours of credit at different levels of academic study—both undergraduate and graduate. Inquiries about the program are encouraged and should be addressed to the Chair, Department of Theatre and Dance, Campus Box 261, University of Colorado at Boulder, Boulder, Colorado 80309-0261. Interested persons may consider the value of com-

binning participation in this program with a Shakespeare course in the Department of English.

## STUDY ABROAD

Continuing CU-Boulder students and new transfer students may supplement their education with a summer study abroad program. In summer 1987, students can study language in Germany, Italy, or Egypt; art history in Florence; international finance in London; or comparative architectural design in Europe.

Applications are due March 2, 1987, and can be picked up in the Office of International Education. Scholarships are available. For more information, call (303) 492-7741, or write the Office of International Education, Campus Box 123, University of Colorado at Boulder, Boulder, Colorado 80309-0123.

## SUMMER ACADEMY FOR ART TEACHERS

The Department of Fine Arts, with the cosponsorship of the National Art Education Association, is offering a Summer Academy for Art Teachers from June 29 through July 17, 1987. This intensive course, entitled

"Current Issues in Art Education" (F A 568), will provide teachers working at the K-12 level the opportunity to explore ways of developing substantive, sequential art curricula that include the four components of a quality art education: art production, art history, art criticism, and aesthetics. The course is designed to demonstrate to art teachers how their own backgrounds can become the basis for stronger, more effective art teaching consistent with the most current thinking in art education theory. The course, which can be taken for up to 5 semester hours of graduate credit, will include special lectures by nationally known scholars, exploration into ways of enriching art programs through computer-based instructional strategies, extensive reading in current art education literature, and a substantial written paper. It will be taught by Professor Charles Qualley, President of the National Art Education Association.

## SUMMER START PROGRAM, JUNE 29-AUGUST 7

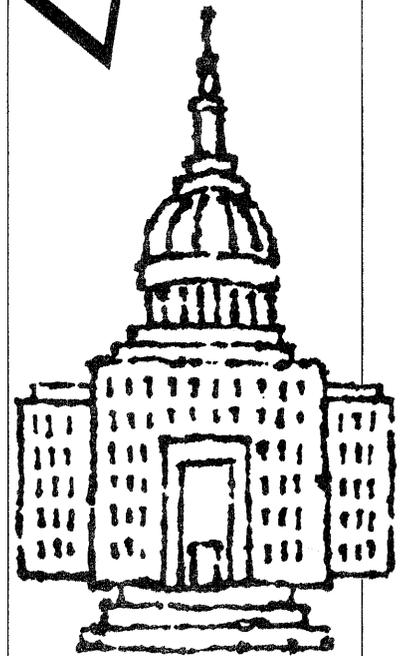

Summer is a good time to start college free from the pressures that frequently accompany the traditional fall back-to-school season. For this reason, the University has established the Summer Start Program (SSP), which permits students to begin their University experience during the summer as participants in a program specially designed to give them a good start at CU-Boulder. The Program is open to all freshmen regularly admitted to the campus. Students admitted on Conditional or Provisional status are not eligible for SSP.

SSP is special because it gives freshmen the opportunity to

- begin in a small class (no more than 20 students), as a member of a community in which everyone is a beginner.

22

Tour the State Capitol in Denver.

- become fully involved in one subject area. Instruction is provided in a modified block system so that a student takes only one course for three weeks, followed by its sequel for the next three weeks. In 1987, the sequence will be ANTH 103 and ANTH 104.
- be taught by experienced faculty known for their excellence in teaching.
- go on a guided field trip of archaeological ruins.
- fulfill half of the College of Arts and Sciences graduation requirement in Social Science.

The Program offers an intense academic experience. Classes meet every day, and much of the time between classes must be set aside for studying. Students should expect to be busy, to be challenged, and to be fully involved in the academic experience from the beginning.

The Program Fee for SSP is \$120, in addition to regular tuition, fees, and room and board (1986 charges for a double room were approximately \$522.75). Students who wish to attend the

Program but are unable to afford the Program Fee may apply for assistance; a small amount of money is available for such support. SSP applications must be received by May 15, 1987.

For further information, write Summer Start Program, Farrand Hall, Campus Box 180, University of Colorado at Boulder, Boulder, Colorado 80310-0180, or call (303) 492-8848.

## YOUNG SCHOLARS SUMMER SESSION, JULY 6-JULY 31

The Young Scholars Summer Session (YSSS) is a program designed for college-bound high school honors students who will be between their junior and senior years during summer 1987. YSSS is intended to make the student's first encounter with

college a stimulating and rewarding one. In addition to the academic opportunities, the Program enables students to take full advantage of the numerous recreational and cultural activities available during summertime in Colorado.

YSSS offers university-level courses limited to no more than 20 students. YSSS sections consist exclusively of YSSS students and are taught by creative and energetic faculty with well-established reputations as excellent teachers. Participants are housed together and take classes together in a residence hall near the center of campus.

YSSS students select one course. As many as five courses may be offered, such as Principles of Anthropology I, College Algebra, General Astronomy I, General Biology I, Interpersonal Communication, and General Expository Writing.

Students earn 3 semester hours of college credit for their work.

YSSS students pay a Program Fee of \$850. This fee is in addition to tuition and room and board. Provisions can be made to accommodate a limited number of day students who live within commuting distance of the Boulder Campus. YSSS applications must be received by June 1, 1987.

For further information, write the Young Scholars Summer Session, Farrand Hall Academic Program, Campus Box 180, University of Colorado at Boulder, Boulder, Colorado 80310-0180, or call (303) 492-8848.

## ADMISSION

CU-Boulder students continuing from Spring Semester 1987 to Summer Session 1987 need not submit an application. These students should register on campus between April 6 and 10, 1987.

New summer students are admitted under three broad classifications:

1. As Special Students who are not currently enrolled in degree programs at the University of Colorado. High school students who wish to take college courses should apply as Special Students.
2. As undergraduate students working toward baccalaureate degrees at the University of Colorado at Boulder.
3. As graduate students working toward graduate degrees at the University of Colorado at Boulder.

All credentials presented for admission to the University of Colorado become the property of the University and cannot be released to an applicant. The University reserves the right to deny admission to applicants, including Special Students, whose credentials reflect an inability of the applicant to assume those obligations of performance and behavior deemed essential by the University and relevant to any of its lawful missions, processes, and functions as an educational institution.

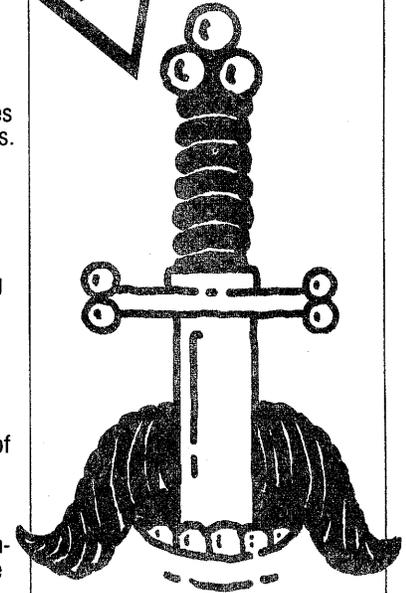

Questions regarding admission procedures and application status may be directed to:

Office of Admissions  
Regent 125  
University of Colorado  
at Boulder  
Boulder, Colorado 80309-0007  
Phone: (303) 492-6301

The University of Colorado Board of Regents reserves the right to establish enrollment levels on all categories of students accepted. Admission to a college or school of the University of Colorado does not guarantee eligibility for future transfer into other programs, colleges, or schools within the University.

