

Behavioral Strategies Plan

CU Science Discovery strives to provide a comfortable environment that fosters growth, engagement and fun for all participants. Please let us know if you have strategies or suggestions that could assist Science Discovery staff in providing a positive summer experience for your child.

Participant's Name: _____ Age: _____

Primary Parent/Guardian Name: _____ Phone: _____

Secondary Parent/Guardian Name: _____ Phone: _____

Program Name: _____ Program Dates: _____

Behavioral Condition(s): _____

Do you have any key phrases or frequently used techniques that help encourage your child's cooperation and engagement?

Behavioral and/or environmental triggers (eg. noise levels, unwanted peer attention, stress when transitioning through activities, lighting, seating arrangements, closing of windows or doors, etc.):

What, if any, classroom placement strategies encourage your child to thrive (eg. front/back of room, working in a group/individually, etc)?

What other strategies or information would you like us to be aware of?

Once complete, please submit via email to scidisc@colorado.edu.
