**Context and Objectives**

The project proposal's objectives are clearly positioned within the "bigger picture" of the disciplinary frame or wider context.

**Methodology and Strategy**

for Assistantships:

The project proposal clearly demonstrates the student has or will acquire the skills and training required to conduct the project.

OR

for Individual Grants:

The project proposal clearly explains the methodology and/or strategy to achieve meaningful outcomes and objectives.

**Scale and Scope**

The project proposal achieves meaningful learning outcomes in the award period without interfering with regular coursework and extracurricular obligations, including a timeline of activities.

**Relevance**

The project proposal advances the student's academic goals and/or professional aspirations.

Not applicable to Assistantships:

**Resources and Materials**

The project proposal makes thoughtful, efficient use of available resources.

Not applicable to Assistantships:

**Originality and Creativity**

The proposal demonstrates originality of thought and creativity in approach and project design.
