Additional Information

Students may incur late and finance charges for scholarship checks received after the tuition bill due date, available at colorado.edu/bursar. Please be aware of these dates when planning to disburse scholarship funds.

To expedite processing, we will deposit co-payable scholarship checks without the student's signature. However, if by endorsing the scholarship check the student agrees to maintain specific eligibility requirements, please check the box and we will obtain the student's signature prior to processing the payment. **Student Signature Required**

Scholarship Services divides awards of \$1,000 or more equally between fall and spring semesters unless otherwise instructed. Scholarships less than \$1,000 are credited in full to the current semester bill. Scholarship Services will not release funds for students enrolled less than half time (6 credit hours for undergraduates, 4 credit hours for graduates) or students who are not meeting the Satisfactory Academic Progress (SAP) Policy, www.colorado.edu/financialaid/policies, without donor approval.

Scholarship Services will automatically issue a refund to the donor in the event a recipient fails to enroll half time or meet the specified minimum enrollment, withdraws from the University before the third Friday of the current term, or is otherwise ineligible to receive the scholarship payment based on the scholarship requirements. The donor may request a refund if the student withdraws after the third Friday. Scholarship Services will contact the donor in this event.
