Taking your research from the bench to the bedside.

**Standard Clinical Services**

- Phlebotomy & Sample Preparation
- Cardiac Monitoring
- Muscle and Fat Biopsies
- Intravenous Catheterization & Infusions
- Oral & Intravenous Glucose Tolerance Testing
Integrative Physiology Core Laboratory Services

- Heart Rate and Activity Monitoring
- Graded Exercise Testing
- Resting Metabolic Rate Analysis
- Maximal Oxygen Uptake
- Body Composition Analysis

Additional Services
- Pharmacy Support
- Physician Assessed Medical History and Physical
- Protocol Support
- Adverse Event Management
- Dietary Record Construction & Analysis
- 24hr on Call Physician

- Please Contact us for our pricing structure and other services that are not listed.

We part of the CCTSI network and supported in part by the Colorado CTSA Grant UL1 TR001082 from the NIH/NCATS.
A Few of Our Supported Studies

• Smoking Cessation, Intramuscular Triglyceride, and Insulin – **Bryan Bergman, Ph.D**, _Endocrinology_

• A New Pharmacotherapy for Alcohol Dependence - **Kent Hutchison, Ph.D**, _Psychology_

• Evaluation of Aortic Input Impedance **Robin Shandas, Ph.D**, _Mechanical Engineering_

• A Functional Investigation of Jin Shin Treatment after Stroke - **Theresa D. Hernandez, Ph.D**, _Psychology_

• Passive Cycling as a Physical Inactivity Countermeasure **James E. Peterman, M.S.**, _Integrative Physiology_

• Light Exposure, Performance, Mood and Metabolism - **Kenneth P. Wright, Ph.D**, _Integrative Physiology_

• Oral Nitrite Therapy to Treat Arterial Aging in Middle-Aged and Older Adults **Douglas Seals, Ph.D**, _Integrative Physiology_

• HIV-1, Insufficient Sleep and Vascular Endothelial Dysfunction - **Christopher DeSouza, Ph.D**, _Integrative Physiology_

• Effects of Midazolam-induced amnesia on ERP correlates of recognition memory **Tim Curran, Ph.D**, _Psychology_

• An Adoption/Twin study of Lifespan Development - **Sally Wadsworth, Ph.D**, _Institute for Behavioral Genetics_

• Quantification of Pain Sensitivity to Controlled Objective Pain Stimuli – **Mark Rentschler, Ph.D**, _Mechanical Engineering_

• Aging, Abdominal Obesity, and Vascular Endothelial Function: Translational Physiology – **Stacy Beske, Ph.D**, _Integrative Physiology_
