Education Abroad Certification Form

Student Name: ____________________________ Student ID: ________________

Students wishing to utilize VA benefits for Education Abroad coursework must provide confirmation of program start and end dates and total credit load, and must take courses applicable to their degree. This form is required for accurate certification of benefits through the Office of Veteran Services.

Note: Students who do not provide this form may not be certified for benefits until completion of the study abroad program and submission of a final transcript to the Office of Veteran Services. Students who complete fewer credit hours than indicated on this form will have an adjustment made to their original certification request, and may be subject to debt letters from the VA. Students must notify the Office of Veteran Services of changes to their credit load if schedule changes occur in the first weeks of the term.

*I understand that the VA is only going to pay the credit hour equivalent as if I were physically attending at CU Boulder, and this amount may not cover the full cost of the Education Abroad program.