## SPECIAL STUDENTS

Students wishing to take University courses during Summer Session but who do not intend to work toward a degree at CU-Boulder are classified as Special Students and may use the Ap-

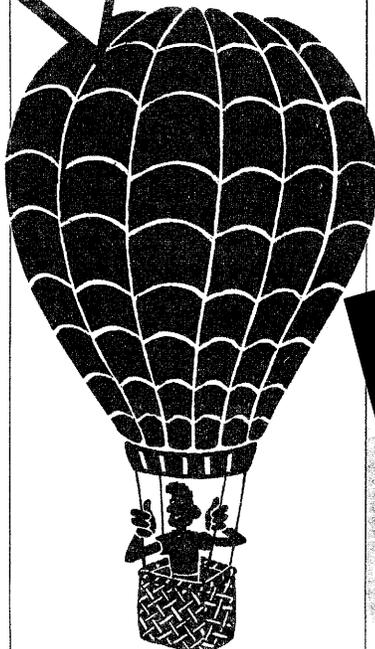

plication for Special Student Admission provided at the back of this publication. With the exception of high school students (see below), Special Students must be 18 years of age or older and have a high school diploma or its equivalent in order to qualify for admission. Special Students who are on academic suspension may register for Summer Session to raise grade point averages to work toward a release of academic suspension.

Special Students may register for courses on a Pass/Fail basis. However, such courses will be counted in the hours of Pass/Fail permitted according to the rules of the college or school to which the student is admitted if the student changes to degree status.

Special Students who have completed 6 semester hours of credit must have and must maintain a 2.00 cumulative grade point average. Failure to maintain the required average will result in suspension.

## SPECIAL STUDENTS TRANSFERRING TO A DEGREE PROGRAM

A student who is currently enrolled or has been enrolled at any CU campus as a Special Student may apply for admission

to an undergraduate degree program by submitting an Application for Admission as described in the Undergraduate Degree Students section of this publication.

A degree-seeking applicant may transfer, with the approval of the appropriate dean's office, a maximum of 12 semester hours taken as a Special Student. It is extremely important that Special Students who wish to transfer credits to a Boulder Campus degree program actively seek academic advising from the appropriate dean's office. Acceptance of credit toward degrees at the University changed in 1970. Special Students enrolled before that date may transfer credit in accordance with provisions in effect between January 1969 and August 1970.

Transfer of credit to another college or university is within the discretion of the degree-granting institution.

Students wishing to transfer to a graduate degree program should refer to the Graduate School section of the *University of Colorado at Boulder Catalog*.

#### HIGH SCHOOL SPECIAL STUDENTS

High school juniors who are interested in attending CU-Boulder the summer before their senior year are encouraged to apply for Summer Session as Special Students. High school records will be reviewed to determine the student's readiness to enroll in college-level courses.

#### FOREIGN STUDENTS

Foreign students who want to apply as Special Students should read the Foreign Students section of this publication.

#### TEACHER CERTIFICATION

Students interested in teacher certification should refer to the School of Education section of the *University of Colorado at Boulder Catalog*. Certified teachers with a baccalaureate degree who seek only *renewal* of the certificate currently held and who do not require institutional endorsement or recommendation should apply as Special Students. Persons holding a baccalaureate degree who seek *initial* teacher certification are

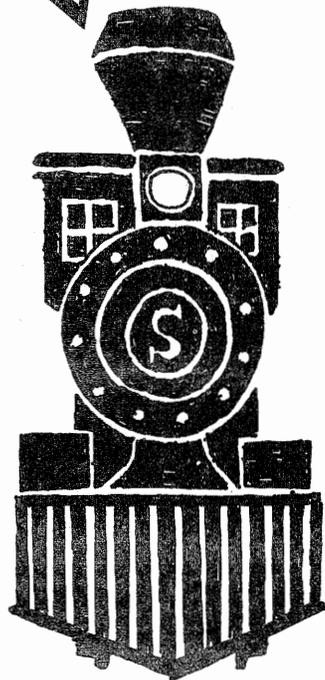

directed to apply to the School of Education for the Teacher Certification Program. For information on the deadlines for admission to the Teacher Education Program, applicants should consult the Office of Teacher Education, Campus Box 249, University of Colorado at Boulder, Boulder, Colorado 80309-0249, phone (303) 492-6555.

## UNDER-GRADUATE DEGREE STUDENTS

New students who want to enter a degree program at the University, or former students of the University of Colorado at Boulder who were not in attendance during Spring Semester 1987, *should not* use the Special Student Application included at the back of this publication. These

## GRADUATE DEGREE STUDENTS

Continuing graduate degree students from Spring Semester 1987 are eligible to register for Summer Session without submitting an application provided they are in good standing and did not complete a degree at the end of Spring Semester 1987.

New graduate applicants or former students applying to a different degree program must consult with the department to which they wish to apply for appropriate application forms and instructions.

Former graduate degree students who did not attend Spring Semester 1987 and who are returning to their previous graduate degree program and level must contact the Office of Admissions for an Application for Admission and instructions.

All other graduate students, including those who received a degree in May, must attend as Special Students or submit a new Graduate Admission Application and must be accepted in order to pursue another degree.

**Additional Information.** Graduate applicants should consult the *University of Colorado at Boulder Catalog* for detailed departmental offerings and requirements.

## CU OPPORTUNITY PROGRAM (CUOP)

The CU Opportunity Program provides minority, migrant, and educationally or financially disadvantaged students an opportunity to study and obtain a quality education while taking advantage of a full range of exceptional support services. Students from ethnic minority backgrounds (e.g., Asian American, Black, Hispanic/Chicano, American Indian) are encouraged to apply for admission through CUOP. In recognition that all students have not had equal opportunities to prepare for university work, special admission and financial aid assistance and consideration are given.

A comprehensive academic support program offered through the University Learning Center assists CUOP students in improving their learning potential and increasing their ultimate academic success at the University. Of special interest to CUOP

students are intensive core freshman courses, workshops, learning laboratories, and individual tutorial services.

Through the Multicultural Center for Counseling and Community Development, CUOP students have an opportunity for involvement with their own growth and development. Students' participation in the planning of their personal, academic, and career goals is emphasized. With the assistance of staff and peer counselors, a complete academic support system is provided for each entering CUOP student.

In addition to college student support activities, CUOP offers several precollegiate programs to minority high school students from Colorado. These programs provide minority students early access to the University and opportunities to develop and excel in basic academic areas.

For further information on any of these activities, students can write the CU Opportunity Program, Office of Admissions, Campus Box 141, University of Colorado at Boulder, Boulder, Colorado 80309-0141, or call (303) 492-8316.

## FOREIGN STUDENTS

Students who wish to seek undergraduate or graduate degrees at the University of Colorado at Boulder should not apply for admission as Special Students. Rather, they should call or write the Office of Admissions to obtain instructions and application materials with which to apply for degree status.

Foreign students may apply as Special Students for Summer Session provided they are in the United States in appropriate non-immigrant status that extends their lawful stays through the summer. (Students who have established permanent resident status in the United States and have alien registration numbers are *not* considered foreign students.) The University of Colorado at Boulder does not issue Forms I-20 or assume any immigration responsibility for Special Students.

Students holding temporary visas may gain admission as Special Students only with special permission from Foreign Student and Scholar Services, Campus Box 124, University of Colorado at Boulder, Boulder, Colorado 80309-0124, phone (303) 492-8057.

