Controlled Enrollment ۷.

For courses so designated in the Schedule of Courses with an 800 series section number and the statement, "Secure a Departmental Controlled Enrollment Card," the student must go to the office of the department offering the course to ob-tain a Controlled Enrollment Card. <u>The student must deposit this card instead</u> of the regular course request card in order to enroll in that course. A request for a course on a regular course request card is not acceptable and the student WILL NOT be placed into the course.

VI. Students registering for courses with sections numbered 900 or above (Independent Study, Thesis, Candidate for Degree, etc.) MUST obtain an Independent Study/Thesis Approval Form from the department offering the course. This form must be completed and deposited with the student's other course request cards. A regular course request card will not be accepted at the Final Registration Check Point.

VII. Inter-Campus Registration Procedures

Option 1 - Boulder campus students who wish to take course work on another campus can register on that campus independent of their home campus registration. How-ever, they must apply to that campus and attend their registration process.

Option 2 - Boulder campus students who are unable to obtain courses required for their degree programs on the Boulder campus may exercise the Concurrent Enroll-ment option. Students enrolled for a minimum of one course on the Boulder campus will be allowed to register for up to 2 courses or 6 hours, whichever is greater, on another campus provided the coursework is required for their degree programs and they have their deans's permission. Boulder students exercising this option will pay tuition for their total credit hours on the Boulder campus only, at Boulder campus rates, Concurrent Registration forms and instructions, are available from the Class Scheduling Section of the Office of the University Registrar, Regent Hall 125.

# Optional Pass/Fail Enrollment

(1) Before enrolling in courses on the pass/ fail option, student should consult their school and college requirements and restrictions concerning pass/fail enrollment to insure an approved reg-istration. Students may obtain pass/ fail cards from either the Registra-tion Final Check Clerks or at the Office of the University Registrar. Completed pass/fail cards must be turn-ed in at the Office of the University Registrar prior to 4:45 p.m. on Thursday, September 18. Students will be given a validated receipt upon submission of the pass/fail card. In those cases where the Office of the University Registrar does not indicate that the student has enrolled for pass/fail and the student con-tend that he did enroll for pass/fail, it is the student's responsibility to support his claim by providing the student pass/ fail receipt form. After Thursday, Sep-tember 18, it will not be possible for a

I HAVE ENOUGH

- student to enroll for pass/fail.
- The record of pass/fail registration is maintained by the Office of the University (2)Registrar.
- Academic deans and faculty will not be aware of specific pass/fail registrations. For example, all students who are registered on a pass/fail basis appear on the regular class rosters and a normal letter grade is assigned on the final grade roster by the professor. When grades are received in the Records Office, those registrations which require a pass/fail designation are automatically converted by the grade application system. Grades of D and above convert to a grade of P. Grades of F would equal a letter grade of F.
- (4) Only 6 hours of course work may be pass/fail in a given semester.

## Drop/Add Standard Procedure

- Students will be allowed to drop and add through Thursday, September 18, with no signatures required on the Drop/Add form.
- (2) After this date, the instructor must sign Drops and Adds. The dean's signature is not required.
- (3) After the tenth week (Tuesday, November 11, 1980), courses may not be dropped or add unless there are circumstances clearly beyond the student's control (accident, ill-ness, etc.); in addition to the instructor's certification (as in 2 above), the stu

### University Counseling Services Fall Group Program

492-6766

Every semester, University Counseling Services offers a number of free, non-credit groups to both students and staff. The groups vary in orientation, addressing academic, career, social, and/or personal growth issues. Many people have found the group ex-perience to be both valuable and enjoyable, and Counseling Services welcomes anyone in-terested in participating. A sampling of groups to be offered this fall would include academic improvement groups, personal growth, self-defeating behavior, speech anxiety, career decision-making, and assertiveness. In addition, there will be three lecture series focusing on raising GPAs, relating to people, and staff and faculty concerns. While there are really no special requirements for participation in any group, advance registration is necessary for all groups except the Lecture Series. Complete copies of the fall schedule are available in Willard 134, and will be printed in the Colorado Daily early in the semester. For more information and/or registration, call 492-6766, or stop by Willard 134.

# **General Information**

The Academic policies, rules, and regulations of the College and University are Ine Academic policies, rules, and regulations of the College and University are printed in the 1980-81 <u>University of Colorado at Boulder, Catalog</u>. All students are responsible for knowing and following the provisions set forth in the catalog. Any questions concerning those provisions are to be directed to the College Office, Hellems 152. The College cannot assume responsibility for problems resulting from a student's failure to follow the policies stated in the catalog or from misadvice given by someone other than a staff member of the College.

### GRADUATION FROM THE COLLEGE OF ARTS AND SCIENCES

Any student wishing to graduate from the College of Arts and Sciences at the end of a given semester must notify the Dean's Office, Hellems 152, in the semester preceding. THE COLLEGE OF ARTS AND SCIENCES TAKES NO RESPONSIBILITY FOR GRADUATING A STUDENT WHEN THE STUDENT HAS NOT MET THE ABOVE DEADLINE DUE TO THE STUDENT'S OWN NEGLIGENCE.

