Information Guide for Buff Portal

Buff Portal is CU Boulder’s new online portal for students that will replace the student tab in MyCUInfo on December 30, 2019. As part of the Unified Student Experience (USE) project, Buff Portal is a major deliverable in an ongoing campus-wide effort to create a more seamless online and in-person experience for students. Buff Portal is the one-stop-shop that brings the currently fragmented online student experience into one central location.

The design and development of Buff Portal has been accomplished through extensive collaboration with students, business offices and academic units across campus.

MyCUInfo CU Resources and Teaching Tools will still be used by students for student employee and teaching purposes, and may be accessed through Buff Portal.

Features

Student-friendly features of Buff Portal include:

- Desktop/laptop, tablet and mobile friendly
- Clean and simple layout and navigation
- Quick access to student ID through profile information
- Ability to export class schedule to a personal calendar
- Integration of campus map links, links to Canvas courses, and instructor emails within the class schedule
- Step-by-step registration checklist
- Easy to view grades and GPA
- Consolidated list of textbooks and course materials with a direct link to the CU bookstore
- Easy to find final exam schedule
- Ability to search for information and links to all other CU resources (clubs and organizations, education abroad, parking, etc.)
- Features to be released soon (see timeline below).

When will Buff Portal be available to students?

Buff Portal beta is currently live, with many students using it since Spring 2019. Students will completely transition to Buff Portal when MyCUInfo’s student tab is retired on December 30, 2019. Incoming students for spring 2020 will start using Buff Portal in October.
How to access Buff Portal

Students can access Buff Portal at buffportal.colorado.edu using their CU IdentiKey credentials.

Support

- Technical help: contact the IT Service Center at 303-735-4357 (5-HELP) or help@colorado.edu.
- General questions: contact the project team

Policy

To achieve integrated and unified services for students, the university has established a policy to ensure continued support in unifying the student experience.