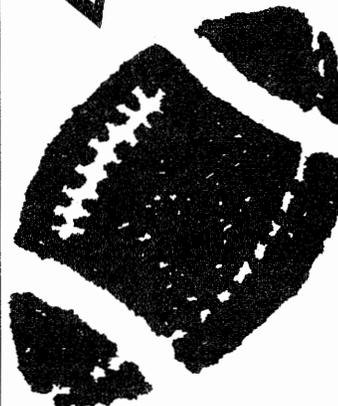

Foreign students who wish to apply for admission as Special Students for the summer only should complete the Application for Special Student Admission included at the back of this publication and send it to Foreign Student and Scholar Services.

Foreign student applicants must send the following with their applications:

1. A letter from the foreign student advisor, dean, or other appropriate official at the school they currently attend certifying that they are in good standing and that they are eligible to and intend to return to that school in the fall term, or evidence that they are eligible to and intend to enroll in another school in the fall term

31

Go to Greeley and watch the Broncos train!

2. A photocopy of both sides of their immigration Forms I-20 ID copy, I-94, or other documentary information regarding their immigration status

3. Documentary evidence of their financial support for the summer

Foreign Student and Scholar Services will determine eligibility for Special Student status for all foreign students. Admission as a Special Student is for the summer only and does not constitute admission to a degree program or permission to continue enrollment beyond the summer.

Persons who are not already in the United States are not encouraged to come to the United States for the purpose of attending Summer Session as Special Students at the University of Colorado at Boulder. The University cannot issue Forms I-20 or other immigration documents for this purpose.

Upon arrival in Boulder, all foreign students should check in, with passports and immigration documents, at Foreign Student and Scholar Services in the Environmental Design Building. The

staff will provide instructions for Registration and other information necessary for new foreign students.

Sponsored students whose tuition and fees are paid to the University by a sponsoring agency must provide—before Registration—documentary evidence of that sponsorship and a billing authorization to the Bursar's Office, Regent Administrative Center 102, Campus Box 48, University of Colorado at Boulder, Boulder, Colorado 80309-0048, with a copy to Foreign Student and Scholar Services. All other students must be prepared to pay Summer Session tuition and fees at the time of Registration.

## INTRA-UNIVERSITY TRANSFER (IUT)

Boulder Campus undergraduate students who are enrolled for Spring Semester 1987 and who wish to transfer to a different college or school on the Boulder Campus for Summer Session 1987 must consult with the college or school to which they are applying for appropriate instructions, deadlines, and application forms. Some colleges and schools allow Intrauniversity Transfer for fall and spring semesters only.

An undergraduate student *who is not enrolled for Spring Semester 1987 on the Boulder Campus* and who wishes to transfer to a different college or school on the Boulder Campus for Summer Session 1987 must submit an Application for Admission to the Office of Admissions as described under the Undergraduate Degree Students section of this publication.

For further information on recommended course work in preparation for Intrauniversity Transfer and other criteria, students should consult college

and school sections of the *University of Colorado at Boulder Catalog* or talk with an academic advisor in the program to which they plan to transfer. It is important to emphasize that admission to a college or school through the IUT process is competitive, and not all students who apply are admitted. Decisions are based on course preparation, hours completed, grade point average, and other criteria the specific college or school deems appropriate.

Arts and Sciences advisors will have Add Forms available on this day in the UMC Ballroom between 9:00 a.m. and 1:00 p.m. and in individual departments between 1:00 p.m. and 4:00 p.m. Submit the forms to the Registration Information Window in the foyer of Regent Administrative Center. See Dates to Remember and Add and Drop Procedures.

### NEW ARTS AND SCIENCES STUDENTS ORIENTATION

College of Arts and Sciences new summer freshman, summer conditional, and new summer transfer students must attend a mandatory two-day Orientation and Registration Program June 4-5 or July 12-13. During the two-day program, students will register for summer classes. For further information, call the Orientation Office at the Multicultural Center for Counseling and Community Development, (303) 492-6766.

### REGISTRATION—INTENSIVES

Students interested in intensive classes (Section numbers 500 or 600) are strongly encouraged to register on a scheduled Registration date. However, students may also register on the first day of the class by obtaining Add Forms from the department and proceeding to Regent Administrative Center 125, between 8:30 a.m. and noon, or between 1:00 p.m. and 4:00 p.m. Total tuition and fees must be paid at

the time of Registration. Late fees will be charged for Registration after the first day of class.

### LATE REGISTRATION

Students are encouraged to register on their appropriate Registration date, but may register late if necessary. A Late Registration Fee will be assessed at the rate of \$20 the first day, \$25 the second day, and \$30 the third day and thereafter. The Late Registration Fee will apply to all course work, including Independent Study and Thesis. Students should also plan to pay full tuition and fees at the time they late register.

If an exception to the Late Registration Fee is requested, substantial evidence for the delay must be presented. This policy applies to graduate students, as well as to undergraduates and Special Students.

Late Registration begins the first day following the scheduled Registration and will be held in Regent Administrative Center 125 between 8:30 a.m. and noon, and between 1:00 p.m. and 4:00 p.m.

### REGISTRATION—FALL 1987

Students who are enrolled in a degree program on the Boulder Campus for Spring Semester 1987 must register for Fall Semester 1987 between April 22-24, 1987, as announced in the Spring 1987 *Schedule of Courses*. Students who miss this deadline should come to the Office of Registrations, Regent 125, to determine if enrollment levels have been reached and if Registration is still possible for Fall Semester.

Summer degree students who were not enrolled in a degree program on the Boulder Campus for Spring Semester 1987 and who wish to continue in Fall Semester 1987 must register in Regent 125, July 1-31, Monday through Friday, between 8:30 a.m. and noon, or between 1:00 p.m. and 4:00 p.m. A Registration Deposit (\$100 in-state or \$300 out-of-state) will be required at the time of Registration. Because of enrollment levels, it is extremely important for students who wish to continue in the fall to register during this time. Failure to complete Registration and pay the deposit may result in the student not being allowed to register on the Boulder Campus for Fall Semester 1987.

NOTE: Arts and Sciences new summer freshman and transfer students must register for Fall Semester in conjunction with their Orientation program.

### FACULTY/STAFF REGISTRATION

**Application Procedures.** Faculty and staff who are Special Students (those students not enrolled in a degree program), have to reapply for each semester they wish to attend CU-Boulder. An application is provided in this publication. Degree students who are former or Campus-Change students (not enrolled on the Boulder Campus during Spring Semester 1987) must also apply for admission for Summer Session and should pick up an Application for Admission at the Office of Admissions, Regent 125. Summer Session Registration materials will be automatically prepared for students who were enrolled in a degree program for Spring Semester 1987.

**Registration Procedures.** All faculty and staff who wish to enroll for Summer Session 1987 must take a copy of their PAF to the Student Accounts Receivable section of the Bursar's Office by May 18. Special Students, new students, and former students may turn in the appropriate Application for Admission to the Bursar's Office with their PAF.

To take advantage of the free semester hours (1-6 per academic year for permanent faculty and staff), students must register on June 8 for Terms A, C, D, and E, and on July 14 for Terms B and F. Registration will be held between 8:30 a.m. and 4:00 p.m. in Regent 125.

Add Forms from the departments must be completed and turned in with Registration materials to Student Accounts Receivable, Regent 150, by the published add deadline for each term.

### CONCURRENT REGISTRATION

There is no Concurrent Registration during Summer Session. Students registering separately on more than one campus of the University for a single term pay tuition and fees to each campus

Fish for trout in a mountain stream.

at the rate appropriate to the number of semester hours for which they are registered on that campus.

## SUPERVISION OF STUDENTS

All degree students enrolled in Summer Session at the University of Colorado at Boulder are under the jurisdiction of their respective academic deans.

