The RMRDC invites interested researchers to attend our “Proposal Development Workshop” at Colorado State University. The goal of the workshop is to give researchers an overview of: (1) the restricted data resources available for RDC-based research, (2) programs and services available at the RMRDC, and (3) the steps involved in gaining approval for projects using restricted data.

Workshop participation is free and is open to all researchers at Colorado State University and other RMRDC Consortium institutions. Faculty, researchers and doctoral students from all disciplines are welcome.

9:30am–10:15am Session I: Welcome, Overview of RMRDC Programs/Resources

Overview of the national RDC network and research opportunities in RDCs. Review of the resources, programs, and services available at the RMRDC.

10:30am–11:15am Session II: Scouting Economic and Demographic Data

Review examples of RDC projects and how to learn about them. Scouting economic and demographic restricted data available in RDCs.

11:30am–12:15pm Session III: Scouting Health Data and the Health Proposal Process Selection

Review examples of RDC projects and how to learn about them. Scouting health-related restricted data available in RDCs. Overview of preparing proposals to use NCHS data sets.

12:15pm–1:30pm Lunch Break

1:30pm–2:15pm Session IV: Writing Proposals for Projects Using Restricted Data

Review the Census perspective on the RMRDC-Census Bureau collaboration. Developing project ideas. Elements of successful RDC proposals and projects. Preparing/submitting Census RDC proposals. Planning project timelines.

2:30pm–3:30pm Session V: Individualized Project Development and Consultations
