

New Undergraduate Elective for Spring 2018

Open to ALL Engineering Students

Climate Change & Engineering

Course #: COEN 3210 Tues/Thu 3:30-4:45

Professor R. Steven Nerem (nerem@colorado.edu)

- ✓ The Science of Climate Change from an Engineering Perspective
 - ✓ Understanding the past and present with Observations
 - ✓ Predicting the Future with Climate Models
 - ✓ Possible Impacts of Future Climate Change
- ✓ Engineering Approaches to tackle challenging Climate Change problems
 - ✓ Climate Change and Engineering Careers
 - ✓ Entrepreneurial Opportunities