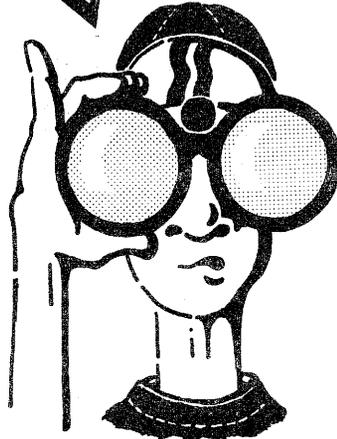

All Boulder Campus Special Students are under the jurisdiction of the Director of Registrations.

## ADD AND DROP PROCEDURES

Drop/Add begins June 8 for most colleges and schools and continues through the dates announced in the Dates to Remember section of this publication. No Drop or Add Form is processed until the proper signatures, as applicable, have been obtained from department offices and the Forms have been accepted by the Office of Registrations, Regent Administrative Center 125. When dropping or adding courses, all students must show their validated Summer ID and Authorization to Register form. When Drop/Add Forms are submitted, students should be certain to retain their validated receipts.

A student who stops attending a course without officially dropping the course will receive a grade of *F*. Students who wish to drop their last or only course should refer to the section entitled Withdrawal Procedure.

Watch the Classic International Bicycle Race.

Courses dropped after the deadlines indicated below will appear on the final grade list, the student grade report, and the permanent record page with a *W* in the grade column. Students must be passing a course at the time it is dropped. No tuition and fee adjustment will be made for courses dropped after the deadline.

### TERMS A, B, C, D

The deadlines for adding a class, for dropping a class without recording a *W* on the transcript, and for dropping a class and receiving a tuition refund are the *fifth* day of class for Terms A and B and the *tenth* day of class for Terms C and D.

After these deadlines, students must obtain their instructor's signature to drop courses until the *tenth* day of class for Terms A and B and until the *seventeenth* day of class for Terms C and D.

After these deadlines, courses may no longer be dropped unless there are circumstances clearly beyond the student's control (i.e., accident, illness); in addition to the instructor's approval, students must obtain approval from their academic dean.

## INTENSIVES

The deadlines for adding a class, for dropping a class without recording a *W* on the transcript, and for dropping a class and receiving a tuition refund are the *second* day of class for courses lasting two weeks or less and the *fifth* day of class for courses lasting for more than two weeks through five weeks.

Courses that last more than five weeks but do not start on June 8 or July 14 will have the Drop/Add deadlines listed above based on approximately 40 percent of the number of class days. For example: for a six-week class, the *twelfth* day of class; for a seven-week class, the *fourteenth* day of class.

After these deadlines, students must obtain the instructor's signature to drop courses until the last two days of class. At that time, courses may no longer be dropped.

## CREDIT/NO CREDIT

Students who wish to register for course work for No Credit must inform the Office of

Picnic at Chautauqua.

Registrations by filling in the No Credit bubble on the Add Form. No changes in Registration for credit will be permitted after the Add deadline of each term. Tuition is the same whether or not credit is received in a course.

## PASS/FAIL (P/F)

1. Any student who wishes to register for a course on a Pass/Fail basis should do so during the regular add period. Pass/Fail Forms are available at the Registration Information Window in Regent Administrative Center.

2. Academic deans and faculty will not be informed of Pass/Fail Registration. All students who register on a Pass/Fail basis appear on the class roster, and a letter grade is assigned by the instructor. When grades are received in the Office of Registrations, those registrations that require a *P/F* designation are automatically converted. Any grade of *D-* and above converts to the grade symbol *P* and is not calculated in the GPA. A grade of *F* is calculated in the GPA.

3. Only 6 semester credit hours of course work may normally be taken *P/F* in any given semester.

4. Exceptions to the *P/F* regulations are permitted for certain courses that are offered only on a *P/F* basis.

5. Students should refer to college and school sections of the *Catalog* for special requirements or procedures.

## FINAL EXAMS

Final examinations are expected to be given in most University courses. There are certain courses, such as graduate seminars, excepted from this general expectation. Final examinations, when required, are given during the last two class periods in the term. *Early examinations* are not permitted.

40

Plan to visit the Heritage Center in Old Main by calling (303) 492-6329, 10:00 a.m. to 2:00 p.m., Tuesday through Friday.

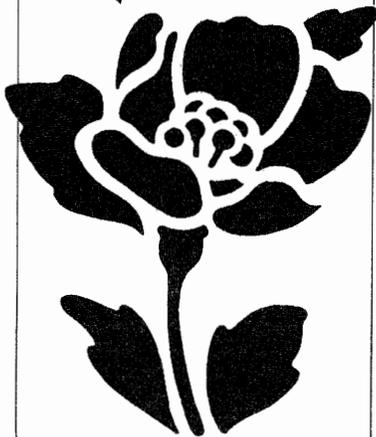

## WITHDRAWAL PROCEDURE

Students who have registered for any summer term and find it necessary to withdraw for the entire Summer Session must follow withdrawal procedures established by the Office of Registrations. Students who fail to withdraw will be liable for the full amount of tuition and fees assessed on the number of hours for which they are registered for Summer Session 1987 (in compliance with the Board of Regents ruling on August 18, 1971).

Before their classes start, students may either fill out a Withdrawal Form at the Registration Information Window in Regent Administrative Center or send a letter to the Withdrawal Coordinator, Office of Registrations, Regent Administrative Center 125, Campus Box 7, University of Colorado at Boulder, Boulder, Colorado 80309-0007. After their classes have started, students must pick up Drop Forms for all classes for which they are registered and turn them in to the Registration Information Window in Regent Administrative Center, between 8:30 a.m. and 4:00 p.m., Monday through Friday.

## TIME OUT PROGRAM

The University's Time Out Program (TOP) is a planned leave program for currently enrolled CU-Boulder students who are in good standing in their college or school and whose dean approves their leave for a minimum of one semester or a maximum of one year. (Example: after completing a fall semester in December, the student returns the following September or a year later in January.) A \$20 program fee is required at the time of application.

TOP will guarantee students a place in their current college or school and in their current major. Also, Intrauniversity Transfer is available to students in TOP. Additional information and applications can be obtained from the Registration Information Window, Regent Administrative Center, phone (303) 492-8673.

**TUITION, FEES, FINANCIAL AID**

## TUITION AND FEES

Tuition rates and medical coverage fees have not been set for Summer Session 1987. The following table shows Summer 1986 rates. Tuition for Summer 1987 will differ from the rates shown. Final rates depend upon the level of support provided by state appropriations as determined in late Spring of 1987. Further information on tuition, fees, and deposits is available from the Student Accounts Receivable section of the Bursar's Office, (303) 492-5381. The Board of Regents reserves the right to change tuition without notice.

1. Summer Session students are required to pay health and activity fees. The fees pay for some

of the services available at Wardenburg Student Health Center, as well as for services at the libraries and the Recreation Center. These fees have not been set for Summer 1987, but it is estimated they will not exceed \$10 per week. The amount of fees is based on the number of weeks a student is enrolled. Exceptions are as follows: students registering for Independent Study (Section 900) *only* will be assessed five weeks fees; students registering for Intensives (Sections 500 or 600) *only* will be assessed no fees.

2. Continuing students who have student health insurance for Spring Semester 1987 are covered for Summer Session; dates of coverage are approximately mid-January through the last week of August. New students or students who wish to purchase insurance should check with Wardenburg Student Health Center personnel. Only fee-paying students attending Summer Session may take advantage of the free services offered at Wardenburg. All other students must pay an additional fee to become eligible for services during Summer Session.

