Fun things to do in Boulder!

- Plenty of hiking trails, ask us for difficulty levels!
- Pearl St walking mall.

Important to note:

Boulder, CO has a very high altitude and a dry atmosphere. In order to stay safe and enjoy your visit please do the following:

- It's dry and we're closer to the sun, so bring sunscreen and lip balm. Sunglasses and hats are also not a bad idea.
- To avoid altitude sickness, remember to stay hydrated! Carry a bottle with you at all times. There are numerous refill stations around the city.
- Dress in layers, the weather is rather unpredictable.
