# LANGUAGE AND LEARNING DISORDERS ASSESSMENT

During testing, our team uses various formal standardized assessments and informal interviews to help identify concerns and support the family with answering their questions.

The assessments we do are based on the specific interests of the individual/family and any reports from a school or specialist. Our testing primarily focuses on language development and literacy skills, but we are able to provide more testing depending upon the needs of our clients,

This evaluation takes place over the course of three days. The first two days are reserved for testing, and on the third day our team has a 'share meeting' with the family to go over the testing results and answer any questions that you might have.

Cost starts at \$600. Financial assistance available.

Please visit [www.colorado.edu/slhs/clinic](http://www.colorado.edu/slhs/clinic) or call 303-492-5375 for more information and if you would like to be placed on our wait list.