3. Any permanent full-time employee may enroll for 1-6 semester hours of credit and any permanent part-time employee for a proportionate number of semester hours of credit for the academic year (Summer 1987, Fall 1987, Spring 1988), without payment, on a *space available basis*. Registration on a space available basis begins on June 8 for Terms A, C, and D and on

July 14 for Term B. Course work must be taken outside scheduled working hours or with an adjusted work schedule of equivalent hours acceptable to the employing department. Further information is available from the Student Accounts Receivable section of the Bursar's Office, (303) 492-5381.

4. Out-of-state students enrolled as master's "Candidates for Degree" in order to take a comprehensive examination for a master's degree will pay for 3 semester hours at 60 percent of the 3-credit-hour charge for out-of-state graduate students.

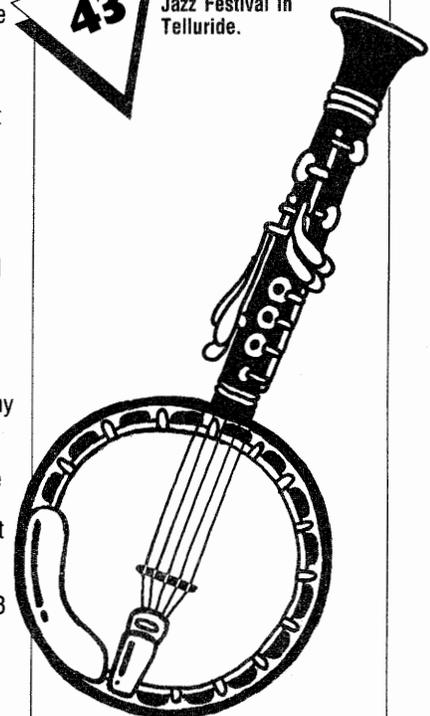

5. Zero or a fractional semester hour of credit is regarded as 1 semester hour in assessing tuition and fees.

6. Tuition for courses taken for no credit (NC) is the same as for courses taken for credit.

7. Special Students with degrees will be assessed tuition at graduate student rates. Special Students without degrees will be assessed tuition at undergraduate rates.

By paying this fee, students are able to drop courses and request official transcripts free of charge. A Special Student who is admitted to degree status will be assessed a \$15 Matriculation Fee at the time of the student's first Registration as a degree student.

At all other Registrations, students will be required to make an initial payment of tuition and fees (see chart below), based upon the number of hours for which the student is registering. A bill for any remaining balance will be mailed to the student's local address. *Failure to receive a Tuition and Fee Bill does not relieve students of their obligation to know the amount of their bill and to pay on time.*

### SCHEDULE OF INITIAL PAYMENT OF TUITION AND FEES DUE AT REGISTRATION BEGINNING JUNE 5, 1987

IN-STATE	
Minimum or 1 credit hour	\$100
2 to 10 credit credit hours	\$90 per credit hour
Maximum or over 10 credit hours	\$900
OUT-OF-STATE

Tuition and fees may be paid in full at Registration. The Deferred Payment Plan is not available during the summer.

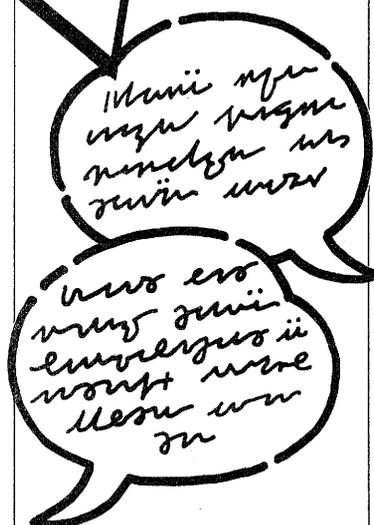

All students who register and attend classes are liable for payment of tuition and fees even if they withdraw from school. Students having unpaid financial obligations to the University will not be allowed to receive their diplomas or any transcript of credits; the only exceptions are loans maturing after graduation. Students with outstanding financial obligations may not be allowed to enroll for a subsequent term.

**2. Personal Checks.** Any student who pays a Tuition and Fee Bill with a check that is returned from the bank may be subject to disenrollment from the University. In addition, payment will be required for the amount due *plus* a \$15 returned check charge and late payment charges if the due date for payment of Tuition and Fee Bills is past. Any check presented to any department of the University that is returned from the bank unpaid will require payment of the amount due plus a \$15 returned check charge. The student may also be liable for collection costs and prosecution under one of the following Colorado Criminal Statutes: 18-4-401, Theft by deception; 18-5-205, Fraud by check; 18-5-512, Issuance of a bad check. The University of Colorado at Boulder is a member of the Boulder Credit Bureau. Specific inquiries concerning reporting should be directed to the Collections Department of the Bursar's Office, phone (303) 492-5571.

**3. Late Registration Fee.** A Late Registration Fee will be charged to *all* students (including those registering for doctor's thesis) who fail to complete Registration according to the instructions. The Late Registration Fee is \$20 for the first day, \$25 for the second day, and \$30 thereafter.

Charges will be assessed for the addition of hours at any time.

## IN-STATE AND OUT-OF-STATE TUITION

New students are classified as in-state or out-of-state for tuition purposes on the basis of information provided on the Application for Admission and other relevant information. Applicants may be required to submit evidence substantiating their claim of in-state eligibility. Applicants who feel their initial classification is incorrect may address inquiries to the Tuition Classification Coordinator.

To be eligible for in-state classification, applicants or their parents (if the applicant is an unemancipated minor), must maintain legal residence in Colorado for the 12 months preceding the term for which in-state status is claimed. Unmarried students who will not be 22 years of age by the first day of class are assumed to be unemancipated minors and to have the same legal residence as their parents. Such students whose parents do not live in Colorado must petition to prove emancipated status for the

Watch a Denver Zephyrs baseball game.

preceding year. Students normally lose in-state eligibility if they, or their parents (if the student is an unemancipated minor), maintain domicile outside Colorado for one year or more. Such students are responsible for notifying the Tuition Classification Coordinator of the loss of their in-state eligibility.

Military personnel on permanent duty station in Colorado, and their dependents, are eligible for in-state rates regardless of length of residence. Such students should write or call the Tuition Classification Coordinator for specific information regarding this eligibility.

### PETITIONING FOR IN-STATE CLASSIFICATION

Applicants and students who feel their classification is incorrect or who have become eligible for a change to in-state status must submit a petition with documentation in order to have their status changed. The necessary petition forms and an explanation of the Colorado tuition classification statute are available from the Tuition Classification Coordinator, Regent Administrative Center 125, Campus Box 68, University of Colorado at Boulder, Boulder, Colorado 80309-0068, phone (303) 492-6868. Students at other campuses should address their inquiries to the appropriate Office of Admissions and Records.

### CLASSIFICATION NOTES

1. Petitions are due by June 12, 1987, for Terms A, C, and D. Petitions for Term B are due by July 17, 1987. Petitions for Terms E and F must be submitted by the first day of class.
2. In-state classifications become effective as of the first term that begins one year after legal residence in Colorado has been established. Changes of classification never take effect mid-term.
3. Students who willfully give false information to evade payment of out-of-state tuition or who fail to provide timely notice of their loss of in-state eligibility are subject to retroactive assessment of out-of-state tuition, as well as disciplinary and legal action.
4. Tuition classification is governed by Colorado statutes and by judicial decisions that apply to all state-funded institutions in Colorado and is subject to change without notice.

