

# INFORMATION SESSION & BRAINSTORMING WORKSHOP

## DESCRIPTION

UNM is a new member of the **Rocky Mountain Research Data Center Consortium**, giving researchers **special access** to national collections of **population, business, and health data**. For R&D Week, join GPS, FRDO, and representatives from RMRDC for an **interactive workshop** to brainstorm social science research questions that could utilize RMRDC data to support your research goals.

## ATTENDEES WILL

### 1. Learn

Learn about data available to UNM researchers through the RMRDC and current research leveraging that data

### 2. Network

Network with other UNM social scientists to explore potential new collaboration opportunities

### 3. Brainstorm

Brainstorm thought-provoking ideas for future research

## WHEN?

Wednesday, November 13, 2024  
12-2pm

## WHERE?

PAIS Building (UNM Main Campus)  
Co-op Room (Rm 2120)

## WHO?

Social science researchers  
interested in population, business,  
health, and/or geospatial studies  
(all levels)

## PIZZA WILL BE SERVED!
