

# AB Nexus

By expanding research collaborations between the University of Colorado Anschutz and Boulder campuses, the **AB Nexus** will generate knowledge that improves human well-being and spurs innovation and economic development.

## Goals

- ▶ Identify areas of collaboration in biosciences, biochemistry, engineering, arts and sciences, pharmacology and immunology, public health, mental health and other areas
- ▶ Remove existing barriers in administrative processes and promote connectivity
- ▶ Charter individuals and groups to own and accelerate the process of enhanced partnership
- ▶ Drive innovation and research breakthroughs, win more competitive awards
- ▶ Elevate reputation through combined research efforts

## Research Development Support

Both campuses provide tools and resources to promote collaboration

### Connectivity

#### Identify Collaborators

Researcher databases

-  [cudoctors.com](http://cudoctors.com)
-  [experts.colorado.edu](http://experts.colorado.edu)
-  [profiles.ucdenver.edu](http://profiles.ucdenver.edu)

Partnership Specialists

-  [Kristen.Kruszewski@Colorado.edu](mailto:Kristen.Kruszewski@Colorado.edu)
-  [Diane.Ladell@CUAnschutz.edu](mailto:Diane.Ladell@CUAnschutz.edu)

#### Research Workshops

Assistance coordinating research discussions in thematic areas

#### Faculty Recruiting

Support processes to better attract and retain transdisciplinary faculty candidates

### Funding

#### AB Nexus Research Collaboration Grant Program

First cycle - Fall 2020

#### Research Exchange Program

Short-term intercampus rotations to strengthen collaboration and stimulate scholarly initiatives

### Other Resources

#### Proposal Development

Services can include editing, proofreading, project management and rigorous review of joint proposals