## FINANCIAL AID

Degree-seeking students who plan to enroll in the University of Colorado at Boulder Summer Session 1987 for 6 or more semester hours (3 for graduate students, depending upon graduate status) are eligible to apply for need-based financial aid. These students must complete an aid application, either the Family Financial Statement (FFS), which is processed by the American College Testing (ACT) Need Analysis Service, or the Financial Aid Form (FAF), which is processed by the College Scholarship Service (CSS). CU-Boulder's filing deadline is February 16, 1987, which means that the aid application must be *received* by the need analysis service by this date for the application to be considered on time. In order for students to be considered for summer assistance, they also must have provided complete answers to any Office of Financial Aid requests for information by the

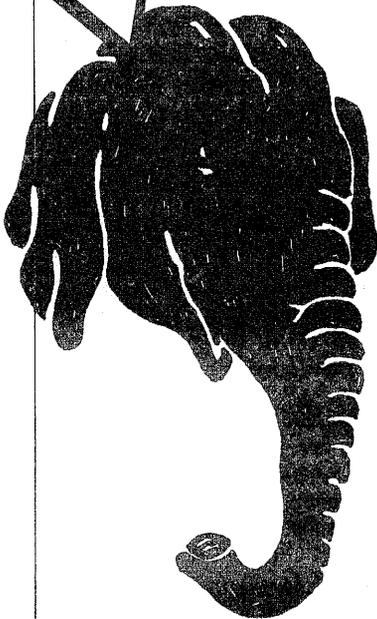

deadline date printed on the Additional Information Request (AIR) form. Students are only sent the AIR if the Office of Financial Aid needs additional information to complete their file.

**It is expected that need-based funds will be extremely limited for Summer Session 1987, if available at all.** If campus-based funding is available for summer, it is usually limited to students graduating in August or the following December. Once those students have completed the FFS and indicated an interest in receiving summer aid, they must also appeal to the Financial Aid Review Committee during Spring Semester 1987. Aid Counselors in the Office of Financial Aid should be consulted for additional information.

Aid applications are available through the Office of Financial Aid, located in the basement of

50

the Environmental Design Building, or from local high schools or colleges.

Students interested in applying for a Guaranteed Student Loan (GSL) should obtain an application from their local lender, as well as file the FFS or FAF. Applications for the GSL must be completed and submitted to the Office of Financial Aid no later

than March 2, 1987, for the GSL check to be available by tuition payment deadlines for Summer Session 1987.

### STUDENT EMPLOYMENT

Two types of employment opportunities are available to summer students: Full-Time Summer Work-Study (FTSWS) and regular or hourly employment.

**Full-Time Summer Work-Study.** The FTSWS program is designed for students who are not attending Summer Session, but who wish to work 40 hours per week to save money for the academic year. Students are not allowed to take more than one course during the summer when participating in this program. These students may work as few as 35 hours per week with their supervisor's approval. This program is not to be confused with regular Work-Study, which is limited to full-time students. Students interested in FTSWS must apply using the aid application and meet the February 16, 1987, filing deadline as explained previously.

In addition, a separate FTSWS application must be completed and submitted to the Office of Financial Aid no later than Monday, March 2, 1987. Meeting these deadlines is critical. Late applicants will *not* be considered. Applicants should be sure to retain the receipt confirming the date that the FTSWS application was submitted to the Office of Financial Aid.

**Hourly Employment.** Hourly employment opportunities do not require an aid application. Position notices are posted in the student employment area of the Office of Financial Aid. The Job Location and Development (JLD) coordinator is available to assist students in locating suitable off-campus hourly employment. Interviews are scheduled on an appointment basis, and interested students are advised to come to the Office of Financial Aid or to call (303) 492-5091 to arrange an appointment.

## MAKING THE GRADE

### COURSE LOAD DEFINITIONS

The following are the definitions of a full-time summer course load. For further information and guidelines regarding other course load regulations, students should see specific college and school sections of the *University of Colorado at Boulder Catalog*. **Students receiving financial aid, receiving veterans' benefits, or living in University housing should check with the appropriate office regarding course load requirements for eligibility purposes.**

#### UNDERGRADUATE

A full-time undergraduate student in the summer is one who is enrolled for at least 6 semester hours.

#### GRADUATE

A full-time graduate student in the summer is one who is enrolled for at least 3 semester hours in course work numbered 500 or above or 4 semester hours in a combination of undergraduate, graduate, or professional course work used for graduate credit, or any number of thesis hours.

### GRADING SYSTEM

The following grading system is standardized for all colleges and schools of the Boulder Campus. The addition of plus/minus grades was approved for the colleges and schools to implement at their discretion in Spring Semester 1984. Each instructor is responsible for determining the requirements for a course

and for assigning grades on the basis of those requirements.

Standard Grades	Credit Points Per Semester Hour of Credit
A = superior/excellent	4.0
A - =	3.7
B + =	3.3
B = good/better than average	3.0
B - =	2.7
C + =	2.3
C = competent/average	2.0
C - =	1.7
D + =	1.3
D =	1.0
D - = minimum passing	0.7
F = failing	0.0

#### Grade Symbols

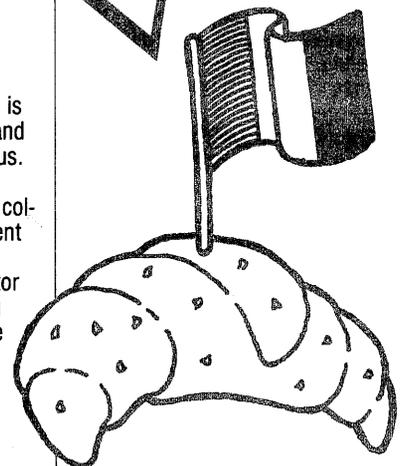

- IF* = incomplete—regarded as *F* if not completed within one year
- IW* = incomplete—regarded as *W* if not completed within one year
- IP* = in progress—thesis at the graduate level
- P* = passing—under the Pass/Fail option, grades of *D-* and above convert to a *P*. Other specified courses may also be graded on a Pass/Fail basis.
- NC* = Registration on a no-credit basis
- W* = withdrawal or drop without discredit
- Y* = class grades were not submitted by the time final grades were processed

#### EXPLANATION OF IF AND IW

An *IF* or *IW* is an incomplete grade. Policies with respect to *IF/IW* grades are available in the individual college and school dean's offices. Use of the *IF* or *IW* is at the option of the academic dean's office.

51

Celebrate Bastille Day (July 14) in a French Restaurant.

The student must ask for the incomplete grade. An incomplete grade is given only when students, for reasons beyond their control, have been unable to complete the course requirements. It is understood that a substantial amount of work must have been satisfactorily completed before approval for such a grade is given.

If an instructor decides to grant a request for *IF* or *IW*, the instructor sets the conditions whereby the course work will be completed. The instructor may set less time than one year for completion. The student is expected to complete the requirements within the established deadline and not retake the entire course.

However, the instructor, with approval of the department, determines if the course should be retaken. If a course is retaken, the student must reregister for the course and pay the appropriate tuition.

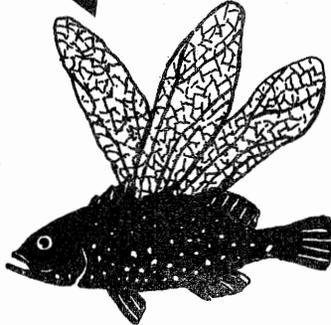

The final grade (earned by completing the course requirements or by retaking the course) does not result in deletion of the *IF* or *IW* grade symbol from the transcript. A second entry is posted on the transcript to show the final grade for the course.

At the end of one year, *IF* and *IW* grades for courses that are not completed or repeated will be regarded as *F* or *W*, respectively. Requests for an extension of time to complete the course beyond the one-year deadline will normally not be approved by the academic dean's office.