# The College List

5

A liberal arts college has the responsibility of making available to its students a balanced program which will satisfy the legitimate claims of individual interest and aspiration and the need to insure that those who graduate have pursued a directed, coherent educational experience.

The candidate for the liberal arts degree is expected to be literate in his own language, to have at least a minimal acquaintance with a language other than his own, and to be familiar with the subject matter and the methodology of the three broad areas of learning represented by the humanities, the natural sciences, and the social sciences. These expectations generate the requirements of the college.

Each student seeking the B.A., the B.F.A., or the B.S. degree must present two 2-semester course combinations in each of the following areas: Humanities, Natural Science, and Social Science. An area requirement may be satisfied in this college in one of two ways: (1) by taking one first-year course combination from the College List followed by one second-year combination for which the first-year combination is prerequisite; or (2) by taking one first-year combination in one department and one first-year combination in a different department.

Each student seeking the B.A. or B.F.A. degree must, in addition to the above, demonstrate in one of three ways a third-semester proficiency in a classical or modern foreign language: (a) by completion of a level-III high-school foreign language course; (b) completion of an appropriate third-semester college course; or (c) by a proficiency examination administered by one of our foreign language departments.

NOTE: Students may not use the Pass/Fail option in courses taken to satisfy the re-quirements above, nor in courses used to satisfy minimum major requirements.

Deadline - THE STUDENT IS RESPONSIBLE FOR BEING AWARE OF AND OBSERVING ALL UNIVERSITY AND COLLEGE OF BUSINESS DEADLINES.

<u>Drop/Add</u> - Adding business classes is by petition only to the Dean. Business classes may not be added after the first week of the semester. Nonbusiness students will not be sectioned into business classes due to the space limitation. During the first week of class, business students and nonbusiness students REQUIRED TO TAKE A BUSINESS CLASS FOR GRADUATION may petition to add. All class assignments will be on a space available basis. Nonbusiness departments requiring a business class for graduation are asked to send a list of their students, their class standing, and class they are asked to take to the College of Business. Office of Undergraduate Studies, prior to registration. PETITIONS NOT PICKED UP BY THE END OF THE FIRST WEEK OF CLASS WILL BECOME VOID.

Expository Writing ~ A.S. 100, 101, 102, 103 or 110 will fulfill this requirement. CLEP credit is not acceptable.

Incomplete Grades - Incomplete grades are given only in documented and extenuating cir-cumstances clearly beyond the student's control. The student is expected to complete the course requirements, e.g., final exam, term paper, within established deadline and not retake the entire course.

Information for Graduating Seniors - All graduating seniors must contact the Office of Undergraduate Studies for a complete academic evaluation prior to registering for their last term on campus.

To receive a B.S. degree in business, the student must have achieved a grade point aver-age of 2.0 for all work attempted after admission to the University of Colorado, a 2.0 average for all Business courses attempted at the University and a 2.0 average in the four required area-of-emphasis courses.

Intrauniversity Transfer - Students who wish to transfer to business from another col-lege or school of the University must formally apply at the Dean's office (Room 230), within the deadline established by the College of Business. March 1, 1981 is the ap-plication deadline for consideration for Fall 1981, and October 1, 1980 for Spring 1981. A minimum University of Colorado grade point average is established by the College of Business and is required for consideration. A limited number of students are admitted to the college each term on IUT and when the quota is filled, applications will not be accepted until the next term! Admitted students must enroll on Boulder Campus the term admitted or IUT is void. admitted or IUT is void.

Math 108 or 135 alone will not meet the math require-ment. A maximum of 9 hours of math below the level of analytical geometry and calculus is acceptable.

<u>Natural Science</u> - chemistry, physics, biology, astronomy, physical geography, physical anthropology, geology, earth science, and physical science.

No Credit - Due to space limitations, business classes may not be taken on a no credit basis.

Nonbusiness Electives - Nonrequired courses taken outside the College of Business and Administration selected according to the student's own interest (excluding activity P.E., remedial courses, and lower-division ROTC). Nine hours must be upper division (numbered in 300s or 400s).

Nonclassroom Sources of Credit (e.g., Independent Study, Certain Experimental Studies) -A maximum of 6 hours of nonclass sources of credit will be counted toward the B.S. degree in business and not more than 3 hours of such credit per semester. A description of the course and appropriate approvals must be submitted to the Office of Undergraduate Studies prior to registering for any independent study course. Independent study courses in business are intended for business conject. in business are intended for business seniors.

Pass/Fail - Students in the college may not use courses taken on pass/fail basis to satisfy required business or nonbusiness courses, or business elective courses. A maximum of 16 hours of pass/fail credit may be applied toward the B.S. degree in business; trans-fer students may take 1 hour of pass/fail for every 8 hours completed at this institution.

Students enrolled in the college prior to Fall 1980 may take pass/fail hours as specified in the Bulletin effective at the time of their admission to the college. <u>PASS/FAIL DETER-MINATION MUST BE MADE WITHIN UNIVERSITY DEADLINES AND IS IRREVERSIBLE</u>.

