

Research & Innovation Office

We catalyze ideas to transform our future. Together.

CU Boulder's **Research & Innovation Office (RIO)** cultivates and supports collaboration, transformation and leadership in research, scholarly and creative activities.

Research Development

- The **Research Development** team offers tools and resources to help faculty identify opportunities for research, scholarly and creative activities:

🔗 colorado.edu/researchinnovation/rd

Funding

Explore opportunities available through RIO, CU Boulder and external funders.

Proposal Development

Get grant writing support—from ideation to large, multi-disciplinary proposal development.

Faculty Development & Workshops

Get help navigating the process of applying for awards and grants.

Other Resources

Take advantage of the bi-weekly RIO Bulletin, our Broader Impacts Network and more.

- The **Office of Postdoctoral Affairs (OPA)** builds capacity in the next generation of researchers and scholars by providing training and career development opportunities for the CU Boulder postdoctoral community.

Research Administration

Office of Contracts and Grants

OCG provides expertise in proposal preparation and submission, and award negotiation, acceptance, non-financial management and compliance for sponsored projects and external services.

🔗 colorado.edu/ocg

Office of Research Integrity

ORI helps students, faculty and staff involved in research meet regulatory requirements and uphold CU Boulder's commitment to scientific and ethical integrity.

🔗 colorado.edu/researchinnovation/ori

Human Research & IRB

CU Boulder's Institutional Review Board (IRB) protects the rights and welfare of subjects involved in human research conducted by the university's faculty, staff and students.

🔗 colorado.edu/researchinnovation/irb

Office of Animal Resources & IACUC

OAR provides high-quality support for CU Boulder's animal research and teaching missions. IACUC facilitates responsible animal research and oversees the Animal Care & Use Program.

Partnerships & Innovation

Innovation & Entrepreneurship

This campus-wide initiative leverages one of the world's most vibrant startup ecosystems to foster a culture of innovation and high-impact entrepreneurship.

colorado.edu/innovate

Venture Partners at CU Boulder

Venture Partners at CU Boulder (formerly Technology Transfer) unites industry partners, entrepreneurs and investors to help researchers solve problems and improve quality of life worldwide.

colorado.edu/venturepartners

Industry & Foundation Relations

IFR helps faculty collaborate with industry by supporting connections between companies and CU Boulder and cultivating new strategic opportunities.

colorado.edu/industry

AeroSpace Ventures

ASV connects students, researchers, industry and government leaders to conduct research and create commercial opportunities for Colorado's aerospace community.

colorado.edu/aerospaceventures

Grand Challenge

colorado.edu/grandchallenge

Our Space. Our Future. fuses Earth, space and social sciences to address the pace and pattern of changes for our environment, our resources and our planet.

Centers and Institutes

Our **12 research institutes** account for more than half of the sponsored research dollars at CU Boulder:

- ▶ Alliance for Technology, Learning & Society (**ATLAS**)
- ▶ BioFrontiers Institute
- ▶ Cooperative Institute for Research in Environmental Sciences (**CIRES**)
- ▶ Institute for Behavioral Genetics (**IBG**)
- ▶ Institute of Arctic & Alpine Research (**INSTAAR**)
- ▶ Institute of Behavioral Science (**IBS**)
- ▶ Institute of Cognitive Science (**ICS**)
- ▶ JILA
- ▶ Laboratory for Atmospheric & Space Physics (**LASP**)
- ▶ Renée Crown Wellness Institute
- ▶ Renewable and Sustainable Energy Institute (**RASEI**)
- ▶ University of Colorado Museum of Natural History

colorado.edu/research/research-institutes

More than 75 research centers span the campus, covering a broad range of topics. Centers are single or multi-disciplinary units that conduct research, scholarship and creative work, education, and/or leadership and service activities. They are typically organized around the investigation of a specific theme, issue, project or policy topic.