### GRADE POINT AVERAGE

The grade point average is calculated by totaling the hours and the credit points for all courses and dividing the total credit points by total semester hours. Courses with grade symbols of *P*, *NC*, *Y*, *W*, *IP*, *IW*, and *IF* are excluded when totaling the semester hours. *IF*s that are not completed within one year are calculated as *F* at the end of the one year grace period. All grades of *F*, including those earned when registered Pass/Fail, are calculated in the GPA.

Windsurf on Boulder Reservoir.

It is University of Colorado policy that the undergraduate GPA is calculated separately from the graduate GPA.

If a course is repeated, all grades earned are used in determining the University GPA.

Students should refer to their academic dean's office for individual grade point average calculations as they relate to academic progress and graduation from their college or school.

## ACADEMIC STANDING

Good academic standing in most colleges and schools requires a 2.00 grade point average (GPA). Students should consult the appropriate dean's office regarding college or school minimum GPA requirements and probationary policies.

### GRADE REPORTS

Grade reports for any of the summer terms (Term A through Term F) will be available for students to pick up from their dean's office on approximately August 27. Grade reports are not automatically mailed in the summer; however, a self-addressed, stamped envelope may be supplied to the dean's office by individual students.

### OFFICIAL TRANSCRIPTS

The official transcript includes the complete academic record of courses, undergraduate and

graduate, taken at all campus locations or divisions of the University of Colorado. It contains the signature of the Director of Academic Records and the official embossed seal of the University. Primary usage of the official transcript is for application for transfer to other academic institutions and for employment purposes.

Transcripts of academic records at the University of Colorado (all campuses) may be ordered in person or by mail from the Office of Academic Records, Regent Administrative Center 125, Transcript Section, Campus Box 68, University of Colorado at Boulder, Boulder, Colorado 80309-0068. Official transcripts that include summer term grades will be available beginning the first week of September. A transcript that is to have the degree recorded will be available the first week of October. Requests should include the following:

1. Student's full name (include maiden or other name if applicable).
2. Student number.
3. Birthdate.
4. The last term and campus where the student was in attendance.
5. Whether the current semester grades are to be included when a transcript is ordered near the end of a term.
6. Full names of the recipients of the transcripts, whether they are agencies, colleges, or individuals. Complete mailing addresses should be included. Transcripts sent to students are labeled "issued to student."
7. Student's signature. (This is the student's authorization to release the records to the designee.)

There is no charge for official transcripts. Transcripts are prepared only at the student's request. A student having financial obligations to the University that are due and unpaid will not be granted a transcript. Copies of transcripts from other institutions cannot be furnished.

### UNOFFICIAL TRANSCRIPTS

The unofficial transcript is the complete academic record at the University of Colorado that is primarily used for advising and counseling within the offices on campus and within the offices at other University of Colorado campus locations. The unofficial copy does not carry the embossed seal of the University.

Whenever an unofficial transcript is needed, the student may pick up a copy at the appropriate academic dean's office with the following exceptions:

1. Graduate students pick up their copy at their major department office.
2. Arts and Sciences, Business, and Special Students pick up copies at Regent Administrative Center 125.

Check the free concert schedule.

3. In cases when a dean's office cannot provide the unofficial transcript, students may pick up copies at Regent Administrative Center 125.

A charge of \$.50 is made for immediate service when a copy is requested from Regent Administrative Center 125. There is no charge for copies delivered to other University of Colorado offices at the student's request.

## RIGHTS AND PRIVACY, EDUCATION RECORDS

Periodically, but not less than annually, the University informs students of the Family Educational Rights and Privacy Act of 1974. This Act, with which the institution intends to comply fully, was designed to protect the privacy of education records, to establish the right of students to inspect and review their education records in all offices, and to provide guidelines for the correction of inaccurate or misleading data through informal and formal hearings. Students also have the right to file complaints with the Family Educational Rights and Privacy Act (FERPA) Office concerning alleged failures by the institution to comply with the act.

Local policy explains in detail the procedures to be used by the institution for compliance with the provisions of the Act. Copies of the policy can be found in the Government Publications Office in Norlin Library, the Law Library, or the Office of Academic Records on the Boulder Campus. Copies of the policy are also located in the libraries or the Office of Admissions and Records on the other campuses.

The Director of Academic Records on the Boulder Campus and the registrars on the other University campuses have been

designated by the institution to coordinate the inspection and review of student education records located in various University offices. *Students wishing to review their education records must complete a request form in the office of the Director of Academic Records or registrar for the appropriate campus. Requests should list the item or items of interest.* Records covered by the Act will be made available within 45 days of a request.

Students *may not* inspect the following as outlined by the Act: (1) financial information submitted by their parents, (2) confidential letters that they have waived their rights to review, or (3) education records containing information about more than one student, in which case the institution will permit access *only* to that part of the record that pertains to the inquiring student. Records that may be inspected include *admissions, academic, and financial files and cooperative education and placement records.*

The following items of student information have been designated by the University of Colorado as public or directory information: name, address, telephone number, dates of attendance, registration status, class, major field of study, awards, honors, degree(s) conferred, past and present participation in officially recognized sports and activities, physical factors (height, weight) of athletes, date and place of birth. Such information may be disclosed by the institution for any purpose, at its discretion.

No other information regarding students' education records may be disclosed to anyone without the written consent of students, *except* (1) to personnel within the institution, (2) to officials of other institutions in which students seek to enroll, (3) to persons or organizations providing students financial aid (this includes the parents upon whom students are financially dependent as defined by the Internal Revenue Code of 1954, Section 152), (4) to accrediting agencies carrying out their accreditation

functions, or (5) to persons in an emergency to protect the health or safety of students or other persons.

The University requests that parents who would like a copy of their child's transcript have the student obtain one for them.

Currently enrolled students may withhold disclosure of directory information under the Family Educational Rights and Privacy Act of 1974. To withhold disclosure, students should inquire at the appropriate campus office before the eleventh day of classes each term. The University of Colorado assumes that failure on the part of any student to specifically request the withholding of directory information indicates individual approval for disclosure.

Boulder Campus students should request the form that describes the Family Educational Rights and Privacy Act from the Office of Academic Records, Regent Administrative Center 125, Campus Box 68, University of Colorado at Boulder, Boulder, Colorado 80309-0068. Students on other University of Colorado campuses should inquire at their respective Office of Admissions and Records.

Residence Hall for Summer Session, as well as the following academic year (both fall and spring semesters), unless they are married or live with parents or relatives in the Boulder area and have permission to commute. Requests from freshmen for permission to reside off campus for other reasons will be considered on their merit, taking into account the individual circumstances of the petitioner.

For information regarding freshman permission to reside off campus, write the Assistant Director of Housing, Hallett 64, University of Colorado at Boulder, Boulder, Colorado 80310. Questions regarding the possibility of such permission should be resolved before prospective students confirm their intent to enroll at the University.

All rooms are rented on a room and board basis, with no refunds for meals missed. No meals will be served on Sundays. *Residents must be prepared to pay room and board for the entire period reserved at the time they check into the Residence Hall.* Rates for Summer Session 1987 were not yet determined when this publication went to press; however, an increase over 1986 is anticipated. Persons making reservations will be informed of any rate increase. Rates are subject to change.

Rooms may be occupied after 8:00 a.m. on the day preceding Registration for the term to be attended. Registration dates are

June 5 for the first 5-week term and the 10-week term and July 13 for the second 5-week term. Unless advance notice is given, students must occupy their rooms no later than the first day of classes for the term in which they are enrolled or the rooms will be released to other students. All residents must vacate their rooms before 10:00 a.m. on the day after the close of the term. If changes in the University academic calendar require changes in Residence Hall occupancy and meal service dates, notice will be sent with room assignments.

