**Fridays, 9:30-10:30 am**

**Instructor:** Xuedong Liu, Xuedong.Liu@colorado.edu

Cell Signaling Journal Club (BCHM-5821) For those who are new to this class/club, we meet regularly on Fridays from 9:30 am-10:30 am in B231 JSCBB. We will have one student/participant to present a research paper of his/her choice and lead the discussions. At the beginning of the semester, I send out a sign-up poll so that you can grab your preferred slot.

Journal Club will review and evaluate literature on subjects of current interest in signal transduction transcription, cell cycle progression, and cell regulation. Primarily for graduate level presentation of special topics by students, faculty, and research staff.