<u>Physical Education</u> - P.E., recreation, and dance activity courses may not be counted to-ward a B.S. degree in business, but a maximum of 6 hours of theory (non-activity) courses may be applied to nonbusiness electives.

Business majors are defined as students officially enrolled in the College of Business and Administration.

Grades of D earned at this institution count toward graduation and courses <u>need</u> not be repeated. The College of Business and Administration does not remove F's or change grades if a course is repeated. All work attempted will appear on permanent records.

This applies to work taken at all University campuses. Physical Education activity courses and remedial course work are not included in the overall average.

When semester grades become available, students below the acceptable standard will be notified of (1) probationary status or (2) suspension. ## SCHOOL OF EDUCATION

#### **Richard L. Turner, Dean**

All students should read and adhere to the policies, rules, and regulations as given in the School of Education section of the University of Colorado, Boulder catalog and in the Graduate School section when the latter is applicable.

A few important items sometimes neglected by students are repeated below. Other state-ments pertinent to given courses or programs appear at appropriate points throughout the Schedule of Courses.

Admission to teacher education is a prerequisite to senior courses in the teacher education program. Information about application for admission to teacher education is available in Education 247.

The normal load for students in the School of Education is 12 to 18 semester hours. Adv-vance approval by the dean is essential for loads of less than 12 or more than 18 hours.

A student leaving the University during a term or semester must report to the dean's of-fice to initiate and process a statement of withdrawal. Otherwise, a grade of failure will be received in all courses.

Under no circumstances may a student be given an examination at an earlier time than that of the scheduled examination. All prerequisites must be completed before the semester in which the student teaching is to be done.

A renumbering system is being instituted this semester. All undergraduate courses have the prefix of T ED (department number 800) and the graduate courses have the prefix of EDUC (department number 801). Old course numbers are noted in this schedule. Students may pick up a copy of the revised program requirements in Educ 130.

Final admission to the Elementary Professional Year Program requires passing minimal competency tests in reading, writing, and arithmetic. These tests are given each fall and spring. See notice in Education 247 for dates of testing.

#### General Information

#### RULES

The requirements and policies of the College and the University are printed in the 1980-81 University of Colorado, Boulder catalog. Every student should become familiar with these requirements as well as with the specific requirements of his major department. Catalogs may be obtained from the Office of the University Registrar. Students should also refer to the section entitled "General Rules" at the front of this Schedule of Courses, which outlines the Standard Grading System, Pass/Fail, Drop/Add, and Withdrawal Procedures. In addition, each Engineering student should have a current copy of the <u>Student Survival</u> Guide. This Survival Guide computed the provides important information relative to the prove <u>Guide</u>. This Survival Guide pamphlet provides important information relative to the rules of the College of Engineering and Applied Science and is available in the dean's office, EC AD 1-1.

Note: BECAUSE OF THE REQUIRED LEAD TIME TO PUBLISH THE UNIVERSITY OF COLORADO CATALOG, CHANGES IN UNIVERSITY AND/OR COLLEGE VUESA AND POLICIES MAY OCCUR IN THE INTERIM. IT IS THE STUDENT'S RESPONSIBILITY TO BE AWARE OF REVISIONS. THIS CAN BEST BE AC-COMPLISHED BY CONSULTING WITH DEPARTMENTAL ADVISERS, CHECKING DEPARTMENTAL BULLETIN BOARDS, AND READING THE LATEST STUDENT SURVIVAL GUIDE AND THE NARRATIVE PRECEDING EACH SEMESTER'S COLLEGE OF ENGINEERING SCHEDULE OF COURSES LISTING.

#### FACULTY ADVISERS

Advising is available through departmental offices and the administrative offices of the College of Engineering and Applied Science, EC AD 1-1. Each student is assigned a de-partmental adviser and should check with the department office to verify the adviser's name. Departmental approval is required to assure that courses will apply toward the de-gree. Transfer students should check with their major department at the time of their gree. Transfer students should check with their major department at first registration for evaluation and acceptance of transfer credits.

#### **General College Policies**

- In the College of Engineering and Applied Science, a student must maintain a cum-umlative grade point average of at least 2.0 for all courses attempted and for all courses that count toward graduation requirements. The Committee on Academic Procourses that count toward graduation requirements. The committee on Academic Fro-gress may require suspension, probation, warning, or mandatory adjustment of academic load and extra-curricular activities for those who fail to meet this requirement. Students on probation must register for and complete a normal load (i.e., 12 hours or more of courses counting toward graduation requirements) the next semester in which enrolled. The schedule for that semester must be reviewed and approved by the faculty member on the Academic Progress Committee from that student's department. Students who have been on probation or suspension at any time in the past will auto-matically be suspended if their cumulative GPA again falls below a 2.0. All courses taken at any campus of the University of Colorado are included in the compilation of the cumulative average.
- 2. Students should enroll for a minimum of 12 hours each semester during the regular academic year, or petition for approval to take fewer hours. Those students who are employed should complete an "Employed Student Report" in the dean's office.