Students taking a short-term course (less than 5 weeks) may arrange to live in a Residence Hall. For further information, write to the Residence Halls Reservation Center.

**Residence Hall Accommodations.** Residence Halls that will be in use for Summer Session 1987 were not designated when this publication went to press. Halls to be designated will offer a variety of attractive and comfortable accommodations, including single and double rooms and a dining room within the building or nearby.

It is expected that freshmen and sophomores will be assigned together in a designated hall. A few single rooms will be available on a first-come, first-served basis for freshmen and sophomores who request them. Other areas will be set aside for upper-division students. It is anticipated that single rooms will be available in these areas for most students who request them. However, single rooms cannot be guaranteed.

A limited number of furnished buffet apartments will be available without board in Reed Hall for seniors and graduate students only. Except in the case of mutually requested roommates, all assignments in Reed are singles. Private bath, two closets, and kitchenette with stove and refrigerator are included. Rates per apartment were \$648.00 for Summer Session 1986, based on calendar occupancy from June 4 to August 15. Summer 1987 rates are expected to increase.

Except for late applicants, students will be informed by mail of their specific Residence Hall assignments before the beginning of the term to be attended.

## COMPUTING FACILITIES

Academic Computing Services (ACS) provides support for instructional and research programs through a Universitywide network of computing facilities. ACS resources include a cluster of Digital Equipment Corporation VAX/VMS computers (an 8550, an 11/780, and three 11/750s), a Cyber 170/720, a VAX 11/785 running ULTRIX, an AT&T 3B20, two multiprocessors on loan from manufacturers, an Encore Multimax, and a Sequent B8000. Computing sites across the campus and communications networks provide general access to batch and timesharing computing, as well as access to supercomputing and other computational resources at locations around the world. Interactive network access is also available through more than 50 dial-up ports. ACS maintains computing sites that are equipped with personal computers (IBM, Macintosh, Zenith); these facilities are available for both classes and individual use.

Software available on ACS computers includes programming languages such as FORTRAN, PASCAL, COBOL, and BASIC, as well as a library of mathematical and statistical packages and other applications programs. Academic Computing Services offers computing assistance through student and staff advisors, seminars and workshops, on-line documentation, and the ACS newsletter, *DIGIT*. In addition to the resources of ACS, a

large number of departments and institutes support extensive computing facilities for specialized research and instruction.

## COUNSELING SERVICES

The Multicultural Center for Counseling and Community Development (MCCCD) has the responsibility for assisting students in the areas described below. The services are free to CU-Boulder students.

**Individual Counseling.** Individual counseling services are offered to any students who are experiencing concerns in some area of their personal, social, or educational life. Some examples of student concerns are loneliness, family or marriage conflicts, poor academic performance, anxiety, drug or alcohol issues, or relationship difficulties. These concerns may be discussed frankly and confidentially with the psychologists or counselors on staff.

**Student Development Program (CUOP).** This area of the Center offers individual counseling, group counseling, career development/resource programs, and academic assistance to meet the ethnic minority student's educational, career, and personal planning needs. Students from minority backgrounds and disadvantaged backgrounds (i.e., American Indian, Asian American, Black, Chicano, and migrant) are encouraged to take advantage of this comprehensive program.

**Group Counseling.** Throughout the year, MCCCD offers workshops and group counseling experiences that are designed to help students gain skills in specific areas and work on solving personal or interpersonal problems. These activities allow each student an opportunity to interact with other students who have similar academic, career, personal, or cultural needs and concerns. Groups and workshops

have approximately 6-10 members and are led by a counselor or a psychologist. Peer counselors lead some special workshops.

**Center for Educational and Career Transition (Women's Center).** The Center offers individual counseling, academic and job information, and testing services to University students, faculty, and staff, or to any individual who wishes to resume an interrupted academic program or to change or enrich a career.

**Peer Counseling.** Peer counselors (undergraduate paraprofessionals) are trained to provide academic assistance to students in the College of Arts and Sciences and to assist in various workshops.

**Testing and Assessment.** Achievement, interest, and personality tests are utilized as aids to the counseling available for students. All test batteries are interpreted for students by one of the Counseling Services staff.

**CUOP Career Development.** Choosing a career path is an important part of the educational experience. This program is designed to assist ethnic minority and disadvantaged students in identifying and analyzing their values and needs as they make a choice of major or career.

For further information about any of the above services, students may call (303) 492-6766 or stop by Willard Administrative Center 134.

information; a games area featuring bowling, billiards, and an arcade; a photo lab for student use; the Fine Arts Center with an art gallery, browsing room, and music listening rooms; the University Book Center; a newly remodeled food service that includes a cafeteria, grill, delicatessen, pizza parlor, vending area, Mexican cantina, and catering service with several private dining areas; a computerized ticket service; a copy center; and a variety of retail shops and services, including a travel agency, a flower shop, a record store, banking facilities, and a ski shop. ## VETERANS OFFICE

The CU-Boulder Veterans Office assists eligible veterans, Selected Reservists, National Guardsmen, and eligible dependents of veterans during their association with the University.

All new students, including transfer students, may visit or write the University Veterans Office stating their intent to enroll. If V.A. educational benefits have been used previously, it is essential to include the claim number. The V.A. requires that the student be enrolled for an approved degree objective. V.A. regulations now *restrict* Independent Study. Students should check with the V.A. office concerning benefits. If the degree-granting institution is not the University of Colorado, evidence from the other school should be submitted to verify that the courses taken during the summer will apply toward an approved degree.

The University must enroll the applicants with the V.A. Regional

Office for them to receive benefits. Promptness is imperative and a current local address is desirable. The V.A. now pays only after classes have been completed during each month. Financing should be planned accordingly.

Information about course loads and V.A. benefits for summer terms is available from the Veterans Office, Willard Administrative Center 229, Campus Box 139, University of Colorado at Boulder, Boulder, Colorado 80309-0139.

## CREATING YOUR SCHEDULE

The information below gives a detailed explanation of the *Schedule of Courses* included in this publication. Please refer to this information when creating your schedule.

At the top of each page are the following abbreviations:

**Dept. No.**—The department number is essential for filling out course requests. Students should not confuse this with the major code number.

**Dept.**—The department name abbreviated to a maximum of four spaces.

**Crs. No.**—The course number. Courses are numbered according to the following system: 100 and 200 levels (lower division), for freshmen and sophomores; 300

and 400 levels (upper division), primarily for juniors and seniors. Normally, courses numbered 500 to 800 are for graduate students only; see college and school sections for special provisions. Any exception to this system is explained in the course description.

**Cr.**—The number of semester hours of credit the course offers (3 means 3 semester hours; 2-4 indicates that credit is variable and students *must* indicate on course requests whether they want 2, 3, or 4 semester hours). Credits are expressed in semester hours. One semester hour is the equivalent of 1½ quarter hours.

**Title of Course**—An abbreviated description of the course.

**Term**—A = First 5-week term  
B = Second 5-week term  
C = 8-week term  
D = 10-week term  
E and F = Intensives

Inclusive dates for each course are noted in the *Schedule of Courses* section of this publication.

**Sec.**—This is the section number and it is the same as the lecture number. When an L precedes the number (L004), it indicates a laboratory (lab) to be taken along with the lecture. When an R precedes the number (R010), it indicates a recitation (rec) to be taken along with the lecture. Some classes have all three: lecture, lab, and recitation.

**Time**—Meeting time of the class.

**Days**—Meeting days of the class (T is Tuesday and TH is Thursday).

**Bldg.**—The building abbreviation. See the list on the campus map.

**Room**—The room number.

**Instructor**—Instructor's name is printed when available.

**Limit**—Approximate class size.
